Note

The Contention of the owner of the land appears to be that the land forms part of his house and that the whole of his house should therefore be acquired. The municipal Council and the Collector seem to be of opinion that it does not form part of his house. This question is however, one for the decision of the Court, to which the case will have to be referred by the Collector.

Sir

In Submitting herewith a draft Declaration for the acquisition of a Strip of land in the Octacumund Town for the purpose of improving and widening the road at the Charming Cross, I have the honor to request that you will be pleased to obtain the Sanction of Government for the acquisition of the piece in question.

3. From the above letter, it will be seen that the donor desires that the whole of his property maybe acquired under the Act. On the other hand the Municipal Council at the meeting held on the 14th Instant resolved that it is not prepared to do so, as the portion to be acquired will not necessitate the removal of any building or interfere with the same in any way. On inspection of the land in question I find that only a portion of his Compound is cut out and a strip of land for entrance into his premises is still left.
