the water tax should in my opinion be levied only after the work is fully completed and water is actually supplied throughout the town.

As the point raised in the ^{draft} ~~reference~~
state it that there is no separate
assessment for water tax, so should
simply allow the collection of the water
tax to begin at once.

Note.

In G.O. No 1541 M dated
4th November 1893, the Government
directed that the levy of the water
tax should be deferred until the
work is in operation. The work has
however been nearly completed & water
is being now supplied to certain parts
of the town. There seems therefore to be
no objection to the levy of the water-
tax as proposed. In this connection

ENCLOSURES.

From

THE CHAIRMAN,
MUNICIPAL COUNCIL,

Kurnool.

To

The Secretary to Government,
Local and Municipal Department,
Fort Saint George.
(Through the Collector of Kurnool)

Sir,

I have the honour to submit
that Government Order No 1541 M. Local
and Municipal dated 4th November 1893
says that 'the levy of the water-tax -
should be deferred until the work
is in operation'. The work of pipe-laying
is still going on in the Town. It may
take another 2 or 3 months for the water-
works to be completed and for the
work to be in full operation.

2. I have further to submit that
at the time of the submission of the
Budget in December last it was hoped
that the water-works would be comple-
ted by

by April 1897 and that the Municipality would be in a position to levy the water-tax from the beginning of the Current year. At present however the pipe-laying has been completed only in certain portions of the town and such portions are now being supplied with water.

3. Under these circumstances I have the honour to request you will be pleased to obtain early orders from Government as to whether the Municipal Council can levy water-tax within the Municipality during the 1st half of the Current year.

I have the honour to be
Sir,
Your most obedient Servant
J. Chidambaram
Chairman
