Local and Municipal Department

Sir, With reference to the points
noticed on the annual Report
and statements of the Trinevelly
Municipality for 1896-97, I have
the honor to submit the
following explanations.

clause 9 On examination of the records, it is found that 2 Cases taken as Cholera

by the Civil Apothecary have not been communicated to this office and one Case was left out by oversight on account of long interval between the occurrence of that Case and the epidemic which broke out 2 months later on. Hence the difference of 3 Cases.

Clause 10. On examination of the accounts, it is found that only 24 dustbins have been purchased during 1896-97. The number 48 as stated in the Medical Officer's report is incorrect.

Clause 3. As cholera was prevailing and the concerned Teppakulam water was

resorted to very much by the people for drinking purposes the Council, on the representation of the ward Councillor sanctioned the appointment of an additional watch peon on duty to guard the Teppakulam during the night time also, and accordingly a watch peon was engaged only for a month. The resolution of the Council on the matter is enclosed.

I have the honor to be,
Sir,

Your most obedient Servant

P. M. Kailasam Pillai
