To

THE *Secretary*
to the Government of Madras.
Local and Municipal Department,
Fort St. George.

Sir,

With reference to P.O. No. 2041 M. 8/18 Sep. 1897, I have the honor to report as follows:—

Para I. The Sub Committee to whom the papers have been referred, regarding the extension of the Municipal limits have reported that the limits of the Municipality might be extended. The Municipal overseer has been directed to submit a rough sketch showing the limits up to which the extension is proposed. As regards the burial ground the Sub Committee's report is awaited and a special report will be submitted as soon as the report is received.

2. Para 4. Registration of Vital Statistics.— The Registrar has been directed to make a house to house visitation to get information and to

Visit all the houses in the town at least twice a month. The Municipal Inspector has also been directed to supervise the work of the Registrar by checking 25 per cent of the houses at random. The Ward peons also collect information as to every birth and death that occur in their respective divisions and enter the same in their death books and have the same registered in the office. The Registrar's work is being checked with the register maintained in the office twice a month and the discrepancies rectified. The Government has also been requested to issue orders in the Revenue Department for Karamas and Monegars of Villages that comprise the Municipality living within the Municipal limits to give information to the Municipal Registrar of every birth and death that occur in the Ward in which he resides.

As to covering over drains I beg to submit that I have directed the Municipal Overseer to submit a list of owners of houses that have covered the ditch in front of their houses more than 3 feet, so that notices may be issued to them to remove such coverings within a fixed period. The result will be communicated in due course.

I have the honor to be
 Your Most Obedt^{Sir} Servant
