Town.

From

The Chairman,
Benjvada Municipality.

To

The Collector of District,

through the Head Assistant Collector

Dated 11th May 1897.

Sir,

I have the honor to inform that there are scavengers in this Municipality; some of them are employed in collecting and removing night soil and others in the removal of the street sweepings without any distinction. They are being transferred from one branch to another as occasion arises.

2. In my recent endeavours to extend the private scavenging in the town, some of the scavengers, who are clandestinely doing the clearing of the private latrines of some of the house owners, instigated their relations employed on the street sweepings to strike work and so I was completely at their mercy.

3. I have even tried to import some people from Vizagapatnam, but these people have sent intimation to their relations there not to come down for work here.

4. There is a strong Compact among them being all Hindu relations.

5. The Krishna Puchkaram falls in September 1897 and a large number of pilgrims are expected and sanitary arrangements of an extensive scale are required to be made.

6. I therefore beg to request that you will be pleased to request the Government to issue a notification under Section 282 (a) para (3) of the District Municipalities Act as amended by Act III of 1897 to extend the provisions of sub-sections (1) and (2) with respect to scavengers to others employed on town sweeping.

I have &c.
