Sir,

In forwarding herewith a proposition statement for revision of Establishment under Grant III. Hospitals & Dispensaries for the approval & sanction of Government, I have the honor to state that the Municipal Council when framing the budget for 1897-98 contemplated that the untrained midwife in the employment of the Council be replaced by a trained one and has therefore provided Rs 15 only per mensem as salary of the latter - The Government having sanctioned the employment of a trained midwife, I have in communication with the Superintendent of Maternity Hospital Madras secured the services of a qualified midwife and served the untrained midwife with a month's notice that her services will be dispensed with

In para 6(4) of
No 288 M 7 28/4

with. She thereupon appealed to the Council at its meeting held on 9th March last and the Council thought that it would be advisable to retain the services of the unqualified midwife also for some time longer in consideration of the following facts: - that the qualified one will be quite new to the place, that the extent & population of the town requires the services of two midwives and that the unqualified one has put in a long service of 12 years and gained the confidence of the people and that it would therefore be unfair & improper to dispense with her services altogether. The Council thus thought fit to keep the unqualified one in charge of one of the two wards of the town while the trained midwife may be put in charge of the other and accordingly passed a resolution which I beg to enclose herein. Under the above circumstances I beg to recommend that the Government will be pleased to sanction the proposal of the Council. Should Government be not pleased to sanction the Council's proposal, I beg to recommend that the unqualified midwife who served the Council for a period of 12 years be given at least a gratuity of 12 months salary in consideration of her long & useful services. Pending the

sanction of Government her services will be retained on the strength of the Council's resolution now under reference -

Read petition of Sukka Rajadamma, midwife
requesting the Council to retain her in service as she had
12? been performing her duties faithfully for the last 15 years

Read also notice given her by the Chairman
directing her that her services will not be required
after 1st proximo.

The Council is of opinion that the present condition
of the town needs two midwives & it therefore resolves
to entertain a trained midwife in addition to the present
one subject to Government sanction. The travelling
allowance &c demanded for the trained midwife
are sanctioned.
