PROCEEDINGS OF THE

LOCAL & MUNICIPAL DEPT.

CURRENT NO. 2428M

Read the following:-

From the Superintending Engineer II Circle, No. 651 K.M.,
dated 29th May 1897:-

I have the honour to forward herewith for your approval and sanction of Government, Estimate amounting to Rs. 620 for repairs to the bathing ghat in front of the Kistna anicut.

2. The ghat was seriously damaged by the floods in August last.

3. The work of repair was put in hand as soon as the state of the river permitted.

4. I am unable to recommend that Government should contribute towards the cost of repairs, for in my opinion the ghat does not strengthen the anicut, but on the contrary unless kept in good order, is likely to cause damage to the anicut.

Note by the Chief Engineer for Irrigation, dated 9th June 1897:-

I do not remember the position of the bathing ghat nor is it shown on plans in this Office. Under the circumstances I would accept the opinion of the Superintending Engineer.

Order thereon No: 1750W dated 12 July 1897.

The estimate amounting to Rs. 505 for repairs to the bathing ghat in front of the Kistna anicut is sanctioned.

2. The percentage for ~~the~~ establishment and pools and plant should not be included in the estimate, but separate charges for.

3. The work will be executed in accordance with the provisions of para 99 et seq, Chapter IX, Volume I, of the Public Works Code.

4. The Government concurs in the remark made by the Superintendent Engineer in para 4 of his letter recorded above.

From the Superintending Engineer II Circle, No. 551 A.M.,

Dated 28th May 1897:-

I have the honor to forward herewith for your approval and sanction of Government, estimate amounting to Rs. 250 for repairs to the bathing ghats in front of the Kishna and

2. The Ghant was seriously damaged by the floods in August last.

3. The work of repair was put in hand as soon as the state of the river permitted.

4. I am unable to recommend that Government should sanction the estimate for the repair of the ghats, for in my opinion the Ghant does not strengthen the bank, but on the contrary which kept in good order, is likely to cause damage to the bank.

5. Note by the Chief Engineer for Irrigation, dated 28th June 1897:-

I do not remember the position of the bathing ghats nor is it shown on plans in this Office. Under the circumstances I would accept the opinion of the Superintending Engineer.

Order thereon no: 17204 dated 28th July 1897.

The estimate amounting to Rs. 250 for repairs to the bathing ghats in front of the Kishna and is sanctioned.

The percentage for the maintenance and repair of plant should not be included in the estimate, but separate estimate for.

The work will be executed in accordance with the provisions of para 2 of Chapter I, Volume I, of the Indian Works Code.

The Government agrees in the terms made by the Superintending Engineer in para 2 of his letter recorded above.
