Note.

Up to 1st October 1895, there were four (4) Sanitary Inspectors. One of these men, a Brahmin, was deputed to conduct the few cases of prosecutions placed before the Special Magistrate. In consequence of the loss of land revenue by the decision of the High Court, one of the four inspectors was dispensed with, and the prosecution work was carried on somehow by the other three Inspectors. These men were not used to such work, and the result was that the prosecutions generally failed.

Recently prosecutions having been adopted in nearly all "unsanitary" conditions of houses - drains &c., the Manager of the Office was deputed to conduct the prosecutions. He is obliged to absent himself from the Office sometimes the whole day, and the work of the Office suffers.

It seems to me that the arrangement must be discontinued and the post of Inspector revised. The pay of the appointment which was abolished was Rs 50 a month, and

I think that the sanction of the Government should be solicited for the appointment, and a suitable man procured.

5. The prosecutions have done much good, and should be continued until the people see the necessity for observing sanitary rules, and avoiding prosecutions.

The Secretary to the Government
Local and Municipal Department
Fort Saint George.

Through the collector, the Nilgiris.

Sir,

On the 20th November 1896 I brought to notice of the Municipal Council the necessity of appointing a fourth Sanitary Inspector (vide note attached) to conduct prosecutions. The Council at the meeting held on the 28th resolved that in ordinary cases the Sanitary Inspectors be required to prosecute in special cases that the Chairman arrangements for prosecutions. On the 13th April 1897 District Magistrate of the Nilgiris requested to favor him with an explanation of the extremely large number of Municipal prosecutions which are withdrawn. I on the 15th idem that "the large number of Municipal prosecutions which are fall under the following heads"
a. Vaccination - when the parties or children vaccinated under the

- (a) of the Magistrate.
- (b) Municipal taxes when paid before inquiry or judgment.
- (c) When the parties prosecuted are not to be found in the town, and the relatives of such parties are prosecuted instead.

(d) When processes are not served, and parties are not found even after issue of warrants.

In the month of March 65 cases were withdrawn, and from January to the end of March 107 cases were withdrawn.

"If the Municipal bill collectors were efficient no processes would be issued for the Collection of the taxes. But the men are not efficient, and the only way in which the small taxes Annas and Pies can be collected is by the issue of processes, on receipt of which payment is tendered."

"I am not at all satisfied with the way in which Municipal prosecutions are carried on until a special subordinate is appointed to conduct them the cases withdrawn or not must be large."

Under existing arrangements the work for which Subordinates are retained is neglected so that of their attending the Magistrate's Court to conduct the prosecutions in a perfunctory manner. A circumstance was brought to the notice of the Council in view to the appointment of a special subordinate, but no action has been taken as yet in the matter."

Advertising to the Municipal Council at the meeting held on the 27th August 1897. It was decided to place an advertisement wanting a Subordinate Inspector on a salary of

vide clause (E) para: 51 of the Municipal Administration Report for 1896-97 dated 6th June 1897.

of Rs 50 a month, and resolved that the sanction of the Government be requested for the appointment.

I have the honor accordingly to submit a tabular statement, and to request that, as a special case, the sanction of the Government may be obtained for the appointment of a Prosecuting Inspector, from the date on which he may be employed, on Rs 50 per mensem.

I have the honor to be
