- I agree with the chairman and the Divisional officer regarding the desirability of recognizing certain burial and cremation grounds and closing the rest, which are situated very close to habitations or drinking water sources. The chairman has been asked to submit a sketch showing in one view all the burial and cremation grounds now in use, and those proposed to be newly opened or closed. It will be submitted to Government on receipt.
- When the acquisition of the sites now required for the Mahomedan and native Christian burial grounds is completed, a formal notification under Sec 240 of Act IV of 1884 may be published closing the objectionable mahomedan burial grounds now in use.
- The Council is in a position to meet the cost of acquiring the required sites, at present.

No 673

Municipal office
Mocanada 20th Aug 1897

From MARY K. Pennagegaru,
Chairman, Municipal Council,
Mocanada.

To The Secretary to Government
Local and Municipal Department
— Madras
Through the Head Quarters Deputy Collector
Mocanada
and the collector,
Godavari District
Mocanada.

Sir,

In continuation of my letter
No. 633 dated 11th August 1897, I have
the honour to inform you that I
have taken up the general question of
the burials and burning grounds of
the town. The resolution of The Council
is enclosed. It is proposed to keep a
register of these and prohibit the burying
and burning of corpses in other places.

may well suit the requirements

This I think is quite necessary in the interests of Sanitation. In recognizing the existing ones, due regard to public Convenience is had and only those open to serious objection are directed to be closed.

As to locanada, the following are to be recognized.

1 Cemetery { This is an old graveyard near Chidambaram used for Europeans and native Christians. It is now almost out of use. There is a large Cemetery for Europeans in Jagannathapur (Plan enclosed)

2 Native Christian Burial ground { A sketch of the site proposed to be acquired was submitted with my letter No. 633 dated 11th August 1897. The extent is 1a.4c. It is remote from the town. *new*

3. Mahammedan Burial ground { A sketch of the site was forwarded with the above letter. The extent is 2a.28c. *new*

The land for Nos. 2 and 3 belongs to The Pilgrimage *no.*

Estate. It is proposed to acquire the same on payment of an annual quit rent as in the case of the neighbouring land for Rameswari Rao's estate.

The amount cannot but be small and will be paid from the closing balance or provided for during the next year.

I may add that in the closing balance the cart stand compensation

Rs 6,970 of already received will have to be included and the closing balance,

thus admits of this payment, as well as the cost of putting the grave ground in order after Council's resolution.

new
4 Burning and burial ground north-east of Rajah's Hall *no*

The extent is 11a.25c. This was acquired already. It is well suited for the purpose being at a distance from the town.

As to Jagannathapur

5. Burning ground near Chidambaram *no*

This is a large open ground outside of the limits and has long been in use, in

the salt river bank. The District Board constructed a rest house. The distance is a mile from the south-west end of the town.

6. Davaiah Peta burning ground } This is in use, beyond the salt pans at a distance of more than 2 furlongs from the outskirts of the town Southeast.

7. Burning ground near Robertson River } This is to the west of the town at 2 furlongs distance from the town in the midst of open ground.

8. European Cemetery } This is near Davaiah Peta well enclosed by walls and has been in use.

9. Mahamudai Burial ground } This is near Narasimhan's road about $1\frac{1}{2}$ acres in extent with monuments here and there and enclosed by masonry walls.

10. Grave yard of Gold Smith and other Castes } This is to the west of Cooster Peta at some distance. The extent is 4 acres as shown in the plan. It is overgrown

with prickly pear. If this is cleared and boundary hedge formed, the area will answer the purpose.

3. There is a vacant site between the grave yard and Masu Vari garden of the extent 77 cents. This belongs to Government. It is proposed to close the burial ground of Duda Kulu people near the Tank bund as being close to habitations, and allot the said 77 cents for the purpose. The whole ground there will be enclosed with partition hedge.

This is the only one in Jagannatha pur that is to be closed. As to the Mahamudai Burial ground in Kocanada directed to be closed, I have already sent my proposals. I submit that the above arrangement will suit the requirements

3 The sites proposed to be acquired for Native Christian
burial grounds and Mahomedan burial ground do
not belong to the Pettapur Estate but form portions
of Carpenter and Blacksmith Service Duan of
Cocanada. Compensation for these sites may be
1-4 to 1-5 and to the

4 may be. The extent of the site applies for by the Municipality
for Hindu burial grounds is A 12-27 and not A 11-25.
5 There appears no objection to grant the 77 Cents
of Government waste land lying between the game
yard of goldsmiths &c and Masumari garden
to the Municipality for a burial ground for
Sudakula people in lieu of the existing one
which is near dwelling houses.

Memorandum

I think it is high time to keep a register of the burial and burning grounds and prohibit the burying or burning of corpses in other places. The following may be recognized.

- Cocanada
- 1 Cemetery near Chadeh
 - 2 Mahamadan burial ground near Railway line
 - 3 Christian burial ground near Railway line.
 - 4 Burning ground to the north-east of Rajah's Haveli.

The three Mahamadan and Suddh-Kulu Burial grounds shown in the plan submitted to Government will be closed.

- Jagamashapur
- 1 Burying ground near China Godavary.
 - 2 Daulaiyapeta burning ground.
 - 3 Burning ground near Robertson River
 - 4 European grave yard near Daulaiyapeta.
 - 5 Grave yard for Goldsmiths &c to the west of Hosterpeta.
 6. Mahamadan burial ground on Narasimhan

The grave yard of Dudenkulu and other Castes will be closed being on the Sank bund of Valliah Sank and very close to habitations and site may be given in exchange therefor between Goldsmiths grave yard and mace garden as shown in the plan.

A register and plans of all the recognized places will be kept and persons resorting to other places will be prosecuted. This causes no inconvenience as we recognize almost all the existing ones.

17. Read memo of the chairman as to registering the recognised burial grounds and closing the rest.

Chairman's proposal is approved. A register of the recognized burial and burning grounds will be kept and those that bury or burn corpses in any other place will be prosecuted. The burial ground near the Sank bund, Jagannathapuram and the Mahamadan burial ground in Cocanada near Market Sank, on Robertson's and Suriakapal.

be closed. Site between Macu Combonu
and the existing gold smiths burial
ground of the extent of 77 cents will
be given in exchange for the grave
yard near the Laith land now direct
ed to be closed. As the grave yards
are now uncared for with overgrowth
of prickly pear and nuisance these
will be cleared and boundary hedges
formed and wells sunk. Rs 200/-
sanctioned for the purpose.
