LOCAL AND MUNICIPAL DEPARTMENT.

Current No. 3199 h + 3305 h of 1896.

From the Chairman, Municipal Council, Tanjore and from the Sanitary Commissioner.

FOR ORDERS.

The Sanitary Commissioner having in his notes on the last inspection of the Tanjore Municipality, remarked that the registration of vital statistics was being perfunctorily conducted in that town, the municipal council was asked to state what steps it proposed to take for improving it. In the first of the letters read above, the council proposed to employ, in addition to the existing registrar on Rs 15 per mensem, six sub-registrars on Rs 8 each, one for each of the six wards in the municipality, in lieu of three existing men on Rs 10 each. The Sanitary Commissioner, who was consulted in the matter, is opposed to reducing the sub-registrars' pay, but suggests the employment of three sub-registrars on Rs 15 each, with a peon on Rs 6 attached to each of them, and the abolition of the registrar's appointment on

on Rs 15, as his work which consists chiefly of registering results obtained by the sub-registrars, might be transferred to the Head office by giving one of the clerks in it a special allowance of Rs 5 monthly. The registration staff proposed to be employed by the council and that recommended by the Sanitary Commissioner are compared below:-

| Council's proposal.                 | Sanitary Commissioner's recommendation.                      |
|-------------------------------------|--------------------------------------------------------------|
| 1 Registrar on Rs 15                | Allowance to the Registration clerk in the Head office Rs 5. |
| 6 Sub-registrars on Rs 8 each Rs 48 | 3 Sub-registrars on Rs 15 each. . . Rs 45                    |
| Total cost Rs 63                    | 3 Peons on Rs 6 each ,, 18                                   |
|                                     | Total cost Rs 63                                             |

The proposed reduction in the salary of the sub-registrars does not appear to be desirable. The rate of salary (Rs 15) proposed by Dr. King is more than that paid in any other big municipality, except Bellary and Calicut, having at least as large a population as Tanjore, and it is doubtful whether the additional work of registering results obtained by the sub-registrars can be thrown on the Head office without causing some inconvenience. The scale of registration staff employed in Tanjore is compared below with that employed in the <sup>bigger</sup> municipalities above referred to:-

| Municipality | Population | Establishment.                                     |
|--------------|------------|----------------------------------------------------|
| 1. Tanjore.  | 54,390.    | 1 Registrar on Rs 15.<br>3 Sub-registrars on Rs 10 |

| Municipality.   | Population. | Establishment.                                       |
|-----------------|-------------|------------------------------------------------------|
| 2. Negapatam    | 59,221      | 1 Registrar on Rs 10<br>4 do on ,, 8<br>4 do on ,, 7 |
| 3. Bellary      | 59,467      | 2 Registrars ,, 17½<br>3 Peons ,, 7                  |
| 4. Calicut      | 66,078      | 1 Registrar ,, 16<br>2 Peons ,, 6                    |
| 5. Salem        | 67,710      | 3 Registrars ,, 12                                   |
| 6. Madura       | 87,428      | 4 Registrars ,, 10                                   |
| 7. Trichinopoly | 90,609      | 8 Registrars ,, 10                                   |

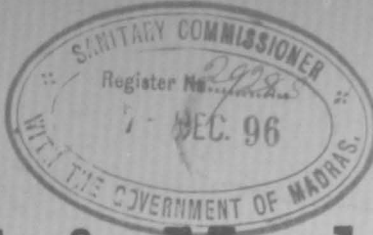

It will be seen from the above statement that there is no uniformity in the number and pay of the registrars employed by the several municipalities. A proposal made by the Surgeon-General that the number of the municipal registrars should be calculated with reference to the population and area of the municipal towns, has been referred, in para 2 of G.O. No. 2132 L., dated 12th November 1896, to municipal councils for report. It is therefore submitted that no action need be taken in the present case until final orders are passed on this proposal. The unsatisfactory work done in Tanjore is evidently due to want of proper supervision over the registration staff and the council may be informed that it will be sufficient for the present if strict control is exercised over those entrusted with the work.

*1896. Brundage 2 prefer the S.C. proposals as the only way then seems three intelligent men instead of one. But as suggested above the qd may be deferred till the Council of the Union to the 10. of 12/1/96.*

*men on Rs 8 are practically peons: while men on Rs 15 shd. at any rate have the intelligence of lowerclass clerks*

With reference to para 3 of G.O. No. 1634/M dated 23<sup>rd</sup> September 1896, I have the honor to enclose for the information of Government copy of a resolution passed by the Council on the 18<sup>th</sup> Instant.

2. There are only three Sub Registrars of Births and Deaths for the whole Municipality now, and the Council proposes to increase the establishment by providing one Sub Registrar for each of the six wards of the Municipality from 1<sup>st</sup> January 1897. Each Sub Registrar will be ordered to go round his ward every day with a view to finding out all unreported cases. The Council trusts that by the proposed arrangement better

results

results will be obtained.

3. It will be noted that the Council thinks that Rs 8 a month will be ample pay for the work which a Sub Registrar will have to perform.

4. A proposition Statement and an application for allotment of funds to meet the increase involved in the proposed arrangement are herewith submitted for sanction.

5. I have the honor to request early orders on the Subject so that the new arrangement may be brought into operation on the 1<sup>st</sup> January 1897.

I have the honor to be,  
Sir,

Enclosure.

SIR,

With reference to endorsement No. 1460 dated 5<sup>th</sup> December 1896, I have the honour to state that I regard the organization suggested by the Tanjore Municipal Council as undesirable.

2. My experience in Municipalities where men of the poor class (which the so-called Sub-registrars on Rs 8 would be) is that they do not scruple to make an appearance of activity, by crediting births to persons who have for years been childless. The work requires a certain amount of honesty, which must be paid for accordingly. Far from reducing the Sub-registrar pay, therefore, I would advise that

entertain men who would accept  
Rs 15. These men should have three  
offices situated in three fairly  
divided parts of the town, and  
their work should be supplemented  
by their having attached to them one  
peon each on Rs 6. The work of  
the Chief Registrar, which would  
consist simply of registering re-  
sults obtained by the Sub-Registrars  
and issuing occasionally certificates  
after search, might be met by giving  
one of the existing clerks in the  
Head Office a special allowance of  
Rs 5, monthly. Under this arrange-  
ment, I believe more efficiency -  
would be obtained for the money  
than on that proposed by the  
Chairman.

3. The staff would, therefore, be  
as follows:-

|                                               |              |
|-----------------------------------------------|--------------|
| Registration Clerk. Head Office (allowance) - | Rs 5         |
| 3 Sub-Registrars on Rs 15 each                | — 45         |
| 3 Registration peons on Rs 6 each             | — 18         |
| Total                                         | <u>Rs 68</u> |

I have the honour to be,  
Sir,  
Your most obedt Servant
