SIR,

in folio 24-4-97
In continuation of this office Ref B on cur no $\frac{38}{9.7.97}$ of 1897 dated 1st April 1897 and with reference to S.O. no 964 M. dated 24th April 1897, Miscellaneous, I have the honor to state that the Mohomedan Community was consulted regarding the site selected for burial ground in Yinnemully and its members allege that, as the site is far away from the town, difficulty will be experienced by the people in the performance of the prescribed ceremonies on the day of burial and subsequently. They suggest that the existing burial ground might be extended on the

western side by acquiring some land and that in this way burials — should be made 20 yards from the channel which runs close to the burial ground, so as to avoid the contamination of the channel. —

Besides these, a third site was selected by the Council in another part of the town near Kandiaperi.

2. The opinion of the District Medical and Sanitary Officer has been invited, and he states after personal inspection that the proposal to extend the existing burial ground on the western side and to prohibit burials within 20 yards of the — Channel is not acceptable, as the site to be added is under wet cultivation and the soil is pervious and contamination of the channel must follow. The existing burial ground has already been condemned as unsuitable. The third site selected by the Municipal Councilors

Councilors is reported to be also under wet cultivation and surrounded by houses except on one side and to be unfit for use as burial ground.

3. The site selected and approved by the District Medical and Sanitary Officer and in respect of which recommendation has been made for acquisition under the act is reported to be free from any objection, the soil being dry and the site not being in the heart of the town like the other two sites, and the District Medical and Sanitary Officer recommends that this site be adopted.

4. The objections of the Mohomedan Community to the site proposed for acquisition on the ground of long distance does not seem to be of sufficient force to make it necessary to abandon the proposal, as the site is only half a mile more distant than the other two sites.

5. I accordingly request that the draft declaration submitted with Disr 2404 dated 26th December 1896 may be approved and ordered to be published in the North Saint George Gazette.

I have the honor to be,
Sir,
Your most obedient servant

Am. J. J. J.
