OFFICE OF SANITARY COMMISSIONER,
Fort St. George, 31st August 1897

LOCAL & MUNICIPAL DEPT.
CURRENT NO. 3123 M

From

SURGEON-LIEUT.-COL. W. G. KING, M.B., C.M., D.P.H.,

SANITARY COMMISSIONER FOR MADRAS,

To

The Secretary to Government,

Local and Municipal Department.

Enclosure.

Sir,

With reference to G.O.No:1835 M Mis dated 21st Augt 1897, I have the honour to respectfully suggest that it is desirable the Municipality of Calicut be required not to utilize the services of the Sanitary Inspectors for purposes of control and inspection of Vaccination. The area covered by the Calicut Municipality amounts to 13 1/2 square miles, and the slender sanitary staff at present employed should have its hands fully occupied even if it gave the most perfunctory attention to the sanitary requirements of the town even did normal conditions exist. At the present time however, Calicut is suffering from an epidemic of cholera that has been present since November last, and to the best of my knowledge has been confronted by far too slender a staff. It is therefore especially undesirable at the present moment that a sanitary Inspector's attention should be diverted from his special duties. I may add that the chances of plague invasion of Calicut also cannot be ignored.

2 In the scheme dealt with by Government in G.O.No:435 dated 17th April 1897, Public, I proposed a special staff for the Municipality of Calicut, Tellicherry, Cannanore, and Mangalore. It seems to me that the adoption of a combined system for these towns offers the most probable solution of the requirement.

I have the honour to be,

Sir,

Your Most Obedient Servant,

W. B. King

Surgeon Lieut Colonel

Sanitary Commissioner for Madras.
