To

The Secretary to Government,  
Local and Municipal Department,  
Madras.

Sir,

Through

The Head Quarter Deputy Collector,  
Nellore.

Sir,

There are about 12 huts occupied by some poor Madigas within the limits of Municipal Market and these are situated on the sides of two irrigation channels, the water of which is sometimes used by those persons and the general public when the Channels are running.

2. The Sanitary Commissioners having suggested that those huts should be removed from the spot as the water

3. Considering the poverty of the people, the Council at its meeting held on the 27<sup>th</sup> February 1897 resolved that the Government might be requested to grant permission to give the people a portion of the old rampart, 30 Arikanams to live on and I have the honor therefore to request that the sanction of Government may be obtained for the same.

4. Copy of the Council's resolution referred to above is herewith submitted.

NELLORE COLLECTOR'S OFFICE,

DATED 18<sup>th</sup> June 1897

No. 887

LOCAL & MUNICIPAL DEPT.

From E. Scott Esquire,

Ag Collector of Nellore.

To the Secretary to Government,

Local and Municipal  
Department, Madras.

Sir,

With reference to endorsement

no 604 dated 24<sup>th</sup> May 1897 on letter from

the Chairman, Municipal Council, Nellore,

herewith returned, I have the honor to state

that I do not approve of the proposal of

the Council to grant a site on the old

rampart for the construction of huts.

2. The portion of the rampart —

proposed to be granted was some years

ago lowered and levelled at considerable

expense, in order to improve the —

— atmosphere in the neighbourhood

— which is on the east thickly populated.

To allow houses to be built on it will be undoing the good work done there.

Further the objection of the Sanitary Commissioner to the present position

of the huts is equally applicable to

the proposed site as at the foot of the

rampart, runs an irrigation channel

(the old fort ditch) the water of which

is used by many persons for drinking

purposes. Were huts to be built by the side

of the ditch it would be used regularly as

a latrine and would become a dangerous

nuisance. A portion of the rampart

further north still remains to be lowered

and levelled. Were this done it would

be a great improvement to the healthiness of the surrounding locality and a good and most useful road could be laid down the whole length of the rampart at a very small cost. It is on these grounds that I consider the Council's proposal should not be accepted.

3. I have pointed out to the chairman of the council a site which will do admirably and can be acquired probably for a very small sum. It is on the side of one of the metalled roads of the town and is at present covered with prickly pear. I am addressing the Council on the subject.
