Sir,
 With reference to S.O. dated 26th March
 1897 No. 676 M. I have the honor to inform
 you that the Budget Review was laid before
 the Council at their last meeting and I have
 been desired to address the Government as
 follows:— with reference to the several points.

Para 2 (2) The iron latrines proposed
 to be prepared those that are available from
 Richardson and Orudhar Bombay. They
 are known as Harbut's patent Privies. The
 value estimated is Rs. 100 for a latrine of
 10 seats. This was recommended by the
 Sanitary Commissioner in his inspection

notes for 1894 embodied in S.O. dated 29th October
 1895 No. 1789. The plan and estimate will be
 submitted to the Sanitary Engineer for approval.

The question of establishing a permanent
 masonry Chola shed for the existing thatched
 ones will be considered later on with reference
 to the remarks of the Collector and the
 Sanitary Commissioner.

Para 4 (3) The Council in considering the
 remarks on the educational portion of the Review
 deemed it advisable, so far as the salaries of the
 teachers of the High Schools are concerned to
 raise the alternative scale proposed by
 Government to that recommended by the Director.
 The scale now adopted by the Council is as
 follows and will be considered as a permanent
 scale of salary of the teachers of the High
 Schools and will be allowed from 1st April in
 anticipation of sanction.

Year

Year. The Council has resolved
 a Drawing Master as proposed by Mr. Off and
 and the services of one will be drawn out, the
 no opening of the School after the Mid summer
 Vacation. The Contingencies will remain as
 originally allotted by the Council viz Rs. 110.
 The additional sum of Rs. 120 proposed by the
 Director will have to be met out of the savings
 of the High School for Library Allowances
 and other Contingent Charges after ascertaining
 the actual net income of the Institution
 for the current year.

The Government in their order dis-
 - approved of the additions to and alterations
 in the establishments of the Salary Result
 Schools referred to in my letter. They point
 out that, of the two additional teachers proposed
 one may be sanctioned as the Master was already
 temporarily employed to the High School during
 the absence of the Head Master of High School
 during 1896-97 owing to the increase in the
 strength of the institution, the present establishment
 not being sufficient to cope with the work as
 represented by the Head Master of High School
 in his letter recommending the additional Master.
 The revision in the establishment as per proposition
 statement for 1897-98 for the permanent appointment
 of the incumbent from 1st April. If under the
 orders of Government the one additional Master
 is dispensed with, the institution will turn out
 to be a failure and the results will be very

musical factory. This Master is now retained
 the hope Government will sanction the addition
 the interests of the Institution and to the benefit
 the Nat. prayers. The subject of opening a
 School for Mahomedans will be reported up
 after the Director has been asked to forward the
 necessary papers in connection with the same.
 In the meanwhile the increase proposed to the
 Moplah School Establishment as per margin
 may be allowed to be drawn in consideration of
 prosperous condition of the institution and to
 benefit the Moplah Community deriving owing
 to the very good work done by the staff amongst
 Naco who do not seem to appreciate education
 much.

Para 4 Grant 3. The Council further respectfully
 requests Government to consider the order dis-
 approving of the increase to the Salaries of the
 Hoofthal Clerk and Peon, and the Sanitary
 Overseer and Inspector, as the subordinates
 are really deserving men in consideration of the
 work done by them and being very low paid servants
 of the Municipality.

The several alterations and additions made
 in the figures of the Budget have been adopted & the
 necessary corrections made.

Yours most obedt. Servt.
