NOTE FOR THE CHIEF SECRETARY.

In para 4(6) of G.O. No. 747 M dated 31st March 1897, reviewing the budget estimate of the Madras Municipality for 1897-98, the Government disallowed the proposal of the Commissioners to entertain an additional inspector of license fees on timber and firewood on a salary of Rs 25, with an allowance of Rs 15, on the ground that there was not sufficient explanation as to its necessity. The President now states that at present there is only one inspector of timber and firewood license fees and that as his work ranges from the Adayar lock on the south to the Ennore lock on the north, with numerous intermediate stations and the fifteen toll-gates round the city, etc, the entertainment of an additional inspector is necessary. This may therefore be now sanctioned.

2. The Superintendent of the general market was drawing a salary of Rs 30 in 1888, but this was reduced to Rs 25 in the course of the general reduction in the cost of establishment

which was effected in 1889 in order to provide funds for the payment of a contribution of Rs 50,000 to Provincial funds then newly imposed upon the Commissioners by the Finance Committee. In the budget for 1897-98, the Commissioners proposed to grant ^{to this man} ~~an~~ an increase of Rs 5, in view to restoring him to his former pay drawn in 1888, but the Government disallowed the proposal on the grounds that the necessity for the increase was not established. vide para 4 (5) of G.O. No 747 M dated 31st March 1897. The President now states that "it is impossible to establish the necessity for any increases" and that "the Commissioners thought ^{that} he was deserving of an increase of Rs 5 per month, which would place his pay on the footing "it was in 1888." No sufficient grounds have been shown for a reconsideration of the order already passed in the matter.

3. As regards the proposed increase in the salaries of the Kanakapillais, it is observed, that there are now in all 24 Kanakapillais - 8 on Rs 22, 8 on Rs 20, and 8 on Rs 18 and the Commissioners proposed in the budget for 1897-98 to raise their salary to Rs 24, Rs 22 and Rs 20 respectively in consideration of increased work and responsibility.

bility". The Government disallowed the proposed increases as it is considered that these men were already sufficiently paid. The President states that "taking into consideration the responsibility of their duties-the collection of revenue mainly depending upon the manner in which their work is performed - and in view of obtaining a better class of men, the Commissioners thought it desirable to increase their pay as proposed." As already observed in para 4 (6) of G.O. No 747 M dated 31st March 1897, these men are sufficiently well paid and besides a small increase of Rs 2 in the salaries now given, cannot attract any much better class of men than those available at present.

LIEUT.-COL. G. M. J. MOORE, C. I. E.,

President, Municipal Commission.

LOCAL & MUNICIPAL DEPT.

CURRENT No. 1803. 2m

To

The Secretary to Government,

Local and Municipal Department,

Fort Saint George.

SIR,

With reference to G.O. No. 747 M. dated 31st March

1897, I have the honor to submit as follows -

Enclosure.

Para 2 - Out of the Rs. 14,420 for New Works Communica-

tions, Rs. 3,000 is for the acquisition of land which is pending disposal by the Deputy Collector and ----- Rs. 4,400 for the re-construction of a bridge which was completed by the end of the year, but on account of which only Rs. 37 had been paid in the first 8 months.

Out of the Rs. 93,000 for New Works Buildings, Rs. 47,500 were provided for the Incinerator as it was expected that the materials from England would be paid for ---- within the year - a payment which depends upon the date of shipment and is beyond our control. In this connection I would point out that the expenditure in no way shows the amount of work done as the ----- Contractors are not paid until the work is completed. The actual work done can only be seen from the Progress Report.

Para 4. (3) As is the usual custom the Educational Budget was submitted by the Director.

Para. 4 (5) It is impossible to establish the necessity for any increases. In the case of the Superintendent, the

This is the explanation given in the budget Commissioners thought that he was deserving of an --- increase of Rs. 5/- per mensem, which would place his pay

pay on the footing it was in 1838. The increase of Re.1/- to the Maistry of the People's Park was recommended in consideration of good service rendered by him during a period of 27 years. However, he has since been promoted to Head Maistry on Rs.15/- per mensem, so that the increase of Re.1/- is unnecessary.

Para 4-(6) At present there is only 1 Inspector of Timber and Firewood License Fees. His work ranges between the Adyar lock on the south and the Ennore lock on the north, it having lately been removed from Shadayan-kuppam with intermediate stations at the Custom House, Madras Railway Stations at Royapuram and Salt Cotaurs, South Indian Railway Station at Egmore, besides the 15 Toll Gates round Madras and the wharves at Barber's Bridge and Basin Road.

The Commissioners are of opinion that the work is more than one man can possibly get through and consider it desirable that another Inspector should be appointed and the work divided.

With regard to the Kanykappillay/s, taking into consideration the responsibility of their duties - the collection of revenue mainly depending upon the manner in which their work is performed - and in view of obtaining a better class of man the Commissioners thought it desirable to increase their pay as proposed.

Para 6.-Noted.

Sir,

Wm. Moore Lt. Col.
