8. Read remarks of the Assistant Sanitary
Engineer on letter C no. 1719 of 97 dated 6th
September 1897 from the ^{General} Superintendent of
Police, Karnool regarding the inadequate
supply of water under the new water-works.

The water-works having been in

Completed the Council finds from experience that the number of taps now provided for is entirely inadequate. The Council therefore resolves to request Government to sanction the construction of 40 additional taps for the town as being absolutely necessary.

GOVERNMENT OF MADRAS.

OFFICE OF SANITARY ENGINEER,

Fort St. George, 18th October 1897.

From

J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E.,

SANITARY ENGINEER TO GOVERNMENT,

To

The Secretary to Government,

Local & Municipal Department.

SIR,

In forwarding the enclosed No. 518 of 12th. October 1897 from the Chairman, Municipal Council, Kurnool, I have the honor to inform you that the Water Works including the extension sanctioned in G.O. No. 76.M dated 21st. January 1897 have been completed & were formally made over to the Chairman on the 14th. instant. My staff is now leaving the place & further work of the nature asked for must be done by the Council themselves.

2. It is impossible to advise sanction being given to so vague a request as that now made by the Council who should be requested to state (1) where each of the forty taps they desire to be placed and (2) the funds from which they propose to meet the necessary expenditure.

3. There may be a balance of some few thousand rupees unspent on the estimates when accounts are finally closed, but what this exactly will amount to I am not prepared at present to say.

4. I believe myself that Kurnool owing to its many tortuous and narrow lanes requires more fountains in proportion to its population than any other town and I know several sites where additional fountains would be of

great

great benefit but 40 additional seems a very large number as

Kurnool has already 67 taps for 34,376 people

Trichinopoly has only 109 do 60,000 - do

Tanjore do 135 do 54,390 - do

Madura do 113 do 87,428 - do

I have the honor to be,

Sir,

Your most obedient servant,
