Municipal Budget.

Reviewing the Anantapur — for 1897–98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From M.R.Ry. P. ADIMURTI RAO Garu, Chairman Delegate, Municipal Council, Anantapur, to the Secretary to Government (through the Collector of Anantapur), dated 19th December 1896, Ref. on Current No. 410.

I have the honour to submit herewith the budget estimate of the Anantapur Municipality for the ensuing official year, together with the prescribed statements and a copy of the Council's proceedings of this date passing the same.

Revised Estimate for 1896–97.

I.—Receipts.

2. Including the opening balance of Rs. 1,145, the total receipts as per revised estimate aggregate to Rs. 16,280 against Rs. 20,310, the amount of the sanctioned budget.

3. The items under which remarkable variations occur are explained fully in the remark column of the revised estimate.

II.—Expenditure.

4. The charges according to the revised estimate amount to Rs. 15,310 against the budget estimate of Rs. 20,010. Reasons for variations calling for remarks are given in the remarks column of the revised estimate.

Budget Estimate for 1897–98.

Receipts.

5. The income for the ensuing year, inclusive of the opening balance of Rupees 970, is estimated at Rs. 21,380 against the current year's budget estimate of Rupees 20,310 and the revised estimate of Rs. 16,280.

6. The items under which large variations, as compared with the revised estimate, are expected to occur are explained below.

7. *Tax on Buildings.*—An increase of Rs. 200 is expected next year as the Police office building would be completed before next March and the taxes on buildings now under improvement will be revised next year.

8. *Tax on Animals.*— The usual income under this head is Rs. 350 as expected for next year. The revised estimate shows a falling off of Rs. 50 due, as remarked in statement VI, partly to large mortality in agricultural cattle and partly to some cattle having been sent away to villages where fodder is available cheap. On the expectation of a favourable season, last year's income under this head is expected for the ensuing year also.

9. *Tax on Carts.*—The remarks made in the preceding paragraph apply to this also.

10. *Tolls.*—The decrease of Rs. 130 compared with the revised estimate is probable seeing that the contractors of the current year have sustained some loss though, partly, it may be due to lack of supervision.

11. *Sale-proceeds of old Materials, &c.*—The usual provision of Rs. 30 is repeated as there are no extra articles for sale as in the current year, and the income expected will be only from the sale of empty kerosine-oil tins and packing cases.

12. *Fees from Educational Institutions.*—The figure is based almost on the actuals of the preceding year and the small increase of Rs. 44 over that year's is probable as a large number of admissions into the primary department is expected next year when the working of all the standards of this department will be rendered thoroughly efficient by the appointment of a separate qualified teacher to the second standard, which and the third standard are now managed by a single hand.

13. *Income from Markets.*—The slight decrease of Rs. 20 expected next year is due to some local merchants making provision to expose things for sale in their own shops on market days instead of resorting to the market for the purpose as heretofore.

14. *Cart-stand Fees.*—The increase of Rs. 5 is too small to call for any remarks.

15. *Fines under Municipal and other Acts.*—Under G.O., No. 1460 M., dated 2nd September 1896, the fines imposed by the Bench Magistrates are now being credited to Government and at the close of the year any surplus left after meeting from it the pay of the Bench clerk (Rs. 10 per mensem) will be transferred to municipal funds. It is not known how much that would be, and if at all there be any, it may be something trifling. Nothing is therefore put down under this head.

16. *Grants from Local Boards*—(i) *Medical.*—The increase of Rs. 180 above the revised estimate is due to larger expenditure expected to be incurred next year for the hospital.

(ii) *Other purposes.*—The building of a new municipal hospital—a subject under contemplation for some years—is still under correspondence. The council regrets that this important matter has thus to be postponed and requests that Government will be pleased to dispose of the matter at their early convenience. The amount of grant expected from the district board for this purpose is, as usual, eliminated from the revised estimate and repeated for the ensuing year as is the case also with Rs. 2,480 expected from the sale of the Government securities.

Expenditure.

17. The charges for the ensuing official year are estimated at Rs. 20,380 against Rs. 15,310 and 20,010, the amounts of the current year's revised and budget estimates, respectively. Such items as exhibit remarkable variations compared with the revised estimate are explained below.

18. *Grant 1, New Buildings.*—The usual provision of Rs. 5,000 for building a municipal hospital is repeated.

19. *Communications—Repairs.*—The allotment under this head represents a moiety of the expected net receipts from tolls. As the roads are in a good condition and may require only petty repairs, nothing more than the allotted sum will have to be spent on them, though by chance the actual receipts from tolls may exceed the estimate.

20. *Buildings—Repairs.*—For the ensuing year also Rs. 800 is allotted. Of this, Rs. 250 is intended for repairing the municipal building at present occupied by the municipal high school, to which this office has to be removed as soon as the school is shifted to the new building which has almost approached completion; Rs. 500 for roofing three latrines for females; Rs. 20 for repairing the municipal store-room; and Rs. 30 for sundry repairs to the municipal hospital.

21. *Repairs to water-supply.*—Rs. 100 is expected to be spent next year, of which Rs. 20 will be allotted for building a parapet wall and platform to Gangakesannah's well and Rs. 80 for heightening the parapet wall of Garabhavi and constructing a channel there to carry off waste water to the fields close by. Rs. 10 under contingencies is required for providing pulleys to and placing sign boards at some wells.

22. *Establishment.*—Rs. 60 is provided to pay the Sanitary Inspector a monthly allowance of Rs. 5 for looking after the public works. Till the close of 1892–93, there was an overseer on Rs. 25 for public works and he was supervising conservancy on an additional remuneration of Rs. 10 per mensem as horse allowance. In 1893–94 the Council in view to having two separate hands for these two distinct branches of

work, proposed the entertainment of one for public works on Rs. 20 and another for conservancy on Rs. 25. But before the system could be introduced the council had found itself under financial pressure and abolished the first-named appointment giving away the public works for contract. The contract work was found to be more expensive as the schedule rates had to be allowed; neither was the work satisfactorily executed, and consequently the old system of managing the work departmentaliy was resumed last year which necessarily devolved upon the sanitary inspector again the old double duty for which he rightly claims an additional remuneration. The council proposes to grant him an allowance of Rs. 5 per mensem for this work.

23. *Grant 2, Stipends to Normal Students.*—It was proposed to send the first assistant of the Municipal high school for training this year and Rs. 180 allotted for the purpose. The amount does not find place in the revised estimate as he was exempted by the Director of Public Instruction for one year. The provision is repeated for the ensuing year when he will be sent for training unless he is exempted as in the current year.

24. *Municipal School on Salary System—Establishment.*—The allotment under this head exceeds the sanctioned cost of the establishment in the current year by Rs. 260 since the council proposes (1) to appoint a trained teacher on Rs. 12 per mensem to the second standard of the primary department as recommended by the Director of Public Instruction; (2) to allow the maximum pay of Rs. 30 to the fourth assistant to whom Government was pleased to sanction an increment of Re 1 on the motion of this council, on the ground that he well deserved encouragement (*vide* G.O., Mis. No. 556 M., dated 27th March 1896); (3) to appoint newly a servant on Rs. 4 to the new school building to clean and watch it at nights.

25. *Contingencies.*—As much of the required furniture has been supplied to the school in the current year, the charges under this head are expected to be less than the current year's by Rs. 60.

26. *Results Grants.*—There is a decrease of Rs. 100 compared with the revised estimate and it is due to a results school having ceased to exist.

27. *Grant 3, Hospital—Establishment.*—The increase under establishment is due to provision being made for payment to the hospital assistant of the telugu allowance of Rs. 2 per mensem for the whole year, whereas in the current year it has been made only for five months commencing from October 1896.

28. *Medicines and supplies, &c.*—The increase of Rs. 150 over the current year's allotment under "medicines" is necessary as the number of patients is day by day increasing, while that of the same amount under "diet" is due to more admissions in the in-patients.

29. *Vaccination—Establishment.*—In the current year there is no expenditure under this head as the municipal vaccinator is placed in charge of the local vaccination depôt of the district board and is looking after the municipal work also without extra remuneration. For the ensuing year, his full pay is allotted for expecting his relief by the district board next year.

30. *Death and Birth Registration Establishment.*—The death and birth registrar is an old servant of the municipality, who has always done his work satisfactorily. He knows English and maintains the registers in that language. The registration work has much improved since his appointment to the post. The council, therefore, proposes that he may be granted an increase of Re. 1. His case deserves gracious consideration at the hands of Government.

31. *Conservancy, &c.—Establishment.*—There is an increase of Rs. 60 under conservancy and Rs. 10 under private scavenging due to the proposal of granting an increase of 4 annas in the pay of the scavengers and sweepers 25 in number. Owing to the fall in the price of food-grains living has become very costly and consequently labour very dear. These servants struck work and it was found absolutely impossible to get substitutes for them, as people of their caste who alone undertake such duties in these parts are but few and far between in this town and its neighbourhood. They have, therefore, been brought to work on promise of being given the proposed increase.

The Chairman while recommending the increase proposes to reduce the number of sweepers by 2. The council is of opinion that, if the latter proposal were carried out, the sanitation of the town will suffer.

32. *Contingencies.*—The night-soil cart has been thoroughly repaired this year, so all that are required for next year will be ordinary contingencies for which Rs. 50 is considered sufficient.

33. *Grant 4, Lighting—Contingencies.*—The allotment of Rs. 300 under this head is made up of Rs. 240 for kerosine-oil, &c., and Rs. 60 for substituting iron rail posts in place of five wooden posts which are almost rotten and quite shaky.

34. *Public Garden Establishment.*—The establishment sanctioned for the Jubilee Park consists of two gardeners—one on Rs. 6 and the other on Rs. 4—which costs Rs. 120 a year. The revised estimate falls short of this amount by Rs. 30, as the post of the head gardener is vacant since the 1st instant and is not probably to be filled up in the current year as there is no competent hand available here and as the post of the second gardener was vacant for three months. The well in the park is in ruins for want of rains, other sources of irrigation have failed and consequently almost all the plants have decayed. The council therefore considers it a waste of money to maintain the aforesaid establishment and propose that only one gardener on Rs. 5 will be quite sufficient, which accounts for the decrease of expenditure under this head for the ensuing year.

For the same reasons only Rs. 10 is allotted for contingencies.

35. *Rewards for destruction of wild animals, &c.*—The use of strychnine for destroying dogs has been ordered by Government to be discontinued and as the alternative means will be to kill them by clubs, a remuneration of 3 annas for a bitch and 2 annas for a dog must be paid to the destroyer, which accounts for the increase under this head.

36. *Printing.*—The decrease of Rs. 50 is due partly to the cheap rates at which the proceedings are now got printed and partly to the brevity observed in writing the subject matter of papers for council's disposal.

37. *Office Establishment.*—In 1893 when the municipal records, account books, &c., were left in a chaotic condition by reason of several defalcations that took place in the course of which many important municipal records were tampered with in view to obliterate all traces of crime, the appointment of an efficient and trustworthy person to the manager's post in whom the whole responsibility of the municipality concentrates was highly necessitated, and the present manager K. Appa Rao, an old matriculate of the northern country, who was in Government service, was appointed on the promise of good encouragement. Fortunately he has filled the post very honestly and has done all that was expected of him towards the improvement of the municipal affairs. The permanent Chairman, Surgeon-Major H. M. Hakim, also, in consideration of Appa Rao's efficiency and honesty and the punctuality and correctness with which he maintained and submitted all accounts, reports, &c., moved the council to encourage him by giving an increase of pay, and the council, fully alive to the importance of having a competent and trustworthy manager, concurs with him and resolves to increase by Rs. 5 Appa Rao's pay next year, which accounts for the increase under this head, and requests that Government may be pleased to sanction the same. In this connection the council also begs to submit that, inclusive of this increase, the total expenditure under Grant 5 comes up to Rs. 1,190, while Rs. 1,400 represents the limit of 10 per cent. of ordinary receipts prescribed by Government for expenditure under Grant 5.

38. *Office Contingencies.*—The increase in the allotment under this head is necessary for the purchase of furniture required for the use of the council. Chairs are now borrowed here and there on meeting days and much difficulty is in consequence being felt.

39. *Repayment of debt.*—At the end of the current year there would remain only Rs. 50 to be repaid to the district board out of Rs. 2,000 received from them as contribution towards the erection of a new school building, and this amount is allotted for payment next year.

40. A proposition statement for the alterations proposed in the scale of establishments is herewith submitted.

C. No. 4052.

Submitted.

23*rd December* 1896. (Signed) K. C. MANAVEDAN RAJA,
Acting Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 11th January 1897, No. 294.

Adverting to the budget estimate of the Anantapur Municipality for 1897–98, I have the honour to state that the provision therein made for education may be accepted with an addition of Rs. 100 to the allotment for results grants, as the results school closed last year may be revived. Even with this addition the net expenditure under Grant 2 will be Rs. 690 (5,590—4,900) or less than 9 per cent. of the estimated income from taxation, markets and rents.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Trichinopoly, 12th January 1897, No. Tour 3—8.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Anantapur Municipality for the year 1897–98 is sufficient and calls for no further remarks.

ORDER—No. 137 M., dated 2nd February 1897.

REVISED ESTIMATE FOR 1896–97.

2. The current receipts and charges are now put down at Rs. 15,140 and Rupees 15,310, respectively, against Rs. 19,950 and Rs. 20,010 anticipated in the sanctioned budget. The decrease in the receipts occurs mainly under "Contributions from local boards" and "Sale-proceeds of Government securities" and that in the charges under Grant 1. The collections under the tax on lands during the first eight months of the year were not satisfactory. The contribution for the Central office establishments will be raised from Rs. 80 to Rs. 100, with reference to G.O., No. 2391 L., dated 17th December 1896. The balance to be carried over to the ensuing year's budget will then be Rs. 870.

BUDGET ESTIMATE FOR 1897–98.

3. *Receipts.*—The receipts are estimated at Rs. 20,410 against the revised estimate of Rs. 15,140, the increase appearing chiefly under "Contributions from local boards" and "Sale-proceeds of Government securities." The attention of the Judicial Department will be drawn to paragraph 16 (ii) of the Chairman's letter regarding the construction of a hospital building at Anantapur.

4. *Charges.*—(1) The probable charges are entered as Rs. 20,380 against the revised estimate of Rs. 15,330, the increase being most marked under Grant 1.

(2) *Grant 1.*—The council's proposal to grant an allowance of Rs. 5 per mensem to the sanitary inspector for looking after the public works is approved.

(3) *Grant 2.*—The additions to, and alterations in, the educational establishments proposed in paragraph 24 of the Chairman's letter cannot be sanctioned for want of funds. The Director's suggestion to raise the allotment for result grants from Rs. 200 to Rs. 300 must also be disallowed for the same reason.

(4) *Grant 3.*—The increase of one rupee in the salary of the death and birth registrar, and of four annas each in that of the scavengers and sweepers proposed in paragraphs 30 and 31 of the Chairman's letter is approved, subject to the remarks of the Sanitary Commissioner. A sum of Rs. 280 will be provided for possible charges connected with the bubonic plague with reference to G.O., No. 1985 M., dated 18th November 1896.

(5) *Grants 4 and 5.*—The appointment of a gardener on Rs. 5 for the Jubilee Park instead of the existing two men on Rs. 6 and Rs. 4, respectively, is sanctioned; but the proposed increase of Rs. 5 to the manager's pay cannot be approved, as he is, in the opinion of Government, already sufficiently well paid. The contribution for the Central office establishments will be raised from Rs. 80 to Rs. 160, with reference to G.O., No. 2391 L., dated 17th December 1896.

5. The budget, as revised by Government, closes with a balance of Rs. 810 or only 4·0 per cent. of the estimated receipts.

FEBRUARY.

Municipal Budget.

Reviewing the Anantapur — for 1897-98.

work, proposed the entertainment of one for public works on Rs. 20 and another for conservancy on Rs. 25. But before the system could be introduced the council had found itself under financial pressure and abolished the first-named appointment giving away the public works for contract. The contract work was found to be more expensive as the schedule rates had to be allowed; neither was the work satisfactorily executed, and consequently the old system of managing the work departmentally was resumed last year which necessarily devolved upon the sanitary inspector again the old double duty for which he rightly claims an additional remuneration. The council proposes to grant him an allowance of Rs. 5 per mensem for this work.

23. *Grant 2, Stipends to Normal Students.*—It was proposed to send the first assistant of the Municipal high school for training this year and Rs. 180 allotted for the purpose. The amount does not find place in the revised estimate as he was exempted by the Director of Public Instruction for one year. The provision is repeated for the ensuing year when he will be sent for training unless he is exempted as in the current year.

24. *Municipal School on Salary System—Establishment.*—The allotment under this head exceeds the sanctioned cost of the establishment in the current year by Rs. 260 since the council proposes (1) to appoint a trained teacher on Rs. 12 per mensem to the second standard of the primary department as recommended by the Director of Public Instruction; (2) to allow the maximum pay of Rs. 30 to the fourth assistant to whom Government was pleased to sanction an increment of Re 1 on the motion of this council, on the ground that he well deserved encouragement (*vide* G.O., Mis. No. 556 M., dated 27th March 1896); (3) to appoint newly a servant on Rs. 4 to the new school building to clean and watch it at nights.

25. *Contingencies.*—As much of the required furniture has been supplied to the school in the current year, the charges under this head are expected to be less than the current year's by Rs. 60.

26. *Results Grants.*—There is a decrease of Rs. 100 compared with the revised estimate and it is due to a results school having ceased to exist.

27. *Grant 3, Hospital—Establishment.*—The increase under establishment is due to provision being made for payment to the hospital assistant of the telugu allowance of Rs. 2 per mensem for the whole year, whereas in the current year it has been made only for five months commencing from October 1896.

28. *Medicines and supplies, &c.*—The increase of Rs. 150 over the current year's allotment under "medicines" is necessary as the number of patients is day by day increasing, while that of the same amount under "diet" is due to more admissions in the in-patients.

29. *Vaccination—Establishment.*—In the current year there is no expenditure under this head as the municipal vaccinator is placed in charge of the local vaccination depôt of the district board and is looking after the municipal work also without extra remuneration. For the ensuing year, his full pay is allotted for expecting his relief by the district board next year.

30. *Death and Birth Registration Establishment.*—The death and birth registrar is an old servant of the municipality, who has always done his work satisfactorily. He knows English and maintains the registers in that language. The registration work has much improved since his appointment to the post. The council, therefore, proposes that he may be granted an increase of Re. 1. His case deserves gracious consideration at the hands of Government.

31. *Conservancy, &c.—Establishment.*—There is an increase of Rs. 60 under conservancy and Rs. 10 under private scavenging due to the proposal of granting an increase of 4 annas in the pay of the scavengers and sweepers 25 in number. Owing to the fall in the price of food-grains living has become very costly and consequently labour very dear. These servants struck work and it was found absolutely impossible to get substitutes for them, as people of their caste who alone undertake such duties in these parts are but few and far between in this town and its neighbourhood. They have, therefore, been brought to work on promise of being given the proposed increase.

The Chairman while recommending the increase proposes to reduce the number of sweepers by 2. The council is of opinion that, if the latter proposal were carried out, the sanitation of the town will suffer.

32. *Contingencies.*—The night-soil cart has been thoroughly repaired this year, so all that are required for next year will be ordinary contingencies for which Rs. 50 is considered sufficient.

33. *Grant 4, Lighting—Contingencies.*—The allotment of Rs. 300 under this head is made up of Rs. 240 for kerosine-oil, &c., and Rs. 60 for substituting iron rail posts in place of five wooden posts which are almost rotten and quite shaky.

34. *Public Garden Establishment.*—The establishment sanctioned for the Jubilee Park consists of two gardeners—one on Rs. 6 and the other on Rs. 4—which costs Rs. 120 a year. The revised estimate falls short of this amount by Rs. 30, as the post of the head gardener is vacant since the 1st instant and is not probably to be filled up in the current year as there is no competent hand available here and as the post of the second gardener was vacant for three months. The well in the park is in ruins for want of rains, other sources of irrigation have failed and consequently almost all the plants have decayed. The council therefore considers it a waste of money to maintain the aforesaid establishment and proposes that only one gardener on Rs. 5 will be quite sufficient, which accounts for the decrease of expenditure under this head for the ensuing year.

For the same reasons only Rs. 10 is allotted for contingencies.

35. *Rewards for destruction of wild animals, &c.*—The use of strychnine for destroying dogs has been ordered by Government to be discontinued and as the alternative means will be to kill them by clubs, a remuneration of 3 annas for a bitch and 2 annas for a dog must be paid to the destroyer, which accounts for the increase under this head.

36. *Printing.*—The decrease of Rs. 50 is due partly to the cheap rates at which the proceedings are now got printed and partly to the brevity observed in writing the subject matter of papers for council's disposal.

37. *Office Establishment.*—In 1893 when the municipal records, account books, &c., were left in a chaotic condition by reason of several defalcations that took place in the course of which many important municipal records were tampered with in view to obliterate all traces of crime, the appointment of an efficient and trustworthy person to the manager's post in whom the whole responsibility of the municipality concentrates was highly necessitated, and the present manager K. Appa Rao, an old matriculate of the northern country, who was in Government service, was appointed on the promise of good encouragement. Fortunately he has filled the post very honestly and has done all that was expected of him towards the improvement of the municipal affairs. The permanent Chairman, Surgeon-Major H. M. Hakim, also, in consideration of Appa Rao's efficiency and honesty and the punctuality and correctness with which he maintained and submitted all accounts, reports, &c., moved the council to encourage him by giving an increase of pay, and the council, fully alive to the importance of having a competent and trustworthy manager, concurs with him and resolves to increase by Rs. 5 Appa Rao's pay next year, which accounts for the increase under this head, and requests that Government may be pleased to sanction the same. In this connection the council also begs to submit that, inclusive of this increase, the total expenditure under Grant 5 comes up to Rs. 1,190, while Rs. 1,400 represents the limit of 10 per cent. of ordinary receipts prescribed by Government for expenditure under Grant 5.

38. *Office Contingencies.*—The increase in the allotment under this head is necessary for the purchase of furniture required for the use of the council. Chairs are now borrowed here and there on meeting days and much difficulty is in consequence being felt.

39. *Repayment of debt.*—At the end of the current year there would remain only Rs. 50 to be repaid to the district board out of Rs. 2,000 received from them as contribution towards the erection of a new school building, and this amount is allotted for payment next year.

40. A proposition statement for the alterations proposed in the scale of establishments is herewith submitted.

23*rd December* 1896. (Signed) K. C. MANAVEDAN RAJA,
Acting Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 11th January 1897, No. 294.

Adverting to the budget estimate of the Anantapur Municipality for 1897–98, I have the honour to state that the provision therein made for education may be accepted with an addition of Rs. 100 to the allotment for results grants, as the results school closed last year may be revived. Even with this addition the net expenditure under Grant 2 will be Rs. 690 (5,590—4,900) or less than 9 per cent. of the estimated income from taxation, markets and rents.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Trichinopoly, 12th January 1897, No. Tour 3—8.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Anantapur Municipality for the year 1897–98 is sufficient and calls for no further remarks.

ORDER—No. 137 M., dated 2nd February 1897.

REVISED ESTIMATE FOR 1896–97.

2. The current receipts and charges are now put down at Rs. 15,140 and Rupees 15,310, respectively, against Rs. 19,950 and Rs. 20,010 anticipated in the sanctioned budget. The decrease in the receipts occurs mainly under "Contributions from local boards" and "Sale-proceeds of Government securities" and that in the charges under Grant 1. The collections under the tax on lands during the first eight months of the year were not satisfactory. The contribution for the Central office establishments will be raised from Rs. 80 to Rs. 100, with reference to G.O., No. 2391 L., dated 17th December 1896. The balance to be carried over to the ensuing year's budget will then be Rs. 870.

BUDGET ESTIMATE FOR 1897–98.

3. *Receipts.*—The receipts are estimated at Rs. 20,410 against the revised estimate of Rs. 15,140, the increase appearing chiefly under "Contributions from local boards" and "Sale-proceeds of Government securities." The attention of the Judicial Department will be drawn to paragraph 16 (ii) of the Chairman's letter regarding the construction of a hospital building at Anantapur.

4. *Charges.*—(1) The probable charges are entered as Rs. 20,380 against the revised estimate of Rs. 15,330, the increase being most marked under Grant 1.

(2) *Grant 1.*—The council's proposal to grant an allowance of Rs. 5 per mensem to sanitary inspector for looking after the public works is approved.

(3) *Grant 2.*—The additions to, and alterations in, the educational establishments proposed in paragraph 24 of the Chairman's letter cannot be sanctioned for want of funds. The allotment for result grants will be raised from Rs. 200 to Rs. 300 as recommended by the Director of Public Instruction.

(4) *Grant 3.*—The increase of one rupee in the salary of the death and birth registrar, and of four annas each in that of the scavengers and sweepers proposed in paragraphs 30 and 31 of the Chairman's letter is approved, subject to the remarks of the Sanitary Commissioner.

(5) *Grants 4 and 5.*—The appointment of a gardener on Rs. 5 for the Jubilee Park instead of the existing two men on Rs. 6 and Rs. 4, respectively, is sanctioned; but the proposed increase of Rs. 5 to the manager's pay cannot be approved, as he is, in the opinion of Government, already sufficiently well paid. The contribution for the Central office establishments will be raised from Rs. 80 to Rs. 160, with reference to G.O., No. 2391 L., dated 17th December 1896.

5. The budget, as revised by Government, closes with a balance of Rs. 780 or only 2·8 per cent. of the estimated receipts.

Anantapur.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From M.R.Ry. P. ADIMURTI ROW Garu, Chairman Delegate, Municipal Council, Anantapur, to the Secretary to Government (through the Collector of Anantapur), dated 19th December 1896, Ref. on Current No. 410.

I have the honour to submit herewith the budget estimate of the Anantapur Municipality for the ensuing official year, together with the prescribed statements and a copy of the Council's proceedings of this date passing the same.

Revised Estimate for 1896-97.

I.—Receipts.

2. Including the opening balance of Rs. 1,145, the total receipts as per revised estimate aggregate to Rs. 16,280 against Rs. 20,310, the amount of the sanctioned budget.

3. The items under which remarkable variations occur are explained fully in the remark column of the revised estimate.

II.—Expenditure.

4. The charges according to the revised estimate amount to Rs. 15,310 against the budget estimate of Rs. 20,010. Reasons for variations calling for remarks are given in the remarks column of the revised estimate.

Budget Estimate for 1897-98.

Receipts.

5. The income for the ensuing year, inclusive of the opening balance of Rupees 970, is estimated at Rs. 21,380 against the current year's budget estimate of Rupees 20,310 and the revised estimate of Rs. 16,280.

6. The items under which large variations, as compared with the revised estimate, are expected to occur are explained below.

7. *Tax on Buildings.*—An increase of Rs. 200 is expected next year as the Police office building would be completed before next March and the taxes on buildings now under improvement will be revised next year.

8. *Tax on Animals.*— The usual income under this head is Rs. 350 as expected for next year. The revised estimate shows a falling off of Rs. 50 due, as remarked in statement VI, partly to large mortality in agricultural cattle and partly to some cattle having been sent away to villages where fodder is available cheap. On the expectation of a favourable season, last year's income under this head is expected for the ensuing year also.

9. *Tax on Carts.*—The remarks made in the preceding paragraph apply to this also.

10. *Tolls.*—The decrease of Rs. 130 compared with the revised estimate is probable seeing that the contractors of the current year have sustained some loss though, partly, it may be due to lack of supervision.

11. *Sale-proceeds of old Materials, &c.*—The usual provision of Rs. 30 is repeated as there are no extra articles for sale as in the current year, and the income expected will be only from the sale of empty kerosine-oil tins and packing cases.

12. *Fees from Educational Institutions.*—The figure is based almost on the actuals of the preceding year and the small increase of Rs. 44 over that year's is probable as a large number of admissions into the primary department is expected next year when the working of all the standards of this department will be rendered thoroughly efficient by the appointment of a separate qualified teacher to the second standard, which and the third standard are now managed by a single hand.

13. *Income from Markets.*—The slight decrease of Rs. 20 expected next year is due to some local merchants making provision to expose things for sale in their own shops on market days instead of resorting to the market for the purpose as heretofore.

14. *Cart-stand Fees.*—The increase of Rs. 5 is too small to call for any remarks.

15. *Fines under Municipal and other Acts.*—Under G.O., No. 1460 M., dated 2nd September 1896, the fines imposed by the Bench Magistrates are now being credited to Government and at the close of the year any surplus left after meeting from it the pay of the Bench clerk (Rs. 10 per mensem) will be transferred to municipal funds. It is not known how much that would be, and if at all there be any, it may be something trifling. Nothing is therefore put down under this head.

16. *Grants from Local Boards*—(i) *Medical.*—The increase of Rs. 180 above the revised estimate is due to larger expenditure expected to be incurred next year for the hospital.

(ii) *Other purposes.*—The building of a new municipal hospital—a subject under contemplation for some years—is still under correspondence. The council regrets that this important matter has thus to be postponed and requests that Government will be pleased to dispose of the matter at their early convenience. The amount of grant expected from the district board for this purpose is, as usual, eliminated from the revised estimate and repeated for the ensuing year as is the case also with Rs. 2,480 expected from the sale of the Government securities.

Expenditure.

17. The charges for the ensuing official year are estimated at Rs. 20,380 against Rs. 15,310 and 20,010, the amounts of the current year's revised and budget estimates, respectively. Such items as exhibit remarkable variations compared with the revised estimate are explained below.

18. *Grant* 1, *New Buildings.*—The usual provision of Rs. 5,000 for building a municipal hospital is repeated.

19. *Communications—Repairs.*—The allotment under this head represents a moiety of the expected net receipts from tolls. As the roads are in a good condition and may require only petty repairs, nothing more than the allotted sum will have to be spent on them, though by chance the actual receipts from tolls may exceed the estimate.

20. *Buildings—Repairs.*—For the ensuing year also Rs. 800 is allotted. Of this, Rs. 250 is intended for repairing the municipal building at present occupied by the municipal high school, to which this office has to be removed as soon as the school is shifted to the new building which has almost approached completion; Rs. 500 for roofing three female latrines; Rs. 20 for repairing the municipal store-room; and Rs. 30 for sundry repairs to the municipal hospital.

21. *Repairs to water-supply.*—Rs. 100 is expected to be spent next year, of which Rs. 20 will be allotted for building a parapet wall and platform to Gangakesannah's well and Rs. 80 for heightening the parapet wall of Garabhavi and constructing a channel there to carry off waste water to the fields close by. Rs. 10 under contingencies is required for providing pulleys to and placing sign boards at some wells.

22. *Establishment.*—Rs. 60 is provided to pay the Sanitary Inspector a monthly allowance of Rs. 5 for looking after the public works. Till the close of 1892-93, there was an overseer on Rs. 25 for public works and he was supervising conservancy on an additional remuneration of Rs. 10 per mensem as horse allowance. In 1893-94 the Council in view to having two separate hands for these two distinct branches of

work, proposed the entertainment of one for public works on Rs. 20 and another for conservancy on Rs. 25. But before the system could be introduced the council had found itself under financial pressure and abolished the first-named appointment giving away the public works for contract. The contract work was found to be more expensive as the schedule rates had to be allowed; neither was the work satisfactorily executed, and consequently the old system of managing the work departmentally was resumed last year which necessarily devolved upon the sanitary inspector again the old double duty for which he rightly claims an additional remuneration. The council proposes to grant him an allowance of Rs. 5 per mensem for this work.

23. *Grant* 2, *Stipends to Normal Students.*—It was proposed to send the first assistant of the Municipal high school for training this year and Rs. 180 allotted for the purpose. The amount does not find place in the revised estimate as he was exempted by the Director of Public Instruction for one year. The provision is repeated for the ensuing year when he will be sent for training unless he is exempted as in the current year.

24. *Municipal School on Salary System—Establishment.*—The allotment under this head exceeds the sanctioned cost of the establishment in the current year by Rs. 260 since the council proposes (1) to appoint a trained teacher on Rs. 12 per mensem to the second standard of the primary department as recommended by the Director of Public Instruction; (2) to allow the maximum pay of Rs. 30 to the fourth assistant to whom Government was pleased to sanction an increment of Re. 1 on the motion of this council, on the ground that he well deserved encouragement (*vide* G.O., No. 556 M., Mis., dated 27th March 1896); (3) to appoint newly a servant on Rs. 4 to the new school building to clean and watch it at nights.

25. *Contingencies.*—As much of the required furniture has been supplied to the school in the current year, the charges under this head are expected to be less than the current year's by Rs. 60.

26. *Results Grants.*—There is a decrease of Rs. 100 compared with the revised estimate and it is due to a results school having ceased to exist.

27. *Grant* 3, *Hospital—Establishment.*—The increase under establishment is due to provision being made for payment to the hospital assistant of the teluga allowance of Rs. 2 per mensem for the whole year, whereas in the current year it has been made only for five months commencing from October 1896.

28. *Medicines and supplies, &c.*—The increase of Rs. 150 over the current year's allotment under "medicines" is necessary as the number of patients is day by day increasing, while that of the same amount under "diet" is due to more admissions in the in-patients.

29. *Vaccination—Establishment.*—In the current year there is no expenditure under this head as the municipal vaccinator is placed in charge of the local vaccination depôt of the district board and is looking after the municipal work also without extra remuneration. For the ensuing year, his full pay is allotted for expecting his relief by the district board next year.

30. *Death and Birth Registration Establishment.*—The death and birth registrar is an old servant of the municipality, who has always done his work satisfactorily. He knows English and maintains the registers in that language. The registration work has much improved since his appointment to the post. The council, therefore, proposes that he may be granted an increase of Re. 1. His case deserves gracious consideration at the hands of Government.

31. *Conservancy, &c.—Establishment.*—There is an increase of Rs. 60 under conservancy and Rs. 10 under private scavenging due to the proposal of granting an increase of 4 annas in the pay of the scavengers and sweepers 25 in number. Owing to the fall in the price of food-grains living has become very costly and consequently labour very dear. These servants struck work and it was found absolutely impossible to get substitutes for them, as people of their caste who alone undertake such duties in these parts are but few and far between in this town and its neighbourhood. They have, therefore, been brought to work on promise of being given the proposed increase.

The Chairman while recommending the increase proposes to reduce the number of sweepers by 2. The council is of opinion that, if the latter proposal were carried out, the sanitation of the town will suffer.

32. *Contingencies.*—The night-soil cart has been thoroughly repaired this year, so all that are required for next year will be ordinary contingencies for which Rs. 50 is considered sufficient.

33. *Grant* 4, *Lighting—Contingencies.*—The allotment of Rs. 300 under this head is made up of Rs. 240 for kerosine-oil, &c., and Rs. 60 for substituting iron rail posts in place of five wooden posts which are almost rotten and quite shaky.

34. *Public Garden Establishment.*—The establishment sanctioned for the Jubilee Park consists of two gardeners—one on Rs. 6 and the other on Rs. 4—which costs Rs. 120 a year. The revised estimate falls short of this amount by Rs. 30, as the post of the head gardener is vacant since the 1st instant and is not probably to be filled up in the current year as there is no competent hand available here and as the post of the second gardener was vacant for three months. The well in the park is in ruins for want of rains, other sources of irrigation have failed and consequently almost all the plants have decayed. The council therefore considers it a waste of money to maintain the aforesaid establishment and propose that only one gardener on Rs. 5 will be quite sufficient, which accounts for the decrease of expenditure under this head for the ensuing year.

For the same reasons only Rs. 10 is allotted for contingencies.

35. *Rewards for destruction of wild animals, &c.*—The use of strychnine for destroying dogs has been ordered by Government to be discontinued and as the alternative means will be to kill them by clubs, a remuneration of 3 annas for a bitch and 2 annas for a dog must be paid to the destroyer, which accounts for the increase under this head.

36. *Printing.*—The decrease of Rs. 50 is due partly to the cheap rates at which the proceedings are now got printed and partly to the brevity observed in writing the subject matter of papers for council's disposal.

37. *Office Establishment.*—In 1893 when the municipal records, account books, &c., were left in a chaotic condition by reason of several defalcations that took place in the course of which many important municipal records were tampered with in view to obliterate all traces of crime, the appointment of an efficient and trustworthy person to the manager's post in whom the whole responsibility of the municipality concentrates was highly necessitated, and the present manager K. Appa Row, an old matriculate of the northern country, who was in Government service, was appointed on the promise of good encouragement. Fortunately he has filled the post very honestly and has done all that was expected of him towards the improvement of the municipal affairs. The permanent Chairman, Surgeon-Major H. M. Hakim, also, in consideration of Appa Row's efficiency and honesty and the punctuality and correctness with which he maintained and submitted all accounts, reports, &c., moved the council to encourage him by giving an increase of pay, and the council, fully alive to the importance of having a competent and trustworthy manager, concurs with him and resolves to increase by Rs. 5 Appa Row's pay next year, which accounts for the increase under this head, and requests that Government may be pleased to sanction the same. In this connection the council also begs to submit that, inclusive of this increase, the total expenditure under Grant V comes up to Rs. 1,190, while Rs. 1,400 represents the limit of 10 per cent. of ordinary receipts prescribed by Government for expenditure under Grant V.

38. *Office Contingencies.*—The increase in the allotment under this head is necessary for the purchase of furniture required for the use of the council. Chairs are now borrowed here and there on meeting days and much difficulty is in consequence being felt.

39. *Repayment of debt.*—At the end of the current year there would remain only Rs. 50 to be repaid to the district board out of Rs. 2,000 received from them as contribution towards the erection of a new school building, and this amount is allotted for payment next year.

40. A proposition statement for the alterations proposed in the scale of establishments is herewith submitted.

Revised Estimate for 1896-97.

2. The current receipts and charges are now put down at Rs 15,140 and Rs 15,310 respectively against Rs 19,950 and Rs 20,910 anticipated in the sanctioned budget. The decrease in the receipts occurs mainly under 'Contributions from local funds' and 'Sale-proceeds of Government securities' and that in the charges under Grant I. The collections under the tax on lands during the first eight months of the year were not satisfactory. The contribution for the Central office establishment will be raised from Rs 80 to Rs 100, with reference to G.O. No 2391-L. dated 17th December 1896. The balance to be carried over to the ensuing year's budget will then be Rs 870.

Budget Estimate for 1897-98.

3. Receipts.— The receipts are estimated at Rs 20,410 against the

the revised estimate of Rs 15140, the increase appearing chiefly under 'Contributions from local boards' and 'Sale proceeds of Government Securities'. The attention of the Judicial Department will be drawn to para. 16 (ii) of the Chairman's letter regarding the construction of a hospital building at Ramakaper.

4. Charges. (1) The provincial charges are entered as Rs 21380, against the revised estimate of Rs 15,330, the increase being most marked under Grant. 1.

(2) Grant. 1 - The Council's proposal to grant an allowance of Rs 5 per mensem to the Sanitary Inspector for looking after the public works is approved.

(3) Grant. 2 - The additions to, and alterations in, the educational establishments proposed in para. 24 of the Chairman's letter are sanctioned. The allotment for result grants will be raised from Rs 200 to Rs 300 as recommended by the Director of Public Instruction.

(4) Grant. 3. - The increase of one rupee in the salary of the Death and Birth Registrar, and of four annas each in that of the Scavengers and Lascars proposed in paras. 30 and 31 of the Chairman's letter is approved, subject to the remarks of the Sanitary Commissioner.

(5) Grants 4 and 5. - The appointment of a gardener on Rs 5 for the Jubilee Park instead of the existing two men on Rs 6 and Rs 4 respectively, is sanctioned; but the proposed increase of Rs 5 to the mason's pay cannot be approved, as he is, in the opinion of Government, already sufficiently well-paid. The contribution for the central office establishments will be raised from Rs 80 to Rs 160 vide reference to G.O. No. 2391-A dated, 17th December 1896.

5. The budget, as revised by Government, closes with a

A Sum of Rs 280 will be provided for possible charges connected with the bubonic plague with reference to G.O. No. 1985-M. dt 18-11-96.

1. BALANCE BROUGHT FORWARD—						
a. Municipal Fund	1145 0 0			1145 0 0	360 0 0	
b. Endowments						
c. Water-tax Fund						
2. MUNICIPAL RATES AND TAXES—						
a. Tax on arts, &c. (section 53) ..	790 0 0	766 0 0	860 0 0	1650 0 0	1300 0 0	Due to increase in the taxes on some merchants who are carrying on their trade on a much larger scale owing to famine. —
b. Tax on buildings (section 63) ..	1830 0 0	948 0 0	970 0 0	2800 0 0	3000 0 0	
X c. Tax on lands (section 63) ..	114 0 0	103 0 0	186 0 0	300 0 0	400 0 0	The Decrease is due to the Police office building which was expected to be completed early this year being still under construction. —
d. Water-tax on buildings and lands (section 75)						The decrease is probable as large remissions may have to be granted, all the lands being waste for want of rains and a supply in the tank. —
e. Tax on vehicles with spirings and palanquins (section 77) ..	61 0 0	21 0 0	19 0 0	80 0 0	60 0 0	The figure is based on the actuals of the preceding year.
f. Tax on animals (section 77) ..	252 0 0	104 0 0	48 0 0	300 0 0	350 0 0	Decrease is partly due to great mortality amongst cattle from rinderpest and partly to sending away some cattle to villages where fodder is available. —
g. Tax on carts and other vehicles without springs (section 85) ..	320 0 0	86 0 0	100 0 0	420 0 0	400 0 0	Based on the actuals of the preceding year. This figure should be Rs 450 / - but owing to mortality of cattle, some carts are now out of use — the owners being poor people having no ready means of purchasing new bulls — .
h. Tolls (section 91)—						
Gross receipts	1240 0 0	981 0 0	890 0 0	2130 0 0	2000 0 0	
Less Local Fund share ..	310 0 0	156 0 0	220 0 0	530 0 0	500 0 0	X Due to good competition at the auction sale of these farms

a. Pounds						
b. Ferry rents						
c. Fees under Act II of 1888 ..	0 0 0	95 0 0	0 0 0	0 0 0	50 0 0	The resident Dramatic Companies ceased working and removed their pavilions. Owing to adversity of season, any income from this source is uncertain. —
4. REVENUE DERIVED FROM MUNICIPAL PROPERTY AND POWERS APART FROM TAXATION—						
a. i. Rent of lands	0 0 0	5 0 0	0 0 0	0 0 0	20 0 0	For want of rains and a supply in the tank, none come forward to cultivate park lands or municipal garden.
ii. Rent of buildings	20 0 0	1 0 0	10 0 0	30 0 0	30 0 0	
iii. Avenue receipts	28 0 0	12 0 0	22 0 0	50 0 0	50 0 0	
iv. Fees from Travellers' Bungalows						
b. i. Sale-proceeds of lands and buildings						
ii. Produce of lands, gardens, &c.	0 0 0	1 0 0	0 0 0	0 0 0	50 0 0	The well in the Park is in ruins. Other sources of supply failed. Almost all the yielding trees have decayed. Nothing can therefore be had from the Park. —
iii. Sale-proceeds of old materials, empty oil cans, packing cases, &c.	52 0 0	67 0 0	8 0 0	60 0 0	30 0 0	A toll shed which had not been used for many years was dismantled and the materials sold, which accounts for the increase. —

GRANT I—(*Public Works*)—						
1. New Works—						
a. Communications						This is made up of Rs 5000/-o. for building a Municipal Hospital + Rs 200/-o. for additional latrine. The former will not be required this year as the matter is still under correspondence. The latter has been utilized in inspecting the existing latrines as they were in an unsatisfactory state. This amount is therefore included in that shown under 2.b.—
b. Buildings	0 0 0				5200 0 0	
c. Drainage						
d. Water-supply						
2. Repairs—						
a. Communications	760 0 0	70 0 0	40 0 0	800 0 0	750 0 0	Raised as also at present 50 per cent of net receipts from Tolls.
b. Buildings	780 0 0	2 0 0	20 0 0	800 0 0	500 0 0	When almost the whole budget allotment was utilized on roofing a latrine + the sheep slaughter house and repairing the bullock market, a female latrine in an important centre tumbled down and had to be repaired then and there at a cost of Rs 100-0-0—.
c. Drainage—						
i. Repairs to works ..

I Read the revised estimate for the current year and the Budget Estimate for the ensuing year and the covering report. —

Resolution. — The revised estimate, closes with a balance of Rs 970. inclusive of which the receipts of the ensuing year as amended, amount to Rs 21380. while the charges are estimated at Rs 20380. leaving a closing balance Rs 1000. against Rs 300. the Budget Estimate of the current year. —

Read also the following papers. —

(1). — Proposals of the Head Master Municipal High School and of the Director of Public Instruction regarding Education. —

Resolution. — An additional Teacher on Rs 12.

Primary Department is sanctioned.—.

The 1st Assistant should undergo training as directed in Director's Proceedings no. 2028 dated 20 2896; unless he is exempted by the Director as in the current year.—.

The case of the 4th assistant may once more be submitted to Government for reconsideration.—.

The allotment of Rs 550. for contingencies of the High School is sufficient.—.

(ii) Proposals of the acting District Medical and Sanitary officer, Anantapur, regarding the Municipal Hospital.—.

Resolution.— The provision for medicines may be raised to Rs 1000. and that for diet by Rs 150. over that of the last years' budget estimate.

The entertainment of an additional compounder and Thoby is not recommended by Surgeon Major H. M. Hakim and considered unnecessary by him.—.

(iii) Proposals of Chairman Surgeon Major H. M. Hakim.—.

a).— That Rs 800 be allotted under Repairs of Buildings for.

Roofing two latrines.— Rs 500-00.

Repairing the Municipal building now occupied by the School.— Rs 250-00.

Sundry repairs to old buildings.— Rs 50-00.

Resolution.— Sanctioned as essential.—.

That a watchman and sweeper on Rs 4 per ... be entertained ... school ...

would be essential when the school is shifted to new building early next year.—.

Resolution.— Sanctioned.—.

And that as recommended by the Director of Instruction an additional teacher on Rs 12. for the Primary Department may be entertained.—.

Resolution.— Sanctioned already (vide para supra of this Proceedings.)

(c) That he would be very glad if the Sanitary Inspector could get an increase.—.

Resolution.— An additional remuneration of Rs 5 per mensem may be allowed to the Sanitary Inspector for looking after Public works which are now departmentally managed.

Mr: L. Vedajee Row dissents.—.

(d) That the pay of the Scavengers and sweepers may be raised by annas four each and that the number of sweepers may be reduced from 14 to 12.

Resolution.— An increase of annas four to each Scavenger and sweeper is sanctioned.

The number of sweepers that exist now cannot be reduced, as the Council opine that a reduction of the same would contribute to the accumulation of filth and dirt within the town precincts.—.

...e strongly recommends the increase of the five Rs the Manager's pay as he is an honest and hard ...king man.—

The ... resolution.— The Council endorses the opinion of Surgeon Major H. M. Hakim. the permanent Chairman and resolves to give the manager promotion of Rs 5 per mensem for reasons clearly set forth in the report.—
