Your

Sir,

I have the honor to
submit my reply to the points
raised in G.O. No. 439 M.
dated 8th March 1897.
Para 4, clause 2 (1) At the
time of the submission
of the Budget Estimate
for 1897-98, it was thought
that the work of metalling
the Annappett Road
and other roads could be
completed before the
close of the year 1896-97
and the amount required
for the same was
provided in the revised

Estimate for that year. But as the Council wanted the estimate to be forwarded to the District Board Engineer for check and as there was a long delay in getting it back from the officer, it was not possible to carry out the work in that year. It is proposed to have the same executed during the current year from the unallocated balance on obtaining the necessary sanction.

The provision of Rs 500 in the Budget for 1896-97 was intended for the construction of a permanent vegetable market in the West car street on the site where the present thatched shed stands. The Council having since considered that the site is not spacious enough for the purpose, resolved at their meeting held on the 22nd December last to acquire a piece of ground contiguous to the present site and construct a sufficiently large building for the purpose. Hence an increased provision was made in the budget for 1897-98.

Clause 4. The provision of Rs 640 under "Lundries and Contingencies" Grant III (C) was made in accordance with the recommendation of the District Medical and Sanitary Officer South Arcot.

I have the honor to be
Sir
Your most obedient servant

Ramamuni
