Copy of Communication No 1891 dated 19th December 96 from the Chairman Municipal Council Madura to the Collector of Madura.

I have the honor to inform you that the Chairman brought a proposal at the meeting of the Municipal Council held on the 8th instant, to auction the masonry structure of the old water project, situated between the west veliveedi and west marret street and to utilize the land occupied by it for some suitable purpose but as the ex-officio Councillor Mr. R. Ramachandra Row who was present then expressed his doubts as to the right of the Municipality to the lands, the subject has been allowed to lie over. I therefore beg to request that you will be good enough to make necessary enquiries and favor me with your views in the matter.

Sir,

I have the honor to submit a copy of letter No: 1891 dated 19th December 1896 from the Chairman Municipal Council Madura in which he wishes to know whether the land and ruined masonry structures of the Madura Water Project within the Municipal limits belong to the Council and whether it can dispose of them.

2. From the references quoted in the margin the Board may observe that the old Madura Water Project was designed in 1849 by Captain Horsely, the then Civil Engineer, and it consisted in improving an existing channel taken

1. No: 690 dated 7th August 1851 from the Board of Revenue to the Chief Secretary to Government.
2. Extract from the Minutes of Consultation of Government No: 285 under date the 11th September 1851
3. Do No: 873 dated 5th June 1856 Public Works Department.
4. Government Order No: 2775 P.W.D. dated 29th November 1859.

taken off from the river Vaigai about 4½ miles above Madura and carrying a portion of the water thereof along an embankment to the outskirts of the town; thence taking it by means of a masonry aqueduct across two wide streets &c. The amount of the original estimate sanctioned was Rs 28,605-9-0 which was ordered to be met from the Pagoda funds 18763-10-1 and from the Sivaganga (Rs 9841-14-11) Devastanam funds. This estimate proved insufficient in working and 3 supplemental estimates for Rs 23,400, Rs 6000, and Rs 6500 including cost of land taken up were sanctioned out of the District Road and Income tax funds. The amount altogether expended on the work was Rs 51,200 and the Board is aware that at last the Project was abandoned.

3. Considering the local nature of the sources from which the expenditure was met, I am of opinion that the land and Masonry should be considered to belong within Municipal limits to the Municipality, and outside these limits to the District Board.

4. As the question is not free from doubts I beg that the Board will be pleased to instruct me on the point, if necessary obtaining the Sanction of Government.

I have the honor to be
Sir
Your most obedient servant
Collector
