CHAIRMAN,

Municipal Council,

TRICHINOPOLY.

To,

The Chief Secretary to Government,
Local and Municipal Department,

FORT ST. GEORGE.

Through the Collector of Trichinopoly.

SIR,

With reference to G.O. No. 1542 M
his dated 5th July 1897, I have the honor
to forward herewith a copy of the resolution
of the council passed on the subject at its
sitting held on the 5th Instant. It will be
seen from the above that not only the supply
of water but also the machinery will have to be
increased considerably.

I have the honor to be

Yours most obedient servant

Khari Davaighan
Chairman.

2. Probably the professional opinion of
the Sanitary Engineer is necessary, and it
seems desirable that he should inspect
the works.

Read. Government order No. 1542 M.
his dated 5th July 1897, stating that there
seems no reason for the Municipal Council
of Trichinopoly to delay or hesitate in accepting
the Spirangam project as a part of the Trichinopoly
Scheme.

With reference to the observations of
Government

Government in para 1, the Council begs to draw the attention of Government to para 4 of the Chairman's letter to the Government No. 22 dated 10th July 1897. and to the facts that there are only 3 engines at present, of which 2 are reported to be defective and it has been found necessary to work 2 engines at a time to supply the town (of which one half only has been laid with pipes), the Railway and the Jail.

Extension of water supply to Srirangam

Local and Municipal Department.

For Orders.

Please see the notes and orders

in G.O.No.1542 M, dated 5th July 1897.

2. With reference to the remark made by the Government in para.1 of that order that the objections of the Trichinopoly Municipal Council to share the water supply with Srirangam are not well founded and that there seems no reason for the Municipal Council to delay or to hesitate in accepting the Srirangam project as a part of the Trichinopoly scheme, the Municipal Council of Trichinopoly now draws the attention of Government to para.4 of the Chairman's letter (current No.2593) in the linked file, complaining of the insufficiency of the existing sources and means of water-supply.

3. The Sanitary Engineer who has inspected the work lately, however, observes (vide cur.No.3073 in the linked file) that the short supply complained of is due to the insufficient number of wells constructed and that additional wells are required. The Sanitary Engineer has been repeatedly pointing out that the number of wells should be increased for Trichinopoly (vide para.13 of his letter printed on page 4 of G.O.No.1731 M, dated 10th October 1896, his letter on page 6. ibid, and para.5 of his letter in G.O.No.1362 M, dated 5th June 1897) and this the Municipal Council will have to do whether or not Srirangam is

accepted

Vide para. 4 of his letter.
