Current No. of 189 , dated from the

Order. No 1635 M. Mis. dt 21.7.97

The proposals of the municipal council (1) to increase the rate of the tax on buildings from 6¼ to 7½ per cent of the annual rental, (2) to extend the tax on carts to all classes of Schedule A, and (3) to levy the tax on vehicles with springs, on palanquins and animals, at the maximum rates specified in the amended schedule B and C, are sanctioned; but the proposal to levy the tax on vacant ground at 7 per cent of the annual rental is not understood, as from G.O. No 2051 M, dated 6th Decr 1895 and from the note to statement I submitted with the budget estimate for 1897-98 it appears that all lands

SUBJECT.

FOR ORDERS.

L

In paragraph 3 of G.O. No. 205. M., dated 11th February 1897, reviewing the budget estimate of the Tinnevely municipality for 1897-98, the Government pointed out that as the levy of the taxes on buildings and on lands at different rates was objectionable, the rate of the house tax, which was therein fixed at 6 $\frac{1}{4}$ per cent. of the annual value, should be raised to 7 $\frac{1}{2}$ per cent, the rate at which the tax on lands was levied. The municipal council now proposes to raise the rate of the house tax from 6 $\frac{1}{4}$ to 7 $\frac{1}{2}$ per cent as therein directed, without, however, referring to that order. This proposal which will bring in an additional income

* Please see note to staff I of the budget estimate for 1897-98. M

the town are already taxed at the rate above referred to. The chairman is requested to report on this point.

12 12/11/97

2361

tho Rs 1700, may be approved.

2. The proposal to levy the tax on vacant ground at $7\frac{1}{2}$ per cent of the annual value, is however not understood, as the tax on all lands in the town is now levied at that rate - vide G.O. No 2051 No, dated 6th December 1895 and the note to statement I submitted with the budget estimate for 1897-98.

This may therefore be pointed out to the Municipal Council.

3. The tax on arks is now levied only on the first six classes of the schedule A and it is proposed to extend it to all classes. It is not known how much additional revenue will be realized by the proposed extension, which, however, may be sanctioned. The tax on arks is levied on all classes of the schedule in many other towns which are by no means wealthier than Tirunelveli and there is no reason why this municipality should be partly exempt from

It is also proposed to

* The estimated income for 1897-98, the tax being fixed at 6 1/2 per cent, is Rs 1700. Increase in the income when the tax is raised from 6 1/2 to 7 1/2 per cent - Rs 1700.

levy the tax on vehicles with springs, palanquins and animals at the maximum rates given in the revised schedules B & C, which are higher than those fixed in the corresponding schedules annexed to Act IV of 1884. A general circular sanctioning the assessment of the tax on arks and the tax on vehicles with springs, palanquins and animals, in accordance with the revised schedules A, B and C has been submitted for approval, but as it will be some time before that order is printed and circulated, it is submitted that the council's proposal in this respect may be now approved.

5. The accompanying draft order is submitted for approval.
