Sir,

With reference to the resolution of the
Municipal Council No. 14, dated 6th May 1907 of
which is submitted, I have the honor to request
that the sanction of the Government may be obtained
for closing the burial grounds on the banks of the
river Amaravathi near the Vanjiamman Thurai and
Ardithur Madu.

2. The Sanitary Commission pointed out serious objections to the burial of dead bodies near the river and Government in its review of the Municipal annual reports has called attention to

to them. A new burial ground has been opened on the Vaugal road to the north of the town and this with the old ground near the Railway station will meet with the requirements of the town.

The closing of the burial ground is much objected to on the ground of distance which people living in the Ambata Kara Street and Nicholsonpeth will have to travel to dispose of their dead. The distance is about a mile

or a mile and a half from the westernmost limit of the town and cannot cause any real grievance. No suitable place could be found for a grave yard in the western parts

and the sites selected by the Council were disapproved of by the Sanitary Commissioner

in his notes of inspection dated 18th Sept 96. para 8(h).

2036h

The level of the subsoil water in the selected places was within a depth of 4 feet and other sites proposed were rocky.

3. I request that the orders of the Government may be obtained for the closing of the grounds under

Section 240 of the Municipal Act. I have the honor to be

May 1897, proposing that the burial grounds
in Vaujiamman Thurai and Audi Thurai Medu may
be closed.

Applications will be made to Government
for closing these burial grounds under Section 240.

Sir,

In reply to your memorandum dated 3rd June 1897 No. 631, I have the honor to enclose sketches of the existing and the new burial grounds. The existing grounds on the banks of the river extend to the river bed and during floods become very limited.

The new burial ground is - lower down the river and was visited by the Sanitary Commissioner in August last and no objection was taken by him. It has been in use for over one year having been enclosed and laid out
