On receipt of G.O. No. 580. M., dated 17th May 97.
Remarking that this Municipality had not organized
Plague observation at the local Railway Station
the Council proposed to relieve the Sanitary
Inspector of his duties and depute him solely
for the observation duty - his place being
taken by a Sanitary Draughtsman on the 10/1/00.

2. This received the sanction of Government in
Order No. 910. M. Mis. dated 14th April 97. - To this
day not a single case of arrival of a passenger
from any of the Plague infected localities or
from distant parts has been detected. -

able in offce

G.O. No. 816. A.-M., dated 6th April 1897, authorizing
the Station Masters and Ticket Collectors to
observe passengers arriving from infected
localities obviates the necessity for details.

I request that Government may be pleased
to order the discontinuance of the present
arrangement in consideration of the poor
finances of the Municipality which could
not admit of the additional expenditure
of Rs 10/- a month for maintaining a
Sanitary Ministry. —

THE

Secretary to Government
Local and Municipal Department

SIR,

With reference to your endorsement No: 712 dated 3^d July 1897, I have the honour to suggest that the Municipal Chairman, Anantapur, should be reminded that the arrangements made by Government at Guntakal do not relieve local bodies from undertaking special precautionary measures on their own behalf, seeing that only those persons actually suffering from fever at the time of passing through Guntakal are detained. The Sanitary Inspector of the Municipality of Anantapur in spite of my remonstrances on the subject is not a trained man; there is therefore no particular benefit to be derived by deputing him rather than any other person in the employ of the Council.

2. No precaution should in my opinion be relaxed for at least one month.

after a statement has been received that the West of India is entirely free of plague.

3. Hence if the Council cannot afford the Rs 10 extra they are paying per month on the off-chance that they may thereby save their town from invasion by plague, economy could be effected by detailing a clerk from the office of the Council to take it in turn with the Sanitary Inspector to proceed to the station for the purpose of inspection and the taking of addresses. If the clerk cannot be spared, seeing that there are but two trains daily that require inspection, there can be no reason why the Sanitary Inspector should not himself undertake the duty in addition to the ordinary work — the Council allowing him Rs 5 for carriage hire. This would mean a reduction of expenditure.

I have the honour to be
