FURTHER PAPERS.

G.O.	No.	Department.	Date.

The papers state that there are not less than 1000 houses in the streets in which they reside they have to depend for water on the wells in the back yards of their houses and have been paying water tax for the same to the Municipality for the last 2 years. The papers complained to the Municipality that it is unjust to collect this tax from them without extending the water pipe to their division. As no notice has been taken of their protest the papers pray that the Municipal Council may be directed to cancel the tax or to suspend the collection of the tax till the introduction of the pipe to their streets and to refund the amount that has till now been collected from them.
