FEBRUARY.

Municipal Budget.

Reviewing the Tuticorin — for 1897-98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. J. M. B. ROCHE VICTORIA Avargal, Chairman, Municipal Council, Tuticorin, to the Secretary to Government, Local and Municipal Department, dated 24th December 1896, No. 534.

Copy of the resolution of the council.
Educational budget estimates (through the Director of Public Instruction).
A proposition statement of revision of establishment.
Extracts of budget estimates.

I have the honour to forward herewith, for sanction, the budget estimates of receipts and charges of this municipality for 1897–98 as adopted by the council in their meeting held on Monday, the 21st instant, a copy of which is enclosed together with papers noted in the margin.

REVISED ESTIMATES FOR 1896–97.

Receipts.

2. The year is expected to have a total receipt of Rs. 49,200 including the opening balance of Rs. 11,336 as reviewed in G.O., No. 1537 M., dated 10th September 1896. Compared with the budget estimates for the year, there is an increase of Rs. 990, which is due to the increased receipts under rates and taxes, sale of lands and unserviceable articles, income from slaughter-house, and contribution from the taluk board on account of dispensary, counterbalanced, however, by decrease under the opening balance, receipts from the hospital 4 (*e*) (i) and (ii), and fines, the causes of which have been explained in Statement VI where needed.

Charges.

The expenditure is fixed at Rs. 44,700.

3. *Grant 1, New Works—Buildings.*—The sum of Rs. 2,500 provided for a public market is not likely to be utilized during the current year as the estimate prepared by the Sanitary Engineer for same is said to amount to from Rs. 15,000 to Rs. 20,000. The plan has now been referred to a sub-committee with a view to reduce the number of stalls, and consequently the estimate, so as to meet the requirements of the town ; hence the amount has been omitted. But Rs. 1,225 sanctioned in G.O., Mis. No. 1699 M., dated 5th October 1896, for purchase of a site for Roman Catholic burial-ground, have been added to it as the Collector has been already requested to acquire the land under the Land Acquisition Act.

4. *Grant 2*—(1) (*b*) *Stipends to Normal Students.*—Only one Muhammadan, who has been a teacher in municipal salary-result school, has been sent up for training in the board normal school, and his stipend only has therefore been entered here.

5. *Grant 4.*—Under *Lighting Contingencies*, the revised estimate exceeds the budget by Rs. 500, which is due partly to the high price of kerosene oil and partly to the extra cost incurred by keeping the town lit up all through nights during the whole month in the rainy weather.

6. (9) (v) *Other Items.*—Rs. 1,105 have been entered in the revised estimate against Rs. 400 budgeted for. The expenditure has swelled on account of a civil suit filed against the municipality by the people of Vadi street in the town, who moved the Sub-Court to establish their rights to the exclusive possession of the street and to issue a perpetual injunction to the council not to interfere with their rights. The suit was,

however, decreed in favour of the council, as already reported in paragraph 9 of the Chairman's letter embodied in G.O., No. 127 M., dated 25th January 1895, against which the plaintiff appellants preferred an appeal to the High Court, who reversed the decree of the lower court and upheld the cause of the people with costs to be paid by the council ; hence the large increase under the item.

7. The year is expected to close with a balance of Rs. 4,500 to be carried forward to the ensuing year's budget.

BUDGET ESTIMATES FOR 1897–98.

Receipts.

8. The council expect to realize from all sources Rs. 38,850, against the revised estimate of Rs. 37,860. They have resolved to extend the tax on arts, &c., to the last two classes of the schedule as suggested in G.O., No. 1537 M., dated 10th September 1896, and accordingly added Rs. 900 under the item. They have also proposed to revise the tax on lands expecting to have an increase of Rs. 50 under it. The income under "Tolls" is reduced by Rs. 175 lest there will be no such keen competition this year as the previous year.

9. Under *Grants and Contributions from Provincial Funds on account of Education*, the council regret their inability to find funds for conforming to all the suggestions of the Educational authorities, viz., the raising of the pay of the gymnastic instructor from Rs. 15 to Rs. 20 a month and the construction of a Panchama school house for which Rs. 1,000 were estimated. The council, therefore, calculate only Rs. 280 from provincial funds on account of stipends for two normal students and grants for a gymnastic instructor and a drawing master on Rs. 15 each and results grants for (Rs. 70 + 180 + 30) instead of Rs. 640 as proposed by the Assistant Inspector of Schools. Other items agree more or less with the revised estimate and call for no remarks.

Expenditure.

10. *Grant 1.*—Under *New Works*, the council have deferred, for the present, providing anything except under "Drainage," against which Rs. 200 only have been allotted for constructing a drain over a certain portion of Kaliappa Pillai street. There is not a single drain on the northern side of the railway station for carrying off storm water that accumulates thereabouts. To start with, a small provision has been made to complete the work in due course so as to empty itself into the drainage channel within the railway compound. The usual provisions for dust-bins and iron latrines were not made also during the year, as there have been no funds available for same. The same reason also holds good for want of provision for a venereal ward as suggested by the District Medical and Sanitary Officer.

11. *Repair.*—Rs. 6,000 have been provided for "Repair—Communications" against Rs. 5,000 in the revised estimate. Rs. 850 have been set apart for repair of buildings as detailed in Statement II, Part II. Under drainage repair, a sum of Rs. 350 has been allotted with a view to make necessary change in the existing drain on the Great Cotton road so as to correspond with the level of the drain to be constructed by the Public Works Department on the foreshore lately reclaimed by Government. The other provisions are as usual.

12. *Grant 2.*—The total expenditure is estimated to be Rs. 3,810 against the revised estimate of Rs. 3,700, and yet it is below the figure recommended by the Director of Public Instruction by Rs. 60, which is due to the increase recommended for gymnastic instructor negatived by the council for want of funds at present. The statements received from the Assistant Inspector of Schools have been submitted through the Director of Public Instruction, together with usual extracts of the budget statement.

13. *Grant 3, Hospitals and Dispensaries.*—The revised estimate is only repeated here besides a small sum of Rs. 28 provided for payment to the district board as the rateable contribution towards the clerks in the office of the District Medical and Sanitary Officer, Tinnevelly, as requested by the President, District Board.

14. (5) *Conservancy* (*a*) (i) *and* (ii) *and* (*b*) (ii).—The council propose to increase the staff during the year by an additional scavenger and a sewage-water cartman on Rs. 6 each and a boy or a female scavenger on Rs. 4 a month, and to increase the

number of iron night-soil and wooden sewage-water carts, which are now only four and five respectively. The wooden night-soil carts will also be substituted by one or two iron ones as funds are available. The cesspools are increasing in the town and one cart for each ward is not found to fully answer the purpose in some of the wards and hence the council propose to introduce an iron sewage-water cart; four or five hand night-soil carts will also be purchased during the year, in order to facilitate the work now rendered by double-bullock carts attended to by two scavengers. Hence increased provision under the heads over the budget figure although they agree with the revised estimates which have been prepared according to additional allotments sanctioned in G.O., Mis. No. 2081 M., dated 7th December 1896, in view of bubonic plague.

15. *Grant 4.*—Under *Lighting Contingencies*, an additional allotment of Rupees 200 has been made for the purpose of increasing the number of lights in the town and meeting any contingencies in connection therewith.

16. *Public Garden.*—Seedlings have been purchased and planted and consequently the allotment under contingencies has been reduced. The council intend manuring the northern part of the garden.

17. The other items for which Rs. 350 have been provided consist of the usual item of Rs. 150 as remuneration to prosecuting vakil, Rs. 60 for hot weather charges, Rs. 70 for law charges, Rs. 20 for assessment on lands, and Rs. 50 for other expenses such as rewards for killing stray dogs, pigs, &c.

18. *Grant 5.*—There is no change under the grant except under (*d*) Office Contingencies, against which a sum of Rs. 85 has been added to the revised estimate for stationery and furniture.

19. The grand total of expenditure will thus stand to be Rs. 38,950, closing the year with a balance of Rs. 4,400.

Forwarded.

27*th December* 1896. (Signed) J. H. ROBERTSON,
Ag. Sub-Collector.

Cur. No. 2299-G1.

Submitted.

REVISED ESTIMATE FOR 1896–97.

2. It is satisfactory to note that a general increase under taxes is expected.

3. The council is, no doubt, not in a position to utilise the allotment of Rs. 2,500 for a public market before the close of the current year for reasons explained in the Chairman's letter, paragraph 3. But the council should pay attention to the remarks of the Sanitary Commissioner in paragraph 8 of his inspection notes printed in G.O., No. 994 M., dated 13th June 1896, and enforce the sanitary provisions of the law to keep the private markets in a fairly sanitary state and withhold licenses for the coming year unless the sanitary improvements suggested are carried out.

4. It is hoped that the provision of Rs. 1,225 for the acquisition of a piece of land for the Roman Catholic burial-ground will be utilised and that the closure of the existing burial-grounds within the town will become an accomplished fact before the close of the current year.

5. The collection under tax on arts and buildings and the expenditure on "Communications—New Works and Repairs", during the first eight months of the year, are not satisfactory.

BUDGET ESTIMATE FOR 1897–98.

Expenditure.

6. The council's explanation of want of funds for revising the pay of the gymnastic instructor and for construction of a Panchama school seems reasonable; but the latter subject should receive attention as early as practicable.

7. The increased provision of Rs. 1,000 under road repairs is justified by the very heavy traffic on some of the more important roads.

8. The proposal to increase the conservancy staff by a scavenger and a sewage-water cartman on Rs. 6 a month and a boy or female scavenger on Rs. 4 a month may be approved. The strength of the conservancy staff should gradually be brought up to the scale suggested by the Sanitary Commissioner in his last inspection notes.

9. It is proposed to spend Rs. 700 under lighting charges over and above the budget provision for 1896–97 with a view to increase the number of lights. It seems, however, doubtful whether the funds are not required for more important purposes. The Chairman, in paragraph 10 of his letter, notices that the usual provision for dust-bins and iron latrines was not made owing to want of funds. The extra provision of Rs. 700 under lighting charges, or part of that sum, might perhaps be more profitably employed for conservancy purposes.

10. The proposed expenditure under the private scavenging system is Rs. 100 in excess of the anticipated receipts. It is desirable that this system should be self-supporting, and it is hoped that the municipal executive will see to its extension.

11. The discrepancies noted below have not been explained by the Chairman:—

(*a*) The tax on lands and buildings under item 2 is Rs. 12,525 according to sanctioned budget for 1896–97, while Rs. 12,530 is shown under these items for that year in the budget of 1897–98.

(*b*) The sanctioned budget for 1896–97 shows Rs. 230 under items 4 (*a*) and (*b*) of receipts, while Rs. 235 is shown in the budget for 1897–98 under the corresponding item.

(*c*) The sanctioned budget for 1896–97 provides Rs. 6,660 under item 1, Grant 3, while in the budget for 1897–98 only Rs. 6,500 is shown under the corresponding item.

TINNEVELLY, 6*th January* 1897. (Signed) A. W. B. HIGGENS,
Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, Madras, to the Secretary to Government, Local and Municipal Department, dated 7th January 1897, No. 185.

Adverting to the budget estimate of the Tuticorin Municipality for 1897–98, I have the honour to state that the provision therein made for education is adequate and may be accepted. The net expenditure to the council under Grant 2 is Rupees 3,530 (Rs. 3,810—280), which is nearly 11 per cent. of its estimated receipts from taxation, rents and markets.

2. As the Panchama school in the municipality appears to stand in need of a good building, I beg to request that the council be advised to take steps in this direction as soon as possible.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated 23rd January 1897, No. 17.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Tuticorin Municipality for the year 1897–98 is sufficient and calls for no further remarks.

ORDER—No. 236 M., dated 18th February 1897.

The estimated receipts and charges of the Tuticorin Municipality for 1897–98, as passed by Government, are compared below with the budget and revised estimates for the year 1896–97 and the actuals of 1895–96:—

	Actuals, 1895–96.	Budget estimate, 1896–97.	Revised estimate, 1896–97.	Budget estimate, 1897–98.

Revised Estimate for 1896–97.

2. The current receipts and charges are now estimated at Rs. 37,860 and Rupees 44,700, respectively, against Rs. 36,710 and Rs. 43,360 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on vehicles and animals, tolls and sale-proceeds of lands, while that in the charges which appears under Grants 3 and 4 is partly counterbalanced by a decrease under Grants 1 and 2. The

Government approves the remarks of the Collector in paragraphs 3, 4 and 5 of his forwarding endorsement, to which the municipal council's careful attention is drawn. No further delay should occur in completing the acquisition of the land for the Roman Catholic burial-ground. A copy of the judgments in the Sub-Court and the High Court in the case referred to in paragraph 6 of the Chairman's letter should be submitted for the information of Government. The contribution for the central office establishments will be raised from Rs. 210 to Rs. 270 with reference to G.O., No. 2391 L., dated 17th December 1896. The balance to be carried forward to the ensuing year's budget will then be Rs. 4,440.

Budget Estimate for 1897–98.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 38,850 against the revised estimate of Rs. 37,860, the increase being chiefly under the tax on arts. The municipal council's proposal to extend this tax to the last two classes of the schedule, referred to in paragraph 8 of the Chairman's letter, is sanctioned. The attention of the municipal council will be drawn to the remarks of the Collector in paragraph 10 of his endorsement.

4. *Charges.*—The probable charges are entered as Rs. 38,950 against Rs. 44,760 in the revised estimate, the decrease being mainly under Grant 1.

(1) *Grant 1.*—With reference to paragraph 9 of the Collector's endorsement, a sum of Rs. 500 will be provided under New works—Buildings for the construction of latrines, dust-bins, &c., a corresponding reduction being made under Grant 4. Lighting contingencies. This amount, however, should not be spent until the plans and estimates are approved by competent authority, for which early arrangements should be made.

(2) *Grant 2.*—The municipal council's attention will be drawn to paragraph 6 of the Collector's endorsement and paragraph 2 of the Director's letter read above. A Panchama school-house seems much required, and if funds should become available during the year, the building should be put in hand.

(3) *Grants 3 and 5.*—The circumstances under which it is proposed to contribute towards the cost of the District Medical and Sanitary Officer's establishment should be explained. Meanwhile, the amount provided for this purpose will be allowed to stand. The provision for cholera charges will be raised from Rs. 300 to Rs. 1,000 with reference to the rules issued in G.O., No. 1536 M., dated 9th September 1896. The remaining allotments for sanitation and vaccination will be passed subject to the remarks of the Sanitary Commissioner. The contribution for the central office establishments will be raised from Rs. 210 to Rs. 414, or Rs. 410 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896.

5. The budget, as revised by Government, closes with a balance of Rs. 3,430 or 8·8 per cent. of the estimated receipts.

FEBRUARY.

Municipal Budget.

Reviewing the Tuticorin — for 1897-98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From M.R.Ry. J. M. B. ROCHE VICTORIA Avargal, Chairman, Municipal Council, Tuticorin, to the Secretary to Government, Local and Municipal Department, dated 24th December 1896, No. 534.

Copy of the resolution of the council.
Educational budget estimates (through the Director of Public Instruction).
A proposition statement of revision of establishment.
Extracts of budget estimates.

I have the honour to forward herewith, for sanction, the budget estimates of receipts and charges of this municipality for 1897–98 as adopted by the council in their meeting held on Monday, the 21st instant, a copy of which is enclosed together with papers noted in the margin.

Revised Estimates for 1896–97.

Receipts.

2. The year is expected to have a total receipt of Rs. 49,200 including the opening balance of Rs. 11,336 as reviewed in G.O., No. 1537 M., dated 10th September 1896. Compared with the budget estimates for the year, there is an increase of Rs. 990, which is due to the increased receipts under rates and taxes, sale of lands and unserviceable articles, income from slaughter-house, and contribution from the taluk board on account of dispensary, counterbalanced, however, by decrease under the opening balance, receipts from the hospital 4 (*e*) (i) and (ii), and fines, the causes of which have been explained in Statement VI where needed.

Charges.

The expenditure is fixed at Rs. 44,700.

3. *Grant 1, New Works—Buildings.*—The sum of Rs. 2,500 provided for a public market is not likely to be utilized during the current year as the estimate prepared by the Sanitary Engineer for same is said to amount to from Rs. 15,000 to Rs. 20,000. The plan has now been referred to a sub-committee with a view to reduce the number of stalls, and consequently the estimate, so as to meet the requirements of the town; hence the amount has been omitted. But Rs. 1,225 sanctioned in G.O., Mis. No. 1699 M., dated 5th October 1896, for purchase of a site for Roman Catholic burial-ground, have been added to it as the Collector has been already requested to acquire the land under the Land Acquisition Act.

4. *Grant 2*—(1) (*b*) *Stipends to Normal Students.*—Only one Muhammadan, who has been a teacher in municipal salary-result school, has been sent up for training in the board normal school, and his stipend only has therefore been entered here.

5. *Grant 4.*—Under *Lighting Contingencies*, the revised estimate exceeds the budget by Rs. 500, which is due partly to the high price of kerosene oil and partly to the extra cost incurred by keeping the town lit up all through nights during the whole month in the rainy weather.

6. (9) (v) *Other Items.*—Rs. 1,105 have been entered in the revised estimate against Rs. 400 budgeted for. The expenditure has swelled on account of a civil suit filed against the municipality by the people of Vadi street in the town, who moved the Sub-Court to establish their rights to the exclusive possession of the street and to issue a perpetual injunction to the council not to interfere with their rights. The suit was,

however, decreed in favour of the council, as already reported in parag[illegible] of the Chairman's letter embodied in G.O., No. 127 M., dated 25th January [illegible] against which the plaintiff appellants preferred an appeal to the High Court, who[illegible]d the decree of the lower court and upheld the cause of the people with costs t[illegible]id by the council; hence the large increase under the item.

7. The year is expected to close with a balance of Rs. 4,500 to be carried forward to the ensuing year's budget.

Budget Estimates for 1897–98.

Receipts.

8. The council expect to realize from all sources Rs. 38,850, against the revised estimate of Rs. 37,860. They have resolved to extend the tax on arts, &c., to the last two classes of the schedule as suggested in G.O., No. 1537 M., dated 10th September 1896, and accordingly added Rs. 900 under the item. They have also proposed to revise the tax on lands expecting to have an increase of Rs. 50 under it. The income under "Tolls" is reduced by Rs. 175 lest there will be no such keen competition this year as the previous year.

9. Under *Grants and Contributions from Provincial Funds on account of Education*, the council regret their inability to find funds for conforming to all the suggestions of the Educational authorities, viz., the raising of the pay of the gymnastic instructor from Rs. 15 to Rs. 20 a month and the construction of a Panchama school house for which Rs. 1,000 were estimated. The council, therefore, calculate only Rs. 280 from provincial funds on account of stipends for two normal students and grants for a gymnastic instructor and a drawing master on Rs. 15 each and results grants for (Rs. 70 + 180 + 30) instead of Rs. 640 as proposed by the Assistant Inspector of Schools. Other items agree more or less with the revised estimate and call for no remarks.

Expenditure.

10. *Grant 1.*—Under *New Works*, the council have deferred, for the present, providing anything except under "Drainage," against which Rs. 200 only have been allotted for constructing a drain over a certain portion of Kaliappa Pillai street. There is not a single drain on the northern side of the railway station for carrying off storm water that accumulates thereabouts. To start with, a small provision has been made to complete the work in due course so as to empty itself into the drainage channel within the railway compound. The usual provisions for dust-bins and iron latrines were not made also during the year, as there have been no funds available for same. The same reason also holds good for want of provision for a venereal ward as suggested by the District Medical and Sanitary Officer.

11. *Repair.*—Rs. 6,000 have been provided for "Repair—Communications" against Rs. 5,000 in the revised estimate. Rs. 850 have been set apart for repair of buildings as detailed in Statement II, Part II. Under drainage repair, a sum of Rs. 350 has been allotted with a view to make necessary change in the existing drain on the Great Cotton road so as to correspond with the level of the drain to be constructed by the Public Works Department on the foreshore lately reclaimed by Government. The other provisions are as usual.

12. *Grant 2.*—The total expenditure is estimated to be Rs. 3,810 against the revised estimate of Rs. 3,700, and yet it is below the figure recommended by the Director of Public Instruction by Rs. 60, which is due to the increase recommended for gymnastic instructor negatived by the council for want of funds at present. The statements received from the Assistant Inspector of Schools have been submitted through the Director of Public Instruction, together with usual extracts of the budget statement.

13. *Grant 3, Hospitals and Dispensaries.*—The revised estimate is only repeated here besides a small sum of Rs. 28 provided for payment to the district board as the rateable contribution towards the clerks in the office of the District Medical and Sanitary Officer, Tinnevelly, as requested by the President, District Board.

14. (5) *Conservancy* (*a*) (i) *and* (ii) *and* (*b*) (ii).—The council propose to increase the staff during the year by an additional scavenger and a sewage-water cartman on Rs. 6 each and a boy or a female scavenger on Rs. 4 a month, and to increase the

number of iron night-soil and wooden sewage-water carts, which are now only four and five respectively. The wooden night-soil carts will also be substituted by one or two iron ones as funds are available. The cesspools are increasing in the town and one cart for each ward is not found to fully answer the purpose in some of the wards and hence the council propose to introduce an iron sewage-water cart; four or five hand night-soil carts will also be purchased during the year, in order to facilitate the work now rendered by double-bullock carts attended to by two scavengers. Hence increased provision under the heads over the budget figure although they agree with the revised estimates which have been prepared according to additional allotments sanctioned in G.O., Mis. No. 2081 M., dated 7th December 1896, in view of bubonic plague.

15. *Grant 4.*—Under *Lighting Contingencies*, an additional allotment of Rupees 200 has been made for the purpose of increasing the number of lights in the town and meeting any contingencies in connection therewith.

16. *Public Garden.*—Seedlings have been purchased and planted and consequently the allotment under contingencies has been reduced. The council intend manuring the northern part of the garden.

17. The other items for which Rs. 350 have been provided consist of the usual item of Rs. 150 as remuneration to prosecuting vakil, Rs. 60 for hot weather charges, Rs. 70 for law charges, Rs. 20 for assessment on lands, and Rs. 50 for other expenses such as rewards for killing stray dogs, pigs, &c.

18. *Grant 5.*—There is no change under the grant except under (*d*) Office Contingencies, against which a sum of Rs. 85 has been added to the revised estimate for stationery and furniture.

19. The grand total of expenditure will thus stand to be Rs. 38,950, closing the year with a balance of Rs. 4,400.

Forwarded.

Cur. No. 2299-Gl.

Submitted.

Revised Estimate for 1896–97.

2. It is satisfactory to note that a general increase under taxes is expected.

3. The council is, no doubt, not in a position to utilise the allotment of Rs. 2,500 for a public market before the close of the current year for reasons explained in the Chairman's letter, paragraph 3. But the council should pay attention to the remarks of the Sanitary Commissioner in paragraph 8 of his inspection notes printed in G.O., No. 994 M., dated 13th June 1896, and enforce the sanitary provisions of the law to keep the private markets in a fairly sanitary state and withhold licenses for the coming year unless the sanitary improvements suggested are carried out.

4. It is hoped that the provision of Rs. 1,225 for the acquisition of a piece of land for the Roman Catholic burial-ground will be utilised and that the closure of the existing burial-grounds within the town will become an accomplished fact before the close of the current year.

5. The collection under tax on arts and buildings and the expenditure on "Communications—New Works and Repairs", during the first eight months of the year, are not satisfactory.

Budget Estimate for 1897–98.

Expenditure.

6. The council's explanation of want of funds for revising the pay of the gymnastic instructor and for construction of a Panchama school seems reasonable; but the latter subject should receive attention as early as practicable.

7. The increased provision of Rs. 1,000 under road repairs is justified by the very heavy traffic on some of the more important roads.

8. The proposal to increase the conservancy staff by a scavenger and a sewage-water cartman on Rs. 6 a month and a boy or female scavenger on Rs. 4 a month may be approved. The strength of the conservancy staff should gradually be brought up to the scale suggested by the Sanitary Commissioner in his last inspection notes.

9. It is proposed to spend Rs. 700 under lighting charges over and above the budget provision for 1896–97 with a view to increase the number of lights. It seems, however, doubtful whether the funds are not required for more important purposes. The Chairman, in paragraph 10 of his letter, notices that the usual provision for dust-bins and iron latrines was not made owing to want of funds. The extra provision of Rs. 700 under lighting charges, or part of that sum, might perhaps be more profitably employed for conservancy purposes.

10. The proposed expenditure under the private scavenging system is Rs. 100 in excess of the anticipated receipts. It is desirable that this system should be self-supporting, and it is hoped that the municipal executive will see to its extension.

11. The discrepancies noted below have not been explained by the Chairman:—

(*a*) The tax on lands and buildings under item 2 is Rs. 12,525 according to sanctioned budget for 1896–97, while Rs. 12,530 is shown under these items for that year in the budget of 1897–98.

(*b*) The sanctioned budget for 1896–97 shows Rs. 230 under items 4 (*a*) and (*b*) of receipts, while Rs. 235 is shown in the budget for 1897–98 under the corresponding item.

(*c*) The sanctioned budget for 1896–97 provides Rs. 6,660 under item 1, Grant 3, while in the budget for 1897–98 only Rs. 6,500 is shown under the corresponding item.

Tinnevelly, *6th January* 1897. (Signed) A. W. B. HIGGENS, *Collector.*

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, Madras, to the Secretary to Government, Local and Municipal Department, dated 7th January 1897, No. 185.

Adverting to the budget estimate of the Tuticorin Municipality for 1897–98, I have the honour to state that the provision therein made for education is adequate and may be accepted. The net expenditure to the council under Grant 2 is Rupees 3,530 (Rs. 3,810—280), which is nearly 11 per cent. of its estimated receipts from taxation, rents and markets.

2. As the Panchama school in the municipality appears to stand in need of a good building, I beg to request that the council be advised to take steps in this direction as soon as possible.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated 23rd January 1897, No. 17.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Tuticorin Municipality for the yea· 1897–98 is sufficient and calls for no further remarks.

Order—No. 236 M., dated 18th February 1897.

The estimated receipts and charges of the Tuticorin Municipality for 1897–98, as passed by Government, are compared below with the budget and revised estimates for the current year and the actuals of 1895–96:—

REVISED ESTIMATE FOR 1896–97.

2. The current receipts and charges are now estimated at Rs. 37,860 and Rupees 44,700, respectively, against Rs. 36,710 and Rs. 43,360 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on vehicles and animals, tolls and sale-proceeds of lands, while that in the charges which appears under Grants 3 and 4 is partly counterbalanced by a decrease under Grants 1 and 2. The

Government approves the remarks of the Collector in paragraphs 3, 4 and 5 of his forwarding endorsement, to which the municipal council's careful attention is drawn. No further delay should occur in completing the acquisition of the land for the Roman Catholic burial-ground. A copy of the judgments in the Sub-Court and the High Court in the case referred to in paragraph 6 of the Chairman's letter should be submitted for the information of Government. The contribution for the central office establishments will be raised from Rs. 210 to Rs. 270 with reference to G.O., No. 2391 L., dated 17th December 1896. The balance to be carried forward to the ensuing year's budget will then be Rs. 4,440.

BUDGET ESTIMATE FOR 1897–98.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 38,850 against the revised estimate of Rs. 37,860, the increase being chiefly under the tax on arts. The municipal council's proposal to extend this tax to the last two classes of the schedule, referred to in paragraph 8 of the Chairman's letter, is sanctioned. The attention of the municipal council will be drawn to the remarks of the Collector in paragraph 10 of his endorsement. Making the cess proportionate to the tax on the house is a rough mode of proportionating it to the work to be done. What is meant the "size" of the privy? The true test would be the quantity removed but that cannot be accurately measured. Is there any ruling of Government against the mode adopted in Tuticorin?

4. *Charges.*—The probable charges are entered as Rs. 38,950 against Rs. 44,760 in the revised estimate, the decrease being mainly under Grant 1.

(1) *Grant 1.*—With reference to paragraph 9 of the Collector's endorsement, a sum of Rs. 500 will be provided under New works—Buildings for the construction of latrines, dust-bins, &c., a corresponding reduction being made under Grant 4. Lighting contingencies. This amount, however, should not be spent until the plans and estimates are approved by competent authority, for which early arrangements should be made.

(2) *Grant 2.*—The municipal council's attention will be drawn to paragraph 6 of the Collector's endorsement and paragraph 2 of the Director's letter read above. A Panchama school-house seems much required; and if funds should become available during the year, the building should be put in hand.

(3) *Grants 3 and 5.*—The circumstances under which it is proposed to contribute towards the cost of the District Medical and Sanitary Officer's establishment should be explained. Meanwhile, the amount provided for this purpose will be allowed to stand. The provision for cholera charges will be raised from Rs. 300 to Rs. 1,000 with reference to the rules issued in G.O., No. 1536 M., dated 9th September 1896. The remaining allotments for sanitation and vaccination will be passed subject to the remarks of the Sanitary Commissioner. The contribution for the central office establishments will be raised from Rs. 210 to Rs. 414, or Rs. 410 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896.

5. The budget, as revised by Government, closes with a balance of Rs. 3,430 or 8·8 per cent. of the estimated receipts.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper :—

From M.R.Ry. J. M. B. ROCHE VICTORIA, Avargal, Chairman, Municipal Council, Tuticorin, to the Secretary to Government, Local and Municipal Department, dated 24th December 1896, No. 534.

Copy of the resolution of the council.
Educational budget estimates (through the Director of Public Instruction).
A proposition statement of revision of establishment.
Extracts of budget estimates.

I have the honour to forward herewith, for sanction, the budget estimates of receipts and charges of this municipality for 1897–98 as adopted by the council in their meeting held on Monday, the 21st instant, a copy of which is enclosed together with papers noted in the margin.

Revised Estimates for 1896–97.

Receipts.

2. The year is expected to have a total receipt of Rs. 49,200 including the opening balance of Rs. 11,336 as reviewed in G.O., No. 1537 M., dated 10th September 1896. Compared with the budget estimates for the year, there is an increase of Rs. 990, which is due to the increased receipts under rates and taxes, sale of lands and unserviceable articles, income from slaughter-house, and contribution from the taluk board on account of dispensary, counterbalanced, however, by decrease under the opening balance, receipts from the hospital 4 (*e*) (i) and (ii), and fines, the causes of which have been explained in Statement VI where needed.

Charges.

The expenditure is fixed at Rs. 44,700.

3. *Grant 1, New Works—Buildings.*—The sum of Rs. 2,500 provided for a public market is not likely to be utilized during the current year as the estimate prepared by the Sanitary Engineer for same is said to amount to from Rs. 15,000 to Rs. 20,000. The plan has now been referred to a sub-committee with a view to reduce the number of stalls, and consequently the estimate, so as to meet the requirements of the town ; hence the amount has been omitted. But Rs. 1,225 sanctioned in G.O., Mis. No. 1699 M., dated 5th October 1896, for purchase of a site for Roman Catholic burial-ground, have been added to it as the Collector has been already requested to acquire the land under the Land Acquisition Act.

4. *Grant 2*—(1) (*b*) *Stipends to Normal Students.*—Only one Muhammadan, who has been a teacher in municipal salary-result school, has been sent up for training in the board normal school, and his stipend only has therefore been entered here.

5. *Grant 4.*—Under *Lighting Contingencies*, the revised estimate exceeds the budget by Rs. 500, which is due partly to the high price of kerosene oil and partly to the extra cost incurred by keeping the town lit up all through nights during the whole month in the rainy weather.

6. (9) (v) *Other Items.*—Rs. 1,105 have been entered in the revised estimate against Rs. 400 budgeted for. The expenditure has swelled on account of a civil suit filed against the municipality by the people of Vadi street in the town, who moved the Sub-Court to establish their rights to the exclusive possession of the street and to issue a perpetual injunction to the council not to interfere with their rights. The suit was,

however, decreed in favour of the council, as already reported in paragraph 9 of the Chairman's letter embodied in G.O., No. 127 M., dated 25th January 1895, against which the plaintiff appellants preferred an appeal to the High Court, who reversed the decree of the lower court and upheld the cause of the people with costs to be paid by the council ; hence the large increase under the item.

7. The year is expected to close with a balance of Rs. 4,500 to be carried forward to the ensuing year's budget.

Budget Estimates for 1897–98.

Receipts.

8. The council expect to realize from all sources Rs. 38,850, against the revised estimate of Rs. 37,860. They have resolved to extend the tax on arts, &c., to the last two classes of the schedule as suggested in G.O., No. 1537 M., dated 10th September 1896, and accordingly added Rs. 900 under the item. They have also proposed to revise the tax on lands expecting to have an increase of Rs. 50 under it. The income under "Tolls" is reduced by Rs. 175 lest there will be no such keen competition this year as the previous year.

9. Under *Grants and Contributions from Provincial Funds on account of Education*, the council regret their inability to find funds for conforming to all the suggestions of the Educational authorities, viz., the raising of the pay of the gymnastic instructor from Rs. 15 to Rs. 20 a month and the construction of a Panchama school house for which Rs. 1,000 were estimated. The council, therefore, calculate only Rs. 280 from provincial funds on account of stipends for two normal students and Rs. 280 from provincial funds on account of stipends for two normal students and grants for a gymnastic instructor and a drawing master on Rs. 15 each and results grants for (Rs. 70 + 180 + 30) instead of Rs. 640 as proposed by the Assistant Inspector of Schools. Other items agree more or less with the revised estimate and call for no remarks.

Expenditure.

10. *Grant 1.*—Under *New Works*, the council have deferred, for the present, providing anything except under "Drainage", against which Rs. 200 only have been allotted for constructing a drain over a certain portion of Kaliappa Pillai street. There is not a single drain on the northern side of the railway station for carrying off storm water that accumulates thereabouts. To start with, a small provision has been made to complete the work in due course so as to empty itself into the drainage channel within the railway compound. The usual provisions for dust-bins and iron latrines were not made also during the year, as there has been no funds available for same. The same reason also holds good for want of provision for a venereal ward as suggested by the District Medical and Sanitary Officer.

11. *Repair.*—Rs. 6,000 have been provided for "Repair—Communications" against Rs. 5,000 in the revised estimate. Rs. 850 have been set apart for repair of buildings as detailed in Statement II, Part II. Under drainage repair, a sum of Rs. 350 has been allotted with a view to make necessary change in the existing drain on the Great Cotton road so as to correspond with the level of the drain to be constructed by the Public Works Department on the foreshore lately reclaimed by Government. The other provisions are as usual.

12. *Grant 2.*—The total expenditure is estimated to be Rs. 3,810 against the revised estimate of Rs. 3,700, and yet it is below the figure recommended by the Director of Public Instruction by Rs. 60, which is due to the increase recommended for gymnastic instructor negatived by the council for want of funds at present. The statements received from the Assistant Inspector of Schools have been submitted through the Director of Public Instruction, together with usual extracts of the budget statement.

13. *Grant 3, Hospitals and Dispensaries.*—The revised estimate is only repeated here besides a small sum of Rs. 28 provided for payment to the district board as the rateable contribution towards the clerks in the office of the District Medical and Sanitary Officer, Tinnevelly, as requested by the President, District Board.

14. (5) *Conservancy* (*a*) (i) *and* (ii) *and* (*b*) (ii).—The council propose to increase the staff during the year by an additional scavenger and a sewage-water cartman on Rs. 6 each and a boy or a female scavenger on Rs. 4 a month, and to increase the

number of iron night-soil and wooden sewage-water carts, which are now only four and five respectively. The wooden night-soil carts will also be substituted by one or two iron ones as funds are available. The cesspools are increasing in the town and one cart for each ward is not found to fully answer the purpose in some of the wards and hence the council propose to introduce an iron sewage-water cart; four or five hand night-soil carts will also be purchased during the year, in order to facilitate the work now rendered by double-bullock carts attended to by two scavengers. Hence increased provision under the heads over the budget figure although they agree with the revised estimates which have been prepared according to additional allotments sanctioned in G.O., Mis. No. 2081 M., dated 7th December 1896, in view of bubonic plague.

15. *Grant 4.*—Under *Lighting Contingencies*, an additional allotment of Rupees 200 has been made for the purpose of increasing the number of lights in the town and meeting any contingencies in connection therewith.

16. *Public Garden.*—Seedlings have been purchased and planted and consequently the allotment under contingencies has been reduced. The council intend manuring the northern part of the garden.

17. The other items for which Rs. 350 have been provided consist of the usual item of Rs. 150 as remuneration to prosecuting vakil, Rs. 60 for hot weather charges, Rs. 70 for law charges, Rs. 20 for assessment on lands, and Rs. 50 for other expenses such as rewards for killing stray dogs, pigs, &c.

18. *Grant 5.*—There is no change under the grant except under (*d*) Office Contingencies, against which a sum of Rs. 85 has been added to the revised estimate for stationery and furniture.

19. The grand total of expenditure will thus stand to be Rs. 38,950, closing the year with a balance of Rs. 4,400.

Revised Estimate for 1896-97.

2. The current receipts and charges are now estimated at Rs 37,860 and Rs 44,700 respectively against Rs 36,710 and Rs 43,360 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on ~~carts~~ vehicles and animals tolls and sale proceeds of lands ~~and~~ while that in the charges which appears under grants 3 and 4 is partly counterbalanced by a decrease under grants 1 and 2. The Govt. ~~approve~~ approves the remarks of the ~~Collr.~~ Collr. ~~Municipal Council's attention will be drawn to~~ in paras 3, 4 and 5 of ~~the~~ ~~Collector's~~ forwarding endorsement, to which the Mun. Council's careful attention is drawn. No further delay shd. occur in ~~acquiring~~ completing the acquisition of the land for the Roman Catholic burial ground.

A copy of the judgts. in the Sub court & the High Court in the case referred to in para 6 of the Chairman's letter shd. be submitted for the infn. of Govt.

The contribution for the central office establishments will be raised from Rs 210 to ~~Rs 190~~ Rs 270 ~~[illegible]~~ with reference to G.O. No 2391L dated 17th December 1896. The balance to be carried forward to the ensuing year's budget will then be Rs 4440.

Budget Estimate for 1897-98.

3. Receipts – The receipts for the ensuing year are put down at Rs 38,850 against the revised Estimate of Rs 37,860, the increase being chiefly under the tax on carts. The Munl. Council's proposal to extend this tax to the last two classes of the schedule referred to in para 8 of the Chairman's letter is sanctioned. The attention of the Municipal Council will be drawn to the remarks of the Collec[illegible]

1 / 56 No of 97

of his endorsement. [The method of assessing the private scavenging fees, which from the note to Statt I appears to have been adopted by the Muni Council is not a proper one. The basis should be the number or size of the privies to be cleaned daily and the fees should be revised accordingly]

Making the cess proportionate to the tax on the house is a rough mode of proportionating it to the work to be done. What is meant by the "size" of the privy? The true test wd be the quantity removed but that cannot be accurately measured. Is there any ruling of Govt. against the mode adopted in Tuticorin?

SK 4/1/97

Flag A that Govt. said number or size SK

4. Charges. The probable charges are entered as Rs 38,950 against Rs 44,760 in the revised Estimate the decrease being mainly under Grant I.

(1) Grant 1. With reference to para 9 of the Collector's endorsement, a sum of Rs 500 will be provided under new works-buildings for the construction of a latrine, dustbins &c, a corresponding reduction being made under Grant 4. lighting contingencies. This amount however should not be spent until the plans and Estimates are approved by competent authority, for which early arrangements shd be made.

(2) Grant 2. The Munl Council's attention will be drawn to para 6 of the Collector's endorsement and para 2 of the Director's letter read above. A Panchama school house seems much required; if funds shd become available during the year the building shd be put in hand.

Query Why shd not R1000 be provided for a Panchama school. The closing bal. is R4400

(3) Grants 3 & 5 sanitary. The remaining allotments for vaccination ...

... 6 percent of the estimated receipts against 10 percent the limit prescribed by Govt. It is very likely that the ... the circumstances under which it is proposed to contribute towards the cost of the District Medl & Sanitary officer's Establishment ... sanctioned ...

Cholera charges will be raised from Rs 300 to Rs 1000 with reference to the rules issued in G.O. No 1536 md d/9th September 1896 –

SK

~~3130 – 8.~~

Commissioner. The contribution for the central office Establishments will be raised from Rs 210 to Rs 414 or Rs 410 in round figures, with reference to G.O. No 2391 L dated 17th December 1896.

5. The budget as revised by Government closes with a balance of Rs ~~4180~~ 3430 or ~~10.6~~ 8.8 per cent of the estimated receipts.

disputes as to the number of persons using the privy. Therefore I think the test of the house tax paid gives as good a practical measure as any other. If the H.M. agrees the portion within brackets will be removed. From the notes of 1893 it appears that Nellore & Trichinopoly found the test as satisfactory as any other; & we have had no complaints so far as I am aware

S.P.R. 11.2.97

I don't see any objection to this method of levying the fees.

H.M.

Please see para. 3 regarding the mode of levying the dues on account of private scavenging. In Tuticorin they are charging in proportion to the house tax for the reasons given in the margin of the para. I think this is as fair a mode as any other. But apparently in G.O. 20.[illegible].93 no 224 M mis. (Flag A) Govt objected to that mode & ordered the charge to be with reference to the number or size of the privies. I doubt if that gives at all a practical test. As there is ordinarily only one privy in a house & the size is probably much the same everywhere. The work however [illegible] paid for is the amount of [illegible] matter [illegible], which is [illegible] to the [illegible]
