No 144

Municipal Office, Guntur
Dated 30 April 1897

LOCAL & MUNICIPAL DEPT.
C.N. 20194

For the receipt of
M.R. P. Venkatakrishnaiah, Chairman, Municipal Council, Guntur

The Secretary to Government,
Local and Municipal Departments,
Madras

(The Divisional Officer, the Collector, Kistna)
I would be glad to submit a copy of a resolution
of the Municipal Council adopted at its meeting held
on the 17th instant, have the honor to state that the
proposals referred to are based on the following
grounds:

1. The first recommendation is for
entertainment of an additional bill collector on Rs. 7 per
annum, I beg to state that there has been a great
increase in the collections owing to the steady growth
of the revenue in the Municipality. The four bill collectors
who are at present employed have been found unable
to cope with the work.

2. The second recommendation is for
the grant of a horse allowance of Rs. 15 per annum to the
Public works overseer, which should be paid on the
understanding that he to maintain a pony and actually
uses it for his work.

3. The third recommendation is for
the required allotment of funds for the above purposes.
I beg to state that the same are sanctioned.

I am, Sir, very respectfully,
Your obedient servant,
The Secretary to Government,
Local and Municipal Departments,
Madras

For the receipt of

was withheld because the Collector had assumed
that it was not to him unnecessary. If he had called
upon the Council to state its reasons for the proposal,
it would have done so and the Collector would then
have made its reasonableness & would have been
able to give his support. But as it is, the Collector
is in a position to refuse a proposal, but in view of the
state of the finances of this Municipality, the Government
will be pleased to sanction the additional Collector
so much needed.

2. The Bill Collector forms a part of the established
municipal body (the Council) under the Municipalities Act, 1873.
Under this grant, amounting to the sum of Rs. 10,000 per
annum, only 5 per cent of the ordinary receipts against the
limit of Rs. 10 per cent fixed by Government. Even after
taking the salary of the proposed Bill Collector into
account, the expenditure falls far short of the
limit permitted. On this score, therefore, there can
be no objection taken against the proposal.

3. Concerning the second recommendation, that
is, the grant of horse allowances to the Works Officer,
the Municipal Council has been informed that his itinerant work has
increased. When he was first introduced, there were
only 17 miles of road to be looked after by him
against 43 at present. Now the extent of the town
was

was only 2 square miles, now it is 12 square miles. The Council had noted many other things at present, all requiring the personal attention of the Works Manager. Besides these, the officer has to report on the condition of the tanks, with which within this Municipality he has to take such steps as will ensure their proper state; he has to draw site plans, has to prepare estimates, and has a good deal of miscellaneous duties to discharge. He is also involved in a constant attendance in the town, which he has to do at present on foot as he is in a position to maintain a horse for want of allowance. Such daily attendance on foot which is a very nature of his work absolutely calls for is not only enervating him but is leaving very little leisure in the day for him to discharge his duties efficiently and expeditiously. The Council are therefore of unanimous opinion that if should be expected to show a good return of work everyday it is highly desirable that he be granted horse allowance of Rs 15 per mensem. In the above circumstances, I request
