Sir,

I have the honor to inform you that the Civil Apothecary who is now in charge of this Municipal Hospital is drawing Rs 125/- per mensem including $\frac{1}{4}$ contribution from Provincial funds. But, of late, the Accountant General under G.O. no 179 Financial dated 28th February 97 disallowed the payment of $\frac{1}{4}$ of his pay for the months of March and April 97 saying that $\frac{1}{8}$ contribution is admissible according to the said G.O.

2

It is with great difficulty this poor Municipality is paying Rs 125/- per mensem to the Apothecary in charge of the Hospital including the $\frac{1}{4}$ contribution from Government. Subsequently the Government has reduced their aid from $\frac{1}{4}$ to $\frac{1}{8}$; the remaining $\frac{1}{8}$ must naturally fall upon the Municipality.

3

Considering the present financial condition of this Municipality it is rather too difficult to cope with this extra sum. Moreover this Municipality has been spending annually for about Rs 3,500 for the upkeep of this Hospital when it is really not in such a condition. When compared with the cost of medicines supplied to the Hospital during last year the expenditure under that head during the current year has considerably increased.

4

I therefore request you will be good enough to exert your influence and obtain early sanction from Government for continuing the usual contribution of $\frac{1}{4}$ of the Apothecary's pay.

SIR,

In forwarding the accompanying application from the Chairman, Municipal Council, Bimlipatam, I have the honour to state that there are no junior Civil Apothecaries on Rs: 75 cē. (Pay Rs: 50 with charge allowance of Rs: 25) available to meet the request of the Municipality.

2. Bimlipatam is an important Municipal town and a Port and as such an experienced Civil Apothecary is very necessary there.

3. In this connection, I would invite the attention of Government to my letter no: 26 dated the 15th January 1895 addressed to Government in the Public Department in which the difficulties of getting men on this low rate of pay was
