FOR ORDERS.

Flag I.

I am decidedly of opinion that no change should for the present be made in the proportion of elected ouncillors. Let us see how things go on for a while under the new organization of elected Chairman *plus* Secretary. There is nothing to show that things may not slide back into their old very bad state of absolute neglect of sanitary matters, with the loss of hundreds, if not thousands of lives, which compelled Govt. less than wo years ago to take action gainst the Municy. Let us irst see how the elected chairman anages before we increase the o. of elected Councillors.

In G.O. No. 1490. M. dated 14th September 1895, the privilege of electing its own chairman was withdrawn from the Municipal Council of Trichinopoly and the number of elected Councillors was reduced from eighteen or threefourths of the total number to eight. The circumstances which led to the adoption of this measure are stated in paras. 1 to 4 of that order.

2. The first of the letters read above, is a memorial from the ratepayers of Trichinopoly dated 16th June 1897 requesting that "in Commemoration "of the approaching Diamond "Jubilee of the illustrious and "beneficent reign of Her Most

racious Majesty our Beloved ueen Empress, the privilege of lecting the Chairman and reefourths of the Councillors nay be restored to them; and ith the second letter the hairman, Municipal Council, richinopoly forwards a resolution of the Council, requesting the restoration of the same privileges. The Collector, however, states that he is not prepared to recommend the request of the Council.

3. In paragraph 3 of G.O. No. 1465 M. dated 21st June 1897, however, the Government has restored to the Municipal Council the privilege of electing its own chairman. The only point now for consideration therefore is whether the proportion of elected Councillors, viz, three-fourths of the total strength ould also be restored. The llector is not in favour of but he gives no reasons for opinion.

electing the Chairman has been restored.

The qn. is now as to the election of the councillors. It was only so recently as Septr. 1895 that the proportion of elected Councillors was reduced from 3/4ths to 1/3d. If so strong a measure was required then, I doubt if sufficient time has elapsed for the action of Govt. to have its due effect.

The Collector disapproves of the restoration of the privilege: but gives no reasons & does not discuss the situation.

If it is considered unnecessary to call upon the Collector for a full expression of his views: & if it is thought that some concession be made, th
