" Read memorandum of the Chairman dated
3rd February 1897 with respect to the acquisition
of a site for the proposed burial ground
in Shepparamba.

" The Chairman is authorized to
select

select a site, and to acquire it under the land acquisition act.

2. The circumstances under which the Council propose to acquire the land for the burial ground are as follows:-

Rev. Schall, Minister of the Basel Mission Congregation, Palghat requested that the mission congregation at Melparamba and Oarakode might be provided with a new burial ground on the western end of the municipality.

The burial ground now used is the one situated East of the Fort. It is already getting overcrowded, and further, whenever any death occurs, especially from Cholera, the body has to be brought over a long distance, through the thickly populated portions of the town, to the Cemetery near the fort. The Council Enquired whether the Mission would contribute for the acquisition of the site for the Cemetery.

Mr. Schall pointed out among other reasons that, owing to the poverty of the Congregation, they might be provided with a burial ground out of the Municipal funds, as has been done in the case of Hindu and other communities - In the meantime a site was selected by the Civil Apothecary, which having been found objectionable from a sanitary point of view, the Council adopted

adopted the above resolution. The new site, which is situated just beyond the western boundary of the municipality was selected by me, in consultation with the Reverends Thuhule, Schall and Miller, and the Civil Apothecary, who accompanied me to the site.

3. A draft notification together with the owner's statements are herewith submitted.

Sir,

With reference to your endorsement Ref. No. 139 of 97, dated 8th April 97, I have the honor to state that the site, selected by me for a burial ground for the use of the German Mission Congregation in the Palghat Municipality, has been inspected and approved by the District Medical and Sanitary Officer on the 13th Inst, and that the probable cost of making the ground fit for use by levelling and fencing it ^{all around} ~~all round~~ will be Rs 30. If the ground is to be enclosed by a brick wall of 6 feet height with a foundation of 1 1/2 feet the probable cost will amount to Rs 600. I think that the ground may be acquired and made over to the Senior German Missionary at

at Pachak, with the request that the Mission may incur the necessary expenditure to make the site fit for use as a burial ground.

2. A plan, countersigned by the District Medical and Sanitary Officer, showing the existing and the proposed burial grounds is herewith submitted.
