28<sup>th</sup> February 1897

From

M. R. Ry V. Venkataswami B. A.

Chairman, Municipal Council

Vizianagaram.

To

The Secretary to Government

Local and Municipal Department

Fort Saint George, Madras.

Sir,

In submitting herewith extract from the Proceedings of the Municipal Council, Vizianagaram dated the 30<sup>th</sup> January 1897 regarding the Acquisition of a site on the northern side of the town beyond railway line for the purpose of opening a night soil depot, I have the honor to request you will be so good as to sanction its purchase - The present night soil depot being situated very close to the burial and burning ground which is situated again on the very bank of a drinking water tank known as Kittaiya's tank in the northern end of the town, the people have presented a numerous signed mahazar requesting the Council to remove the night soil depot therefrom and separate it from the

the cremation ground, as at present, people who are obliged to visit the latter are put to great inconvenience, by the bad smell emanating from the former. The Council accordingly resolved, after personal inspection, to remove the night soil depot to the site proposed to be purchased, as it is of opinion that by so doing it could not only remove the said depot farther from the town but also remove the cremation ground farther from the tank and thereby keep the latter less liable to pollution. Further, in making the proposal, the Council in deference to the recommendations of the Sanitary Commissioner, has in view the object of cultivating a portion of the ground with night soil pondrette under the supervision of the trained Sanitary Inspector or to give an object lesson to cultivators which will also secure a much larger sale of the night soil.

I beg to state that the site in question was also approved of by the Divisional officer L. B. Edwin Esq. who inspected the locality with me when he was in charge of this Division.

I herewith attach a memorandum showing the extent of the land, its boundaries and other particulars connected with it and request you to be so good as to obtain the sanction of Government and secure the site in question by acquiring it

But the District  
Sanitary Officer  
has, apparently, not  
been consulted.

under the Land Acquisition Act.

SIR,

Adverting to your Memo No. 458 dated the 6th ultimo, I have the honor to report that the District Medical and Sanitary Officer has not approved of the site selected by the Municipal Council for a night soil Depot. He proposes to divide the town into 4 parts, each part being provided with a depot, and promises to select sites on his next visit to Vizianagram. The necessary draft notification will be submitted as soon as he selects the sites.

I have the honor to be,

Sir,
