The Collector is requested to ascertain and report whether the construction of Ramakrishna Raopeta, for which it is proposed to acquire the lands in question, has anything to do with the scheme for the improvement of Cocanada, sanctioned in G.O. No. 1135 M dated 10th May 1897; and if not whether this proposal has been approved by the Sanitary Board as required by Rule 8 of the rules issued in G.O. No. 1698 L dated 18th September 1896. He should also state the circumstances under which this work has been undertaken by the Municipal Council and how the Council proposes to meet the cost of acquiring the lands in question for which

FROM

V. A. Brodie Esq.,

COLLECTOR,

Godavari District.

To

THE Secretary to Government
Local and Municipal ~~Land Revenue~~ Department.

SIR,

Referring to Government Memorandum No. $\frac{823}{3.8.97}$, I have the honor to state that the construction of Rama-krishnarau pet has no connection whatever with the scheme for the improvement of Cocanada Sanctioned in G.O. No. $\frac{1135\ M}{10.5.97}$ x. It is a peta laid out for the accomodation of the Toorpu people (labouring classes from the Northern Districts) who now live scattered in overcrowded collections of huts in different parts of the town. The necessity for their removal from the interior of the town has been long admitted. An extent of Acres 110 of land belonging to the Pittapur Estate was first intended to be taken up for their use in 1891-92. (vide para 29-(8) x of the report, embodied in G.O. No. $\frac{1465\ M}{9.9.92}$) At the suggestion of the Court of Wards, the Council resolved in June 1893 to acquire the land altogether and not to take it on lease from the Pittapur Estate, but the extent was reduced to acres 40 only. (vide para 34(11) x of the report, printed in

x Flag B in the linked file-

x Flag C

x Flag D.

in G. O. No $\frac{1320\ M}{2-10-93}$) The matter was pending all through 1893-94, as stated in para 32 (ii) of the report, disposed of in G. O. No $\frac{1429\ M}{10-10-94}$ and in 1894-95. In 1895-96, the site originally selected in previous years was given up by the Council, and a new one selected and partly taken possession of, with the consent of the Pittapur Raja's Dewan and authorised agent, subject to the settlement of compensation by the Revenue Department. The prickly pear overgrown on the site was also removed in that year. (para 46 of the administration report for 1895-96 G.O. No 1545 M dated 11-9-96) In 1896-97, sites were allotted and built on. The peta now consists of about 250 thatched sheds, occupied by Turpu people, and is well laid out with streets not less than 10 yards in width. I would refer you to para 2(8) of the budget report, printed in G. O. No $\frac{718\ M}{26-3-97}$, in this connection.

Flag E

× Flag F.

× Flag G.

2. The Municipal Chairman's letter No $\frac{715}{30-8-97}$ bearing on the subject is enclosed. He has been called upon to submit copies of the correspondence that took place between him and the Sanitary Board regarding this peta, which will be transmitted for the information of Government.

3. The subject was actively taken in hand and pushed on in 1895-96 and 1896-97, after a pendency of over 5 years. It would have been most undesirable to have postponed it any longer. When the whole site applied for by the Municipality is formally and finally acquired, some other Turpu people can be provided therewith house sites. There will still be many more, for whom other arrangements will have to be made sooner or later. For the Estate lands, compensation will take the form of a reduction of peshcush, to be annually made good to Government by the Municipality. The rest will be compensated for in cash. I request under the circumstances, that the draft notification may be published at an early date.

I have the honour to be,
Sir,
Your most obedient servant
(Signed) V. A. Brodie.
Collector.

Through the Head Quarters Deputy
Collector.
Cocanada.

Sir,

With reference to Government Memorandum No. 823 dated 3-8-97, I have the honour to state as follows:—

The construction of Ramakrishna Raupeta has nothing to do with the scheme ~~with~~ for the improvement sanctioned in G. O. No. 1135 Mi. dated 10th May 1897. The proposal was referred to the Sanitary Board (No. 401 dated 28th June 1895) The Board insisted upon providing metalled roads, drains, wells and latrines. My predecessor wrote to the Board to have earth

earth roads for the present (No. 583 dated 14th August 1895) And the Board, though not modifying their previous order, permitted the substitution of the earth roads. My predecesser laid the peta in accordance with the plan submitted to the Board. The final sanction of the Board has not been obtained but the Boards' instructions were substantially complied with. The main roads are fifty feet wide and the other roads are thirty feet in width. There is no regular system of drainage but side channels were dug utilizing the earth in forming the roads. 8. pot wells were sunk and a masonry well is being constructed. The Council sanctioned construction of a pucca latrine. The Council has not yet made up its mind either to construct a pucca latrine in the midst of the peta, to which the people are ~~s~~ strenuously objecting or to allot an enclosed and sufficiently large piece of ground at the out skirts of the town for purposes of latrine. The construction of the peta was almost completed and the Council was obliged to do so to minimise the evil of overcrowding in certain parts of the town. The Council is not in a position to pay a lump sum of compensation but the rental value to the estate will be paid annually to Government, Government deducting the amount from the peishcush of the Estate as has been done in similar cases.

I have the honour to be,
Sir,
Your most obedient Servant,
(Sd) K. Perraju.
Chairman.
