from the Chairman, M.C. Ootacamund.

FOR ORDERS.

Let me have this back with the report which I understand has for 1897-98. The Municipal Council of Ootacamund proposed, amongst others, the following increases of salaries to its servants:-

Sanitary Inspector } from Rs. 30 to Rs. 35.
in charge of drainage }
Chief Sanitary Inspector .. Rs. 60 to Rs. 70.
Lighting Inspector .. Rs. 15 to Rs. 20.
Market Sergeant .. Rs. 30 to Rs. 45.

The Government disallowed the first two of these proposals on the ground that in the case of the Drainage Inspector the necessity for it had not been explained and that in the case of the Chief Sanitary Inspector it was not satisfied of the necessity, and the last two owing to want of funds.

On consideration of the linked file, I think the increases may be sanctioned. It may be as well to point out that the Council's resolution expressing its regret at the Government's disallowance will be debited to the water supply account on the schemes.

disapproval of the increases in question, which it considers to be necessary.

As regards the increases in the salaries of the Chief Sanitary Inspector, the Chairman says, that in the sub Committee's report accompanying his letter no. 3864 dated 21st December 1896, and in the resolution of the Municipal Council passed on G.O. no. 4 m.d. 4th January 1897, it has been stated, that the scale of pay suggested in para. 3 of that Order was insufficient to secure efficient certificated sanitary inspectors on the hills, and points out that as his letter of December 1896, above referred to was quoted in support of the increases to the drainage inspectors he thought that no further explanation was necessary.

As to the Lighting Inspector and the market sergeant he says, that, as anticipated in his Budget covering letter, the income from markets and slaughter houses &c for the year 1897-98 has increased by Rs 5,205, and that therefore the moderate increases proposed to the pay of all the sub-committee named in the resolution

I think it will be as well to order for Muncies generally that a separate ^{Sanitary} account shall be kept of the receipts under water & drainage tax & of the expenditure debited thereto, so that we may see ~~that~~ ^{not only} that funds derived from this source ~~for sanitation and lighting~~

with objects ~~Sanitary~~ under S. 47, 1st proviso, it can also be legally devoted, but also that a suff. amt. is raised by means of this tax to cover the cost of those objects in full, including int. & sinking funds on loans &c (note the linked file)

Papers to be read in Proceedings:—

Again G.O., dated 18th March 1897, No. 595. M.

Current No. 1728 of 1897, dated 10th April 1897 from the Chairman, Municipal Council
Current No. of 189 , dated from the Jota Camund.

Order. No. 1594 M. dt. 14-7-97

In the circumstances now stated, the proposed increase in the salaries of the Chief Sanitary Inspector, the Sanitary Inspector in charge of drainage, the lighting inspector and the market sergeant are sanctioned, but the pay of the Inspector in charge of drainage should be debited to the proceeds of the water and drainage tax. An application in the prescribed form for the required allotment of funds should be submitted.

2. Municipal Councils are requested to keep a separate subsidiary account in the accompanying form of the revenue derived from the water and drainage tax where it is levied, and of the

details of the expenditure incurred on the objects, to which alone, under the first proviso to section 47 of the District Municipalities Act IV of 1884, as amended by Act III of 1897, the funds realized from this source can be legally devoted, the account shall be submitted to Government with their annual administration reports.
