Order. No. 2323 dated 27-10-97

The entertainment of
an additional tollgate keeper on
Rs 3 per mensem, from the 1st July 1897
is sanctioned, but the salary pro-
posed seems too low to ensure even
moderate honesty.

2. An application in the pre-
scribed form for the required
allotment of funds should be sub-
mitted.

3. It is presumed that the toll-
gate at the junction of the roads
from Bellary and Rudrampett is
situated at the boundary of the
Municipality.

Sir,

On the portion of the Bellary road lying within the limits of this Municipality there are two places where two or more roads meet. The toll gate at present put up on this road is at the junction place close to the town limits which generally a good number of carts pass through. It is found that occasionally a large number of carts coming from the western villages with export goods cross the other point aforesaid which is nearly a furlong further up the toll gate and get to the Railway Station by the Cart-track close by and after unloading go back the same way to their villages. Thus these escape the payment of

of tolls which is estimated at Rs 100/10 a year.

It has therefore been found necessary to appoint an assistant Toll keeper for the Bellary Toll gate - who should wait at the second named junction place and levy tolls on the Carts crossing it and the Council has approved of the same at its meeting held yesterday.

I have the honor to request that you will be good enough to obtain the sanction of Government for the entertainment of this additional hand on Rs 3/10 per mensem from the 1st instant.

A proposition statement and a copy of the Council's resolution are herewith submitted.

I have the honor to be

The Collector of
Anantapur.

Sir,

Adverting to Memorandum No. 859, dated 9th August 1897. received in this office on the 3rd instant, I have the honor to submit herewith a sketch, prepared as directed showing the position of the existing and the proposed additional Toll gates on the Bellary Road and to request that the Sanction of Government may be obtained at your earliest convenience for the entertainment of a Toll keeper for this gate on Rs. 3. per mensem. —

From the sketch it is clear that Carts and animals bringing goods from the western side villages get to the goods-shed by the Cart track branching off from the main road at a point just close within

10
within the Municipal limits and return the same way without coming into the town. — It is to collect tolls from these carts⁺ animals only, that the proposed Toll gate is necessary. —

Were the present Toll gate on the Bellary Road near the Collector's quarters and the southern Municipal boundary where the road from Rudrampett and other southern side villages meets shifted to the proposed site, those coming this side escape tolls. The Toll keeper at this additional gate entertained in anticipation of sanction as stated in my letter under reference has from the 1st July 1897 to the 20th instant collected Rs. 35-10-0. which would have otherwise been a loss to the Municipality. —
