Municipal Councillors' Office,

Kurnool, 24<sup>th</sup> June 1897.

LOCAL & MUNICIPAL DEPT.

CURRENT No. 2391 M

No. 108

ENCLOSURES.

From

THE CHAIRMAN,  
MUNICIPAL COUNCIL,

Kurnool.

To

The Secretary to Government  
Local and Municipal Department  
with the Governor, Stonehouse Hill.

SIR,

(Through the Collector of Kurnool)

With reference to Government  
Order No 374 M. Mis. dated 4<sup>th</sup> March 1897  
and received by me on the 15<sup>th</sup> March, I  
have the honour to report that immediately  
on receiving the Government Order in  
question I directed the Sanitary Inspector  
to prepare a correct list of all the cess-  
pools in the Town. As the Inspector went  
on sending me lists of the cess-pools  
in the various streets I caused notices  
to be issued to the owners requiring them  
to construct pukka water-tight cess-pool  
within a week from the date of the  
service of notice and to pay the Municipi-  
pality at the rate of three annas a  
month.

month for the service of emptying their contents. The last batch of notices was issued about the middle of May. Notices were issued to 672 persons in all.

2. In response to the notices issued, a large number of owners of cess-pools sent in 13 Mahazar petitions requesting the Municipality to construct side-drains in their streets and complaining of their inability to pay for the service. Twenty-six persons claimed exemption from payment on the ground that they were very poor and helpless. Four persons sought permission from the Municipality to construct petty-drains and connect them with the side drains in the main street close by. Permission has been accorded to them. Thirty-eight individuals intimated that they had closed their cess-pools altogether as they had no necessity for retaining them and as they could not pay for the service. They have all been closed at present. Strict orders have however been issued to the Sanitary staff to inspect the said houses from time to time and watch them carefully and to report whenever the cess-pools

should again be brought into use.

3. I have the honour to submit that as ~~the~~ most of the owners of cess-pools are poor Mahammadan stringent measures have not yet been adopted in their cases especially in view of the distress prevailing at present in the town consequent on the failure of the monsoon. The earliest opportunity would be taken to make them comply with orders. As regards ~~to~~ those individuals who could afford to pay for the service, but who contented themselves with simply presenting petitions requesting the Municipal Council to construct side-drains in their streets, the Council has notified to them that they should immediately obey orders already issued to them and that the Council would endeavour gradually to construct side-drains in their streets as funds permit. Prosecutions will be instituted against those individuals, who fail

Comply with orders within the allotted time.

I have the honour to be

Sir,

Your most obedient servant

Udambaram

Chairman

Forwarded.
