from which it appears, that the expenditure incurred from Local Funds in 1895-96 within the area which ~~would~~ will be included in Tadpatri, if it is constituted a Municipality, is Rs. 7,203 and that the probable receipts and charges of the proposed Municipality will be Rs. 11,355 and Rs. 10,200 respectively, leaving a working balance of Rs 1,155 or

or 10·2 per cent of the estimated receipts. The note to Statement I shows the rates at which the taxes and tolls are to be levied and a memorandum explaining the several items of the probable charges is submitted.

The following draft order is submitted for approval:

Order.

The proposal to constitute the town of Tadpatri a Municipality commends itself to Government. The Collector is requested to submit, at an early date, the necessary draft Notification under Section 4 Act IV of 1884, as amended by Act III of 1897, in which the boundaries of the Municipality should be defined by survey numbers, with a sketch showing clearly these boundaries.

H.M./ Mr. Nicholson was entirely in favour of the constitution of the town as a Mty: vide his letter of x 12 Nov 1894 – his successor Mr. Manavedan Rajah was of the same opinion.

x under G.O. 22.2.97 No 267 M.

The estimates sent up anticipate a revenue of R11,355 and charges amounting to R10,200. It is difficult to test the estimate of receipts, the income from tolls – R 3000 – seems especially doubtful. But even if the first estimates may be somewhat out, there seems no reason to believe that a workable municipal income will not be raised.

The population of the town by the census of 1891 was 10,300.

The Collector may therefore be asked to submit a draft notification as suggested in the Office note

S.T. 21.5.7

I think so, but circ.

If the scheme is carried out, the Muncy might be constituted from Oct 1 –

Haven't we given a small grant to start one or two new Munies lately? I think so, & should like to follow the example in this case – Two or three months hence, when the Notifn has issued, perhaps we may be able to find the money – Fin. might then be asked } A

H.O. & circ.

H.O.

The above figured list of references (which the office sh^d have made intelligible in words) comes to this (1) that in the case of Srivilliputtur Mty, the Govt. promised aid rather than that the project of starting a Mty sh^d fall through, & in the end gave a grant of R 3000 towards the hospital: (2) that in the case of Yercaud the Govt. was prepared to give a grant of R 2000 to start a Mty, & in the end (G.O. 26/3/97) sanctioned R 1000 to start it as a Union "on a sound basis"

1/6/97

Very well, but subject in circulation we can decide later on whether to give a grant when we know whether there is to be a Muncty there & how our funds are –

H.A.
2/6/97

I think Tadpatri should be created a Municipality.

J.G.
6/6/97

I agree. I think we should give a liberal grant to start the Municipality.
