Chairman, Municipal Council, Delegate.

To

The Chief Secretary to Government
Local & Municipal Department
Madras.

Sir,

In forwarding herewith the resolution of the Council dated 29th March 1897, 23 resolving to dispose of the Municipal Conservancy carts and bullocks and to hire carts as had been done till last year, I have the honor to request you will be so good as to obtain the sanction of the Government for the same for the following reasons.

1. Owing to the failure of rains last year, the crops failed and hay & horsegram have in consequence become very dear.
2. The amount provided for in the current year's Budget is Rs 110/- and it is feared that this amount will not be sufficient if prices continue to rule at the high rate at which they have been ruling.
3. The late Chairman used to keep them in his own office (Sub Registrar's). There is no proper place attached to the Municipal Office to shelter the cattle and keep the carts in and it is not therefore practicable to exercise supervision over the cartmen in feeding the cattle or otherwise taking care of them.

The Municipality used to hire two carts at Rs 10/- each per month and the private cart men now demand the same amount and I do not think it is too much in consideration of the present season being bad.

I have the honor to be,

Sir

Your most obedient Servant

H.B. Natchalam

Chairman, M. C.

IV The Chairman Delegate suggests that owing to the Municipality not possessing either a shed or a place to keep in the Conservancy carts & bullocks and owing to the allotment set apart for the Conservancy charges for 97-98, being, as it appears, quite insufficient to feed the animals alone with gram and hay which are being sold at a very high rate by the failure of crops & by the prevalence of famine throughout the whole District that the carts as well as the bullocks, which are now in a very weak condition be disposed of and that the former system of using rented carts & bulls be recommenced. In anticipation of the sanction of Government the Council unanimously resolved to dispose of Conservancy Carts & bullocks and to adopt the former system.
