FROM

A. W. B. Higgins Esquire.,
COLLECTOR OF THE

District,

TO

THE SECRETARY TO GOVERNMENT,
Local & Municipal DEPARTMENT,
Madras.

SIR,

In submitting herewith, a draft de-
-claration for land required for the extension
of the Kuravar street bridge in the Tinnevely
Municipality, I have the honor to report that
the owners of the land do not agree to part
with a portion of their property and de-
-mand the acquisition of the whole at an
exorbitant rate. The area proposed to be
acquired includes a whole house and a
compound attached to it. The owners have
no legal right to demand, as they do, the
acquisition of other adjoining land. Their
statements are enclosed. Their objections are
not valid. I request that the draft declaration
may be approved and published in the
Fort Saint George Gazette.

I have the honor to be,

Sir,
Your most obedient servant,

NOVEMBER.

Bubonic plague
Approval of the proposal of the Surgeon-General
to authorize the Medical Officer
in charge of plague camps to impose
Bubonic Plague.

Approving the proposal of the Surgeon-General to authorize the medical officers in charge of plague camps to impose any punishment which they may deem proper on menial servants, and directing that such punishments should be reported for the information and formal approval of the Presidents of District Boards concerned.

No. 2475 M., 10TH NOVEMBER 1897.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 3rd November 1897, No. 424.

I have the honour to state that the medical officer on plague duty at Ark... fined a toty employed under him annas 8 for repeated disobedience of... His action is criticised and objected to by the President, District Board, North... on the ground that he (the medical officer) should have obtained his (the President's) previous permission since the toty is paid from Local funds under G.O., No. 900 dated 13th April 1897.

2. The right of fining, dismissing and appointing menial servants in plague camps should, I think, rest with the medical officers; otherwise, the work cannot be carried out efficiently, and the medical officers cannot be held responsible for the discipline of their hospitals. Previous references to Presidents of District Boards mean delay, and such delays might at times be very dangerous. In the interests of the public, it is most essential that the discipline of plague observation and segregation camps should be as strict as possible.

3. Under these circumstances, I request that, as a special case, Government will be pleased to authorize medical officers in charge of plague camps to deal with all menial servants, reporting their action at once for the information of the Presidents, District Boards, concerned.

ORDER—No. 2475 M., dated 10th November 1897.

The Surgeon-General's proposal in paragraph 3 of his letter read above is approved; but the medical officers in charge of plague camps should report, for the information and formal approval of the Presidents of the District Boards concerned, any punishments which they may see proper to impose.
