Sir,

I have the honor to submit

Current registers

fully request a reconsideration
of the same.

In the G.O. referred to
Government has vetoed the
sale of certain land, on the
ground that the Railway expro-

priations will turn to drive off

ment, though not at present
willing to acquire it, considers
it possible that its acquisition
may be advisable in the future.

2. I submit firstly
that it is unfair to the
Municipality whose capital
is locked up in this land
to prevent its realising returns
therefrom at the earliest possible
moment. The financial sit-
uation of the Town is not
at present embarrassed, and
it is advisable to accept the
present opportunity of pro-

fitting by the sales.

3. It is next submitted
that the railway interests cannot
be prejudiced by the present sales.
In any case the railway will
have eventually to acquire the
land, if it is decided to
make use of it, and it
may as well then treat
with the present purchasers,
as with the Municipality.

4. It is further remarked
that the rejection of the present
sales will tend to drive off

capital, which would otherwise
be invested in remunerative
industries. One plot of 4840
square yards has been pur-
chased by R. P. Gill & Co
for use as a site for a lime-
factory, and another by
G. Narasimhan for a lime
kiln, other sites are to be
occupied by houses, and
settle down thus to relieve
the congestion of the town.

5. I submit then
that either these sales should

be permitted, the railway being
left to acquire the land, when
it is ready to do so, or that
the railway be called on to
acquire the land forthwith.
In any case the Municipality
should not be prevented from
realising on a portion of
its invested capital. This
the cancellation of these
sales would mean.

6. I may add that
before the land was put

up to auction the Manager
the East Coast Railway was

consulted, and in his

No. 5393 dated 9.7.95
287

stated that the "land
might be disposed off."
