GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—again the following G.O., Mis. No. 3732, Revenue, dated 20th July 1897:—

Read—the following letter from J. H. A. TREMENHEERE, Esq., C.S., Collector of Nilgiris, to the Secretary to Government, Local and Municipal Department, dated Ootacamund, 1st July 1897, R.C. No. 562—97:—

A portion of Settlement No. 141-F of Coonoor village, measuring about 12 cents, was in the occupation of one Vythyalingum Pillai, formerly an overseer of the Public Works Department at Coonoor, long prior to the Revenue Settlement which took place in 1884. He had no title to the land though he had at first built a thatched and then a tiled house on it. In consideration of his long occupation, he was granted temporary permission in 1884 by Mr. Burrows to occupy the land on payment of assessment at Rs. 10 per acre and on condition of his vacating the land on three months' notice, whenever required by Government. The grant being a temporary one, the land was, at the instance of the Settlement officer, Mr. Branson, registered at Settlement as Government poramboke "latrine and Public Works Department store."

2. In 1895, the Executive Engineer applied for the resumption of this land as it was urgently required by his department. The occupant was accordingly served with a notice to quit in accordance with the terms of his grant and the site was vacated, the house being pulled down by the occupant. Subsequently the Executive Engineer on a personal inspection was of opinion that the site is not well suited from its position for the purpose for which it was intended, and that it will not be required by his department. The late occupant now applied for the permanent alienation of the land to him in consideration of the loss sustained by him. Considering the existence of a municipal latrine on another portion of the same field and its close proximity to the stream on one side and a public road on the other, I thought it advisable to consult the wishes of the municipality before disposing of the application. The council is of opinion that the site "should be reserved for municipal purposes principally for storing sand, as the place where this was done hitherto has been taken up by the Railway." The entire field measures 0.32 acre. I agree with the council in thinking that the whole field should be reserved for municipal purposes, and have the honour to request that sanction of Government may be obtained for the transfer of the land in question to the Coonoor municipal council free of charge. Should the council at any future time derive any income from the purposes for which the land is used, assessment will be charged and collected.
