To,

The Chief Engineer,
 P. W. Department.

Sir,

With reference to G.O. No. 1431 W, dated 5th May 1896, Calling for levels and Estimate for rectifying the drain in Wallajah Town, I have the honor to inform you that after taking necessary levels along the drain, I am of opinion that there is nothing whatever the matter with the drain as regards levels, as it has an ample slope, and that if the drain does not act properly, it is because it is not kept clean and free from obstructions.

I have the honor to be,
 Sir,
 Your most obed^t. servant,
 W. Hannan
 Supg. Engineer, 4th Circle.
