2. The Chairman will be requested to furnish the information required in paragraph 2 of Dr King's letter.

V.R. 20/1/97 Office
to licenses are issued for cowshed
& dairies? Put up the byelaws. They are already
liable to inspection under S. 204?

70. (1) A "Cowshed" is a "cattle-shed" within the meaning of Sec 188(1)(ii) of the Act. The Sanitary Commissioner's suggestion as regards "dairies" is apparently applicable to personal inspection by the Ch. M.C. & not to issue of licenses.

OF SANITARY COMMISSIONER,

Fort St. George, 19. 12. 1896.
LOCAL & MUNICIPAL DEPT.
CURRENT No. 3376M

From

SURGEON LIEUT.-COL. W. G. KING, M.B., C.M., D.P.H.,

SANITARY COMMISSIONER FOR MADRAS,

To

The Secretary to Government,

Local and Municipal Department.

Enclosure.

SIR,

With reference to G.O.No.2021M,dated 23rd November 1896,I have the honour to advise that para 1(2) be extended by Government so as to include not only the supervision of bakeries,but also cow-sheds and dairies. The reply of the Council to para 8 of my Notes would lead to the belief,if accepted without additional explanation,that if cases of violation of the terms of the licenses existed at all they were exceedingly exceptional. On the opposite,I consider it would be very difficult in either Kandal or Kodapamund to obtain instances in which the terms of the license of sanitary requirements generally were correctly fulfilled. I am fully aware of the difficulties which are before the Municipal Council in this matter;but I fail to see ^{any} reason, in a matter of such vital importance to the health of the inhabitants,that the facts of the case should thus be incompletely stated. In this connection,I would also invite the attention of Government to the fact that there can be no reason why the obvious danger pointed to in para 8(10) of my Notes should be perpetuated,on the off-chance that arrangements will be made when the water scheme is completed.

2. In reply to para 8 of my Inspection Notes,the Council points out that a Certificated Sanitary Inspector had failed to do his duty. The Certificates of these men are removable at the option of the Sanitary Commissioner,for proved incompetence. I therefore trust Government will kindly direct

the

the Chairman to state in how many cases before granting a Certificate to bakeries in general, and especially in the cases noted, he required a report from the Sanitary Inspector as to their fitness, and, if such reports were received, to what extent they were acted upon by him before issue of a license. I ask this, as my enquiry on the spot showed that licenses were issued from the Municipal Office without any preliminary enquiry by the Sanitary Inspector being required by the Chairman, and without consulting him as to the fitness of the places in question.

I have the honour to be,

Sir,

Your most obedient servant,

W. B. King

Surgeon Lieut-Col,

Sanitary Commissioner for Madras.
