Municipal Office,
Madras, 4th February 1897

My dear Forbes,

Preventive inoculation -----
appears to be carried out to some extent
in Bombay. As Dr. Haffkine is working
under the Government of India it might
be well if he were addressed by Govern-
ment in view to his giving the details of
his system, so that the Health Officer may
carry it out. If it is considered un-
necessary for Government to do so, I am
quite prepared to address him myself.

Yours sincerely,

E. H. Moore
