Chairman, Municipal Council,
TIRUPATTUR.

To

The Secretary to Government
Local and Municipal Department,
MADRAS.

THROUGH THE COLLECTOR OF SALEM.

Sir,

And the Director of Public Instruction
Madras.

I have the honor to inform you that
the municipal high school has worked at a
profit of Rs. 700 in round figure to the
Council during the year 1896-97. On the
recommutation of the Educational Department
the building is being extended at a cost
of Rs. 1120 for the opening of the VI forms
vide G.O. No. 1267 L. D. dated 24th May 1897.
This is the only important centre for the
northern portion of the Salem District and
the want of a full blown high school is
much felt by the school going boys. As
suggested by the Director of Public Instruction

The Council will make the necessary provision
for the entertainment of two or more qualified
graduates in the Upper Secondary Department.
The strength of the Lower forms is greater than
last year. In the absence of the VI form, the
work of the teachers of the 4th and 5th forms
cannot be sufficiently gauged as there is
no public examination to test the interest
taken by the teachers in the High School Department.
The Educational Officers also including the
Director of Public Instruction are strongly in
favour of opening the VI form. In these
circumstances, I request you to be so good
as to obtain the sanction of Government
for the opening of the VI form at least from
January 1898 when all the classes will be
formed so that the necessary provision
may be made in the revised estimate
of 1897-98.

2. A Copy of the Council's resolution together
with a copy of the letter no 5137 dated 30th August 1897
of the Inspector of schools Western Circle
accompanies.

Chairman

Office of the Inspector of Schools
Salceda 30th August 1897
no 5137
The Inspector of Schools
Western Circle
To. The Chairman, Municipal Council
Tampara
Through the Director of Public Instruction,
I have the honor to report that I examined
the Municipal High School, Tampara on the 16th and
17th instants and found the school in an unsatisfactory
condition. Both the Headmaster and the
Headmistress of the school
seem to have neglected their work. Now, I have
recommended to you a more experienced person to
take charge of the school as without a better
form and in accordance with the fifth form as the
highest form the school, I think is bound to do
well and will not answer the purpose for which
it was intended. With the 16th provided for the
Headmaster's place it is difficult to get a very
good headmaster and even if we get one, he will
not

not be contented, but is sure to be on the look
out for other appointments neglecting meanwhile
his work in the school. This is what happened
in the case of the last two head masters. Many a
parent is too poor to send his son to a high school
either at Salem or Bangalore even for a year
to complete his matriculation course. Hence
many who might join the high school,
should there be a sixth form, does not join
it now. There being no public examination to test
the work of the teachers, they find no adequate
incentive to work their best. The parents, not
finding any tangible results of educating
their children in the shape of a pass in the
University Examination, do not much care to send
their children to the high school.

3. In view of the above circumstances and considering
that the school has been working at a profit
of Rs 146-1-5; Rs 234-4-9, and Rs 465-2-6 for 1894-95,
1895-96, and 1896-97, and is expected to work
at a profit this year too, I request that
provision be made in the next year's budget
to open a sixth form and to appoint a
Head Master on Rs 75 rising to Rs 100 and to open
the

10/10/97.

Chairman,

the sixth form about the middle of January 1898.
The pay of the head master for the 2 1/2 months
of 1897-98, viz, Rs 187 1/2 will be more than covered
by the fees of the pupils and the saving that
shall have accrued before the 15th January 1898.

4. In conclusion I have only to state that the
opening of the sixth form is highly necessary,
and that the fourth and fifth forms alone
by themselves are of little use without a sixth
form; and if the sixth form be not opened these
two forms may be abolished and the school
be reduced to a first grade middle school.

I have the honor to be,
Sir,
Your most obedient servant,
