From

The Manager, Codialboil Press,
Mangalore.

To

The Chief Secretary to Government,
Local and Municipal Department,
Madras.

Through the Collector of South Canara,
Mangalore.

Sir,

It is notified that from the Official year 1898 onwards the printing and supplying of all forms to the Local Fund Boards and Municipalities of the Presidency should be done by a Central Press, Madras.

2. Economy and Uniformity seem to be the reasons given for this step. I beg to submit that as to the latter, the forms printed at our Press are composed exactly according to patterns received from Government. If any deviation from the standard be discovered, the Local Funds and Municipal Officials, to whom proof sheets are submitted, may bring the forms to the very shape, size, etc. as ruled by Government.

3. Economy. I beg to state that I am prepared to print and supply, as hitherto, all the forms that may be required in this District at the very cost and on the very same paper, style etc. as at a Press in Madras.

If

If the forms are supplied here, the Local Fund Boards and Municipality will not have to pay the Postage and other expenses to be surely incurred in getting the forms the whole way from Madras, apart of the inconvenience to which they will be subjected in several instances by not receiving the forms when needed. Besides the offer of my supplying the forms at the same rate as that of the Central Press, I am ready to give the Local Fund Boards and Municipality here, a round 10% discount on all the composing and printing charges.

4. With regard to neatness and superior quality of printing which, it seems, is another reason given by the Accountant General, the forms hitherto supplied by the Godialboil Press to the Local Fund Boards and the Municipality here, will, I hope, sufficiently show that this Press is not liable to any objection on this score.

For the above reasons I trust the Government will kindly direct that the services of the Godialboil Press, Mangalore, so far as this District is concerned, may be continued as heretofore, for which act I shall, as in duty bound, be ever grateful.

I beg to remain,

Sir,

Your most obedient servant

L. Boneda

2. It often happens that forms sent from Madras

Note
Damage by rain will occur even if the printing is done locally. Damage be avoided by packing the forms in wax cloth.

This is a rare occurrence -

Madras lie for weeks at various points between Mangalore and Calicut awaiting carts which are not regularly procurable in the monsoon. Transshipment to and from boats &c is another cause of detention. The forms are sometimes received wetted by rain. Two packets of forms addressed to the Deputy Commissioner of Revenue Settlement and sent through this office in August last were received damaged by rain water, and certain forms supplied to this office in November last were also damaged and it was necessary to order a fresh supply. When the Government Press recently sent the Collector Keluga forms by mistake it has taken a long time to return them and another district is inconvenienced waiting while forms are slowly carted back to Calicut.
