Agent Collector of Malabar

To

The Sanitary Commissioner,
Madras.

Sir,
In reply to your letter No. 1570 dated 31st July 1897, I have the honor to state that I still consider it unnecessary for the Calicut Municipality to maintain an observation Corps. The duty of such a Corps, would, I presume, be to watch for the entry of Cholera into the Town. I do not anticipate that much good would result from its labors, seeing that we have already had Cholera in the Town for several months past.

2. The Municipal Council has however employed a special Sanitary and Medical staff for the purpose of ministering to the sick and preventing the spread of the disease - This, I consider to be much more to the purpose. I understand that the arrangements in connection with this staff

325/100/97

Staff have been made in Consultation
with the District Medical and Sanitary
Officer. If you Consider that they are
Capable of improvement, I have no
doubt that your suggestions will be
acted upon by the Council.
