Misc Order. No. 1612 M. Mis. d. 17.7.97

The Government considers that the demand of the municipal council of Bezwada for a fixed annual contribution of one half of the cost of the municipal hospital from the Bezwada taluk Board, is reasonable and should be complied with. As the Government controls the budget expenditure of the municipality, there is ample guarantee that the expenditure on the hospital is kept within reasonable bounds.

FOR ORDERS.

A In his letter disposed of in G.O. N^o. 104 M, dated 27^th January 1897, the Chairman of the Municipal Council of Bezwada, stated that the expenditure in 1895-96 on the upkeep of the Municipal hospital was Rs 5,131 and that when a moiety of this amount viz: Rs 2,566 was, ~~requested~~, claimed from the Taluk Board of Bezwada, the latter paid only Rs 2,250 and refused to pay the difference of Rs 316, on the ground that there was no provision for it in its budget for the year, and he requested Government to rule that half the actual cost of the Municipal hospital should in fairness be borne by the Taluk Board. In forwarding this communication the Collector of Kistna observed that the Taluk Board of Bezwada must pay half the cost as demanded, but the Taluk Board to which the Chairman's letter was

× Vide cur N^o 25 14 Aug 1896 in that G.O.

referred for remarks, stated that it was not then prepared to pay more than Rs 2250, the Sum provided in the budget on this account, that it would not undertake the responsibility of paying half the cost of the institution for the future, as it would seriously interfere with the achievements by it of other urgent purposes, that, as the expenditure on the Municipal hospital was subject to no check by the Taluk Board, it might increase to such an extent in future years that to pay half of it would seriously cripple the resources of the Taluk Board, and that the annual allotments made to the Taluk from the District Funds having been withdrawn by the District Board, the means at its disposal had become less, while the demands upon it continued to be the same. The President of the District Board, ~~Kistna~~, pointed out that, as the increase in the cost of the Municipal hospital in 1895-96, which was ascribed by the Chairman to the raising of the apothecary's pay from Rs 75 to Rs 125, was not intimated to the Taluk Board of Bezwada in time, no provision had been made in the budget for the additional cost, and observed that "experience ~~has~~ "shows that in Municipal hospitals, much more than half the patients come [illegible] the Municipal limits. ~~and~~

* Vide cur No 98 in of 97 fo 104 In / 27-1-97 A

"~~and that~~ In the case of the Bezwada ar

"pital, the majority comes probably fr al

"limits of the Bezwada Taluk Board a d

"few patients ~~also~~ from the limits of the Guntur Tal

"Board;" He however added that a

would be impracticable to calculate

by year the proportion of cost that m

equitably be debitable to each of these Taluk Boards and as the District Boar was admittedly wealthier than the Ta Boards and has been recognized in pra tice to be bound to help the latter with funds whenever advisable, the District Board might contribute something towards the up-keep of an institution which serves patients from all parts of the District. The District Board before which these facts were placed by the President, then resolved on the 16th January last, to pay the balance of Rs 316 to the Municipal Council for 1895-96, but said nothing about the contribution to be paid for future years. The President,

as thereupon requested to report
r decision was arrived at by the
the ct Board on the latter question, stated(x)
the question of paying a fixed
tribution on account of the Bezwada
spital for the future had not yet been
cided upon, that when the question
as being discussed the opinion was
pressed by some of the members of
luk Board that the payment of a contri-
tion from District Board funds to
the Municipal hospital direct would
e opposed to rule 17(5) of the Local
Fund rules sanctioned in G.O. No. 721 L.F. / 26.6.86, but that the District Board could
allot a fixed sum as a cash contri-
bution to the Taluk Board on condition
that the Taluk Board should allot
the same as a contribution to the
hospital, and promised to lay the matter
again before the District Board.

dent forwards a resolution of the

District Board of Kistna deciding to pay Rs 390 towar the contribution payable to the Municipal hospital by the Bezwada Taluk Board for 1896-97 and requests the sanction of Government for an allotment of this sum from its general balance. The Board has ~~[illegible]~~ refused to bind itself to pay any fixed contribution towards the upkeep of the hospital, but promises to consider the matter each year.

3. The allotment of funds, for which an application in the prescribed form should have been submitted, may be sanctioned, but it is for consideration whether, having regard to the vague and indefinite reply given by the District Board, the question as to whether or not the Taluk Board of Bezwada should pay half the cost of the Municipal hospital, as requested× by the Municipal Council should not also be settled now.

4. When Bezwada was a local fund nion the hospital in question was under he management of the Taluk Bd of Bezwada, but it was handed over to the Municipality in the year 1888, when Bezwada was constituted a Municipality. Vide G.O. Nos 231 M dated 12th March 1888, and 846 M dated 3rd August 1888. The expenditure incurred by the Taluk Board when the hospital was a local fund institution was about Rupees 4400, and when the institution was handed over to the Municipality there appears to have been an understanding between the Municipality and the Taluk Board that each should bear a moiety of its cost vide para 17 of the Chairman's letter in G.O. No 523 M dated 21st May 1888 and para 74(3) of the District Board Presidents' report in G.O. No 2532 L dated 29th October 1889. No further papers on this point re traceable in the office. The actual

cost of the hospital during the period commencing from 1888-89 and the contributions paid by the Taluk Board during each year are given below:—

Years	Cost of maintenance		Contribution paid by the Taluk Board	Remarks.
	Actuals	Revised Estimates		
	Rs	Rs	Rs	
1888-89	2,941	3,120	1,665*	*A sum of Rs 105 was reported to have been paid in excess the correct amount being Rs 1560/-
1889-90	3,926	4,480	2,236	
1890-91	3,872	4,500	2,253	
1891-92	4,428	4,490	2,245	
1892-93	4,358	4,630	2,250	
1893-94	4,316	4,660	2,250	
1894-95	4,907	5,050	2,250	

It will be seen from the above statement that up to the end of the year 1893-94, the contribution paid exceeded half the actual cost of the hospital and fell below it only in 1894-95. During the first four years, the contribution appears to have been paid with reference to the revised estimate instead of the actuals of each year, while from the year 1892-93, a fixed annual contribution of Rs 2250, which had no reference either to the actuals of the year or the revised estimate appears to have been paid and accepted as representing half the cost of the institution - vide paras 30 and 27 of the Chairman's reports in G.O. Nos 993 M dated 27 July 1894, and 1325 M dated 15th August 1895 respectively and also para 33 of his report in G.O. No 1187 M dated 13th July 1896. The Municipal Council is apparently not satisfied with this fixed contribution, as it ~~[illegible]~~ no longer represents half the cost of the hospital, which has risen considerably since 1894-95 in consequence of an increase in the apothecary's pay from Rs 75 to Rs 125. The claim of the Municipality for payment of a moiety of the cost of the hospital by the Taluk Board appears to be a reasonable one, as more than half the number of patients attending the hospital are x said to be coming from the limits of the Taluk Board, but there are no statistics to support this assertion. The argument of the Taluk Board that the expenditure on the Municipal hospital is not subject to its check and that the cost might at any time increase considerably in future years does not appear to be sound. The expenditure is subject to the control of Government which will take care to see that it is kept within reasonable limits. Nor can the plea of impecuniosity be accepted as a sufficient ground for exempting the Taluk Board from paying a portion of the cost of the Municipal hospital, as persons within the jurisdiction of the Taluk Board also enjoy the benefits of the institution and as any additional funds that may be required for this purpose can be allotted by the District Board.
