Enclosure.

With reference to your endorsement No 819 dated 3rd August 1897, I have the honor to state that the Chairman of the Municipal Council, Madura consulted me demi-officially before giving the appointment to Certificated Sanitary Inspector Nallaswami Pillai. I informed him, having regard to his general efficiency and intelligence and special experience of Madura, that I considered the man might be appointed on probation. The appointment, however, is one of convenience and not one that meets my approval. I consider that Madura should possess a man of far better standing than the man in question. Such a man, however, I am not in a position to offer at the present time, as the Chairman considered the only Hospital Assistant available with a Sanitary Inspector's Certificate already supplied is unsuitable - this indeed having

given rise to the present vacancy.

2. In this connection I would invite the attention of Government to the correspondence ending with G.O. No. 1881 in this dated 6th November 1896. In my letter No. 1913 dated 14th October 1896 embodied in this G.O. I specially pointed out that the sum offered by the Council was not sufficient to obtain the class of man requisite. In short, the pay allowed will not suit the requirements of Madura.

3. I would suggest that Government require the salary to be raised to Rs 75-100 plus Rs 15 horse allowance as suggested in my letter No. 1913 dated 14th October 1896. If that were done and the Chairman were to notify to me that he would accept my nomination, I could doubtless secure that a man holding the L.M.S. degree would undergo the necessary training in the Sanitary Inspector's class for the Certificate. This is the class of man really requisite.
