Mis
Order. No. 1400 M. mis. dt 12-6-97

The Government regrets that it cannot at present afford any aid from Provincial funds towards the cost of the proposed new dispensary. The proposal of the Municipal Council to open this institution must therefore be disallowed.

2. With reference to the request contained in the Chairman's letter that the police hospital buildings at Vizianagram may be transferred to the Municipal Council, it is observed that as the Police Hospital at Vizagapatam is not likely to be completed for some years, no definite orders regarding the disposal of the former can be passed at present.

Chairman, M.C
Vizianagarum

Sir,

Adverting to your letter dated 7th July last, enclosing an application to His Highness the Maharajah of Vizianagarum G.C.I.E with reference to a resolution of the municipal Council, for a branch dispensary in the town, I have the pleasure to inform you that His Highness the Maharajah was pleased to approve of your proposal and instructed the same be given effect to at an early date.

In conformity to the instructions, I have addressed the District Surgeon (a copy of my letter is herein enclosed for your information) for obtaining the sanction of the Surgeon-General with the Govt of Madras, to place the services of the apothecary Mr Mangaiya Naidu now at Palconda, at the disposal of the Samustanum, so that he may be placed in charge of the branch dispensary to be opened in the heart of the town at a convenient place.

I have the honor to be

Sir,

(1) Para 49 of the chairman's report embodied in G.O. No 527 M., 25th March 96.
(2) Proceedings of the Madras Govt No 785 M. Mis. 8th May 96 & the Surgeon General's letter therein read
(3) Para 37 of the administration report of the Vizianagram municipality for 95-96 submitted by the Chairman
and para 4 (3) of the Govt order embodied in G.O No 1729 M., 9th October 96
4 - Copy of the Council's resolution of 29th Oct 96 on the mahazar of the Peoples inhabitants

Referring to the marginally noted correspondence with regard to the insufficient and unsatisfactory state of medical aid available in the town, I have the honor to submit most respectfully that the need for action in the matter is becoming more and more urgent. A few days back a mahazar was presented by the leading inhabitants of the town praying that a branch dispensary located in the centre of the town should be opened by the municipality. The question was discussed by the Council in three successive meetings and it was finally resolved at a meeting held on the 29th ultimo attended by the Revenue Divisional officer and the Managers of the Samustanum who are Councillors that a separate dispensary should be opened by the municipality to may be supported partly from Provincial

Subsequent to the date of meeting, however, a reply was received to the effect. a copy of

Vizianagarum
7th November

V. Venkata[illegible]

— at its present financial condition —

As the dispensary in question should be located in the centre of the town to be of real use to the inhabitants, the Council requests the Government to hand over to the municipality the building in which the Police hospital is at present located, as it is informed that the Government is contemplating the abolition of that institution if it could afford to do so.

Go. 8000746E

The above mentioned building being happily situated in the centre of the town, would be of immense service to the townspeople if it were converted into a quasi-government institution. Its close situation to the market will make the dispensary highly serviceable to the large number of people that flock into the town from the numerous surrounding villages especially on occasions of fairs and festivals which occur frequently, Vizianagarum being a central place in the district for inland trade. Being situated so close to the most highly crowded parts of the town, it will afford immediate relief should any unfortunate accident happen in them or in their vicinity. As the dispensary will also be much use to the people who pay taxes to

1382

---

be deemed unn[illegible]

should contribute towards the maintenance of this institution as it is being done in similar places elsewhere. In this connection I beg to point out to Government that some time ago, the Taluk Board of Vizianagarum even maintained for some years an Itinerating dispensary whose head quarters were fixed at Vizianagarum and it then proved useful to the people of the town and the talugs as well. I may here mention that in the years 1888 & 89 when there was a severe type of Cholera in Vizianagarum, this dispensary rendered great help to the municipality at that critical time.

The one now proposed to be opened in lieu of the Police hospital can also be of use to the Police, and the officer appointed to preside over it may be asked to do the work of holding inquests & such other duties as may be assigned by Government in consideration of which the Government may make a contribution from Provincial funds also. This measure, I beg to submit, will be even economica[l] so far as the expenditure from Provincial funds i[s] concerned

V. Venkata[illegible]

= at its [illegible]

As the [illegible] sum for the purpose in the current years budget as sanctioned by Government in their order No 557-M dated 26th March 96. As the nature of the expenditure is one that should have a primary claim upon the municipal funds, I am confident that the Council will contribute more and bring it to the round sum of Rs 1000 should the Government deem it necessary. If the Government be pleased to supplement it by an annual contribution from both the Provincial and the Local Funds, the proposed institution, in the opinion of the Council, is sure to work with success.

The Council feels from its experience during the recent as well as the previous outbreaks of Cholera, that it should have a dispensary of its own or one under its management to give effect to the rules framed by Government for combating Cholera and other epidemics, now that the municipal Council is held responsible for the working of the said rules. The Samustanum Dispensary, under the orders of the managers, no doubt rendered aid during the recent advent of Cholera in August & September last, but the Council felt that [illegible]

Control over that institution, it could not either demand or obtain all the help that is necessary & desirable at such a critical time. Further the Maharajah's Dispensary as at present constituted cannot meet all the requirements of the town. It is presided over by an Hospital Assistant whose full time is engaged in treating the sick of the inmates and the servants attached to the Fort and in attendance to the orders of His Highness the Maharajah & their Highnesses the Maharanies. The only other qualified assistant is a retired servant of the Government and is not fit for active service. The services of these officers cannot be spared to the municipality when emergency occurs. In July last when the subject was before the Council, it resolved at a meeting to appeal to the Maharajah for the improvement of the condition of the Dispensary. Accordingly a letter was immediately addressed to His Highness, but as no reply was received till 29th ultimo, the Council had to resolve to open an institution independent of the Samustanum in the lines specified above.

Subsequent to the date of meeting, however, a reply was received to the effect, a copy of herewith enclosed, that His Highness was pleased sanction the appointment of a civil Apothecary to be placed in charge of a separate branch dispensary and that an application was made to the District Medical and Sanitary officer to obtain the loan of the services of such an officer - I am told in this connection that the Surgeon-General may not be willing to lend the services of a medical officer of the rank of a civil Apothecary unless he is provided with a suitable building with accomodation for in-patients - It is not understood whether the Samusthanum is prepared to provide a building as may be required by the Surgeon-General, but in my humble opinion no building will be better suited for the purpose than the one in which the Police Hospital is at present located - Though comparatively small, it is so situated that it could be extended towards the north and the east without much difficulty - The dispensary in question will not be of much use to the Public unless its management is placed under the municipality or the District Medical & Sanitary officer, as is the case with similar institutions elsewhere - In order, therefore, to put forth a reasonable claim for supervision over

---

that institution, I think it is but proper that the municipal and Local bodies should contribut funds which may be utilised for improving the building and doing other needfuls, even if the Samusthanum should undertake to bear all the expenses of the staff and medicines -

Under these circumstances the Council most earnestly represents to Government the immediat necessity of opening a quasi-government hospit with or without aid of Samusthanum but which should be placed under the management of the municipality or the Government as without whic in the opinion of the Council, the institution cannot be worked efficiently - The Council, therefore most earnestly requests early orders on the subject.

I have the honor to be

Office of the District Medical
and Sanitary Officer
Vizagapatam 17th November 1896

From

The District Medical & Sanitary Officer
Vizagapatam

To

The Collector
Vizagapatam

Sir,

In reply to your endorsement dated 12th November 1896 (herewith returned I have the honor to report that Viziangram already possesses a large hospital with accommodation for both sexes and a dispensary for women and Children which are maintained by His Highness the Maharajah -

2. Were the hospital furnished with a Competent staff, there would be no necessity for another institution, but I understand His Highness the Maharajah would not be willing to supersede the present staff who have been for many years in his service -

...re is an unprotected child in any house, may call upon...
...cupant of the house or any...

3. During the past year, the hospital was for a time in charge of a Compounder as one Hospital Assistant was absent on other duty and the other (an old pensioned Hospital Assistant) was sick.

4. It is therefore very desirable that another hospital or at least a dispensary should be opened at once.

5. The proposal of the Chairman is to obtain from Government the present Police hospital and to reopen it either as a dispensary or hospital.

6. This building was not built for a hospital and is ill adapted for either a hospital or dispensary. It would however suffice temporarily.

7. The services of Civil Apothecary C. Mungayya Naidu (now at Palakonda) have been asked for, by the Vizianagram Samasthanam for the opening of a branch dispensary.

8. It is not usual to place a

but, no doubt, some arrangement might be made for him to give assistance when required, at the hospital as the Samasthanam appears to be very anxious to secure his services.

8. Whether the proposed dispensary be maintained by the Municipality or the Maharajah, I presume the Government will give the usual contribution towards the pay of the Medical Officer in charge, in order to secure his services for Government work when the Police hospital is abolished.

I have &c
(sd) A. H. Leapingwell
Surgeon Lieut. Col.
Dr Medl. & Sanitary Officer

(True Copy)
23/1
For Ag Collector

Public 7/4 1382

Forwarded to Government together with Copy of letter from District Medical and Sanitary Officer.

2. There can be no question that the existing Hospital, belonging as it does, to the Maharajah and being entirely outside the Control of the local Municipality, does not meet the requirements of a place like Vizianagram. It is moreover not sufficiently Officered and the Officer's time is largely taken up in attending on the private household of the Maharajah. I agree with the Chairman and with the District Medical and Sanitary Officer that at least a dispensary should be opened, which should be in a situation more Convenient than that of the present Hospital for the wants of the population of Vizianagram, and which should be worked by an Officer whose services would be at the disposal of the Municipal Council for the numerous purposes for which they are required.

3. It will be seen that the Maharajah

willing to open a branch dispensary in a convenient situation, and asks for the services of a Civil Apothecary to work it. Apart from the fact that Civil Apothecaries are not sanctioned for dispensaries, the Maharajah's proposal is open to many of the objections which apply to the present hospital, especially to that which arises from the want of subordination of the Maharajah's employees to the Municipality. I think that the Municipality should have at least a dispensary of its own. The existing Police Hospital building is suitable for the purpose, and if the Government will give the use of it to the Municipality, when it is abandoned, as it is about to be, and will make the usual contribution to the pay of a Hospital Assistant, the sum of Rs 1000, which the Municipality will manage to raise, added to a sum of Rs 300 which could be contributed by the Taluk Board (as it at present contributes to the same

800 Rs
3-8-96

institution

institution in Bimlipatam) would with the usual contribution from Provincial funds suffice for the maintenance of a dispensary.

No. 577

OFFICE OF SURGEON-GENERAL
WITH THE GOVERNMENT OF MADRAS,
Madras, 19th December 1896.

LOCAL & MUNICIPAL DEPT.
CURRENT No. 3382 M

From

SURGEON-MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.I.,
SURGEON-GENERAL WITH THE
GOVERNMENT OF MADRAS,

To

THE ~~HON'BLE THE CHIEF~~ SECRETARY TO GOVERNMENT,
Local and Municipal DEPARTMENT.

SIR,

With reference to the correspondence regarding the medical arrangements at Vizianagram forwarded with your endorsement No.1489, dated the 14th December 1896 for my remarks, herewith returned, and with reference to paragraph 3 of G.O.No.800 Public, dated the 3rd August 1896, I have the honour to state that I am fully convinced that the medical arrangements for this town are most unsatisfactory. During my inspection in January last I found a Police Hospital for 7 beds in charge of an Apothecary drawing Rs 125 a month, with an average daily sick during the past year of only 4.39 patients and he had little or no other duties to perform. There is also a good General Hospital in the town entirely supported by the Maharajah of Vizianagram on which he expends a considerable sum of money yearly but it is in charge of Hospital Assistants who in my opinion are unfitted for such an important charge. I represented this but understand that the Maharajah is unwilling to get rid of the services of these men or to place a competent medical man over them. The Apothecary in charge of the Police Hospital has been utilized elsewhere and a third class Hospital Assistant on Rs.25 + 10 charge allowance, a month has been substituted for him. — When the Police Hospital at Vizagapatam is completed it will then be possible to abolish the hospital altogether at Vizianagram.

G.O. 1163 of 96 (flagged)
F in this file blue
[illegible]

2.

2. Vizianagram is the Head Quarters of the Principal Assistant Collector, there are a good many Government servants to be treated and there is some Medico-legal work to be done which should be in the hands of a competent man who is under Government control.

3. I concur with the proposals in the correspondence now under reference -

(1) That at least a dispensary should be opened.

(2) That it should be worked by an officer whose services would be at the disposal of the Municipal Council.

(3) That Government should give the present Police Hospital to the Municipality as soon as the new building in Vizagapatam is ready for occupation. In the meantime the Municipality should hire a suitable building.

(4) That the Medical Officer in charge should be an Hospital Assistant. In such an important town he should be at least a selected first class Hospital Assistant on Rs.55 a month with a charge allowance of Rs.10 a month and should either be provided with quarters on the standard plan or be granted house rent under G.O.Nos.154 & 842-L, Local and Municipal, dated the 24th January and 11th May 1895, respectively.

(5) Government should make the usual contribution at the rate of 1/8th of the pay and allowances for his services for Government purposes.

4. The Municipality should provide funds for the proper equipping of this dispensary with furniture, medicines, surgical instruments, surgical appliances, the necessary books and contingent expenses. There should be an establishment of one compounder, one dispensary caste attendant who should also be watercarrier and a sweeper.

how much?

C.

5. The Police Hospital is not at all well adapted for the purposes of either a hospital or dispensary. It should be better for the Municipality to sell it, if Government will give it to them, and to erect a Standard plan dispensary with proper arrangements for the separation of the sexes.

6.

6. If His Highness the Maharajah was willing to erect and equip an Hospital for the Municipality and to provide funds for the pay of an Apothecary who would be under the Municipality it would then be desirable to erect this Standard plan dispensary on part of the site where the hospital would be built but I can see no prospect of the Municipality being in the position to start such an hospital of its own.

I have the honour to be,
Sir,
Your most obedient Servant,

From

SURGEON-MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.I.,
SURGEON-GENERAL WITH THE
GOVERNMENT OF MADRAS,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,
Local and Municipal DEPARTMENT.

SIR,

With reference to Memorandum No.155 L & M, dated the 13th February 1897, I have the honour to state that the initial cost of opening a dispensary at Vizianagram is as particularised below:-

	Rs.
Approximate cost of constructing a dispensary on the Standard plan with quarters for hospital assistant. --	8000.
ESTABLISHMENT.	Average Annual cost.
1 First Class Hospital Assistant Rs 55 + 10 charge allowance per month	780.
1 Compounder Rs 9 - 3 - 18 per month.	189.
1 Waterman on Rs 5 per month.	60.
1 Toty on Rs 4 per month.	48.
	1077.
Deduct 1/8th pay and allowance of the hospital assistant to be met from Provincial Funds.	97½.
Total establishment.	979½.
Medicines & Surgical Instruments &c.	1000
Grand Total.	9979½.

2. As there is no sign of constructing a new building at present, the initial cost excluding the cost of the building would be Rs 2000 and the annual cost for the upkeep of

the

21/5-03

the institution would be approximately Rs 1700.

I have the honour to be,

Public DEPARTMENT.

LOCAL & MUNICIPAL DEPT.
CURRENT No. *2002 M*

Memorandum No. *1065*

~~READ the following paper:—~~

Retransferred to the Local and Municipal Department with a note by the Honourable Mr. Bliss dated 10th May 1897. The Police Hospital at Vizagapatam is not likely to be completed for some years, and no definite orders regarding the disposal of the buildings at Vizianagram therefore can be passed at present.

Ootacamund,
17th May 1897.

[illegible]

For Chief Secretary.

To
