Trained Sanitary Inspectors

Informing the Sanitary Commr. that as para. 4 of G.O. No. 4 M., dated 4<sup>th</sup> January 1897, is sufficiently explicit, it does not seem to be necessary to require Local Bodies to report to him the vacancies as they arise in the posts of Sanitary Inspectors and requesting him, with remark, to maintain a register of persons who are eligible for & willing to take up such appointments under Local Bodies.

### Trained Sanitary Inspectors.

Informing the Sanitary Commissioner that, as paragraph 4 of G.O., No. 4 M., dated 4th January 1897, is sufficiently explicit, it does not seem to be necessary to require local bodies to report to him the vacancies in the posts of sanitary inspectors as they arise, and requesting him to maintain a register of persons who are eligible for, and willing to take up, such appointments under local bodies.

Read—the following paper:—

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 25th May 1897, No. 1125-S.

With reference to G.O., No. 4 M., dated 4th January 1897, paragraph 4, I have the honour to suggest, for the consideration of Government, that it is desirable that all local authorities employing sanitary inspectors in permanent posts should be required, on these becoming vacant from any cause, to inform me of the fact; otherwise, the direction of Government that this office should be consulted as to appointments of such men is likely to become a dead letter. I ask this in the interest of men who have gone to the expense and trouble of obtaining the requisite training as certificated sanitary inspectors. Of eighty-five men who appeared for training this year, sixty-one paid for their course.

ORDER—No. 1448 M., dated 18th June 1897.

The Sanitary Commissioner is informed that, as paragraph 4 of G.O., No. 4 M., dated 4th January 1897, is sufficiently explicit, the course suggested by him is unnecessary. He is, however, requested to maintain a register of persons who are eligible for, and willing to take up, the appointment of sanitary inspector under local bodies, so that in filling up vacancies in such posts Presidents of District Boards and Chairmen of Municipal Councils may be able to make a choice from this list.

Enclosure.

Sir,

With reference to G.O. No 4 M dated 4<sup>th</sup> January 1897 para 3<sup>rd</sup>, I have the honor to suggest for the consideration of Government that it is desirable that all local authorities employing Sanitary Inspectors in permanent posts should be required on these becoming vacant from any cause to inform me of the fact - otherwise the direction of Government that this office should be consulted as to appointments of such men is likely to become a dead letter. I ask this in the interest of men who have gone to the expense and trouble of obtaining the requisite training as Certificated Sanitary Inspectors. Of 85 men who appeared for training this year 61 paid for their course.

FOR ORDERS.

There seems to be no necessity for adopting the suggestion made by the Sanitary Commissioner, which cannot act as a check against the order of Government, requiring that he should be consulted by Chairmen of Municipal Councils before appointing men as Sanitary Inspectors, becoming a dead letter, as stated by him. Chairmen who are bent upon acting in violation of this order can still do so by not reposting the vacancy at all to the Sanitary Commissioner. Disregard of the orders of Government on this subject should be brought to the notice of Government by the Sanitary Commissioner on his inspection of the towns.

We do not assume this
