OCTOBER.

Water-supply and Drainage.

Approving, with remarks, certain additions to the form of the statement showing the revenue derived from the water and drainage tax and the details of the ordinary expenditure incurred therefrom on — prescribed in G.O., No. 1594 M., dated 14th July 1897.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From G. HAMNETT, Esq., Chairman, Municipal Council, Ootacamund, to the Secretary to Government, Local and Municipal Department, dated 23rd August 1897, No. 1997.

With reference to the separate subsidiary account required in G.O., No. 1594 M., dated 14th July 1897, I have the honour to submit, for the consideration and early orders of the Government, a statement showing in italics the additions necessary to make the account complete, together with a memorandum explaining the grounds on which the additions are required.

ENCLOSURES.

STATEMENT showing the revenue derived from the water and drainage tax and the details of the ordinary expenditure incurred therefrom on water-supply and drainage.

* The items printed in italics are proposed.

MEMORANDUM.

INCOME.

Penalties on account of the water and drainage tax.—Fines imposed by the Magistrate on convictions for non-payment of this tax must be credited to the water and drainage tax fund.

Grants and contributions from Government towards drainage and water works.—Charges on account of these works are always debited to new works, drainage and water-supply; hence the necessity for bringing the grants to the credit of this fund.

Recoveries on account of services rendered to private individuals for house and drainage services.—In consequence of the expenditure on the drainage and water-supply establishments being debited to this fund, any surplus in the recoveries for work done should be credited to the fund.

Realizations of the Sinking fund.—Provision for investments having been made on the debit side of the account, it is necessary that there should be a corresponding head on the credit side.

Miscellaneous.—To provide for sundry receipts on account of unserviceable pipes, old materials and tools appertaining to the water and drainage works.

EXPENDITURE.

Printing charges connected with water and drainage tax.—Should be provided for on the debit side.

Refunds of other than current collections.—This head is required to show the debit of the vacancy remission disbursed from the water-tax.

ORDER—No. 2230 M., dated 13th October 1897.

The proposed additions to the form of the statement showing the revenue from the water and drainage tax and the details of the ordinary expenditure incurred therefrom on water-supply and drainage, prescribed in G.O., No. 1594 M., dated 14th July 1897, are approved, with the following remarks :—

(1) The details of the revenue derived from the water and drainage tax on buildings and on lands need not be given separately, nor is it necessary to distinguish the collections of the current demand from those of the arrears.

(2) The grants and contributions received from Government and other bodies in aid of water-supply and drainage schemes should not appear in this statement, which is intended to show only the details of the expenditure chargeable to and incurred from the income derived from the water and drainage tax. Moreover from the footnote appended to the form of the statement in G.O., No. 1594 M., dated 14th July 1897, it should appear that under the head "New works" are to be shown only charges on such petty new works as are not debited to the loans raised on account of the initial outlay on the schemes. In order however to make it clear that grants in aid of the schemes and the charges incurred therefrom should not be shown in this statement, the words "grants and" will be inserted between "the" and "loans" in this note and the word "raised" occurring after "loans" will be omitted.

P.S. ORDER. No 2230 M., dt 13.10.97.

The proposed additions to the form of the statement showing the revenue from the water and drainage tax and the details of the ordinary expenditure incurred therefrom on water supply and drainage, prescribed in G.O. No 1594 M., dated 14th July 1897, are approved, with the following remarks:—

- (1) The details of the revenue derived from the water and drainage tax on buildings and on lands need not be given separately, nor is it necessary to distinguish the collections of the current demand from those of the arrears.
- (2) The grants and contributions received from Government and other bodies in aid of water

and drainage schemes should not appear in this statement, which is intended to show only the details of the expenditure chargeable to and incurred from the income derived from the water and drainage tax. Moreover from the footnote appended to the form of the statement in G.O. No. 1594, m. dated 14th July 1897, it would appear that under the head "new works", are to be shown only charges on such petty new works as are not debited to the loans raised on account of the initial outlay on the schemes. In order ^{however} to make it clear that grants in aid of the schemes and the charges incurred therefrom should not ~~also~~ be shown in this statement, the words "grants and" will be inserted between "the" and "loans" in this note and the word "raised" occurring after "loans" will be omitted.
